

Selected Articles: The US-China Trade War

By [Global Research News](#)

Global Research, August 07, 2019

Online independent analysis of US-led wars, rampant corruption, corporate greed, civil rights and fraudulent monetary transactions is invariably relegated to the bottom rung of search engine results.

As a result we presently do not cover our monthly running costs which could eventually jeopardize our activities.

[**“On a Scale of 1-10, It’s an 11” - Wall Street Reacts to China’s Retaliation**](#)

By [Zero Hedge](#), August 07, 2019

One day after China finally snapped, and demonstratively refused to intervene and keep the CNH above 7.00 vs the dollar, escalating the trade war into a currency war, stocks are tumbling and Wall Street analysts - all of whom had been bullish until now - are scrambling to adjust their narrative.

[**Trade War: China Suspends Purchases of US Agricultural Products**](#)

By [Telesur](#), August 07, 2019

China’s Commerce Ministry announced Tuesday that the Asian country will suspend the purchase of U.S. agricultural goods in response to the recent announcement that the [President Donald Trump](#) administration will increase tariffs to Chinese exports.

Trump War on China by Other Means. Economic Warfare. Things May Get Ugly

By [Stephen Lendman](#), August 06, 2019

China is rising, heading toward becoming the world's leading economy — already No. 1 ahead of the US on a purchase price basis, what a basket of goods costs in both countries.

The Global Currency War Has Begun. China's Yuan Breaks the 7 to \$1 Band. Why is The Dollar Rising?

By [Dr. Jack Rasmus](#), August 05, 2019

Over this weekend, China's Yuan currency broke out of its band and devalued to more than 7 to \$1. At the same time China announced it would not purchase more US agricultural goods. The Trump-US Neocon trade strategy has just imploded.

The Dangerous New US Consensus on China and the Future of US-China Relations

By [Prof. Mel Gurtov](#) and [Prof. Mark Selden](#), August 05, 2019

The trade war and technological competition with China are symptomatic of a much larger issue: a dangerous gridlock in US-China relations that may become permanent, with dire consequences not just for the two countries' economies but also for the global economy and quite possibly East Asia's and international security.

Trump's Trade War Measures Hit the Financial Markets

By [Nick Beams](#), August 05, 2019

Financial markets around the world fell on Friday as a result of the shock wave from US President Trump's surprise announcement Thursday that he intended to impose a 10 percent tariff from September 1 on a further \$300 billion worth of Chinese goods.

Financial Capitalism Gone Amok: Ultra-low Interest Rates and Price Bubbles

By [Prof Rodrigue Tremblay](#), July 31, 2019

Don't look now, but there is a new monetary craze going on in some parts of the world, and it is the new so-called 'unconventional' monetary policy adopted by some central banks to push interest rates to ultra-low levels, and even into negative territory.
