[Communing with Albert Camus in 2022. “The Past Two Years Have Been So Absurd, The Covid Propaganda So Consuming”](#)

By [Edward Curtin](#), January 11, 2022

The person with whom we are all most intimate is oneself. It’s just the way it is. I don’t mean that in some oracular Delphic “know thyself” way, or in any deep psychoanalytical sense, but very simply. We have our own thoughts and feelings that come and go like breaths, most of which never get expressed in words.

[“Bastille 2022”: Building A Worldwide Movement against “Corona Tyranny”](#)

By [Prof Michel Chossudovsky](#), January 11, 2022

[High Recorded Mortality in Countries Categorized as “Covid-19 Vaccine Champions”. The Vaccinated Suffer from Increased Risk of Mortality compared to the Non-vaccinated](#)

By [Gérard Delépine](#), January 11, 2022

Gibraltar (34,000 inhabitants) started vaccination in December 2020 when the health agency counted only 1040 confirmed cases and 5 deaths attributed to covid19 in this country. [What War with Russia Would Look Like](#)

By [Scott Ritter](#), January 11, 2022

Wendy Sherman thinks her aim in talks with Russian officials starting Monday is to lecture them on the cost of hubris. Instead she's set to lead the U.S., NATO, and Europe down a path of ruin, warns Scott Ritter. If ever a critical diplomatic negotiation was doomed to fail from the start, the discussions between the U.S. and Russia over Ukraine and Russian security guarantees is it.

[Video: Dr. Shankara Chetty Testifies before the German Corona Investigative Committee](#)

By [Dr. Shankara Chetty](#), [Reiner Fuellmich](#), and [xelzbrod](#), January 11, 2022

Shankara Chetty could be called a second Zelenko. He is a medical doctor, a general practitioner in South Africa who has treated more than 7000 Covid patients successfully, without the need for extra oxygen or hospitalization. Through meticulous observation he was able to discern the nature of Covid-19 as a two-phase illness with a respiratory and an allergic phase, and to develop a treatment protocol which he describes in the first part of the interview.

[Why Did US Deaths Shoot Up 40% Above Normal Last Year?](#)

By [Dr. Joseph Mercola](#), January 11, 2022

As we've seen over the past two years, data and statistics can be manipulated and skewed in a wide variety of ways. COVID cases, for example, have clearly been overinflated by including people with no symptoms (likely false positives) and diagnosing anyone entering the hospital for an unrelated issue as a COVID patient if they test positive (again, falsely) for SARS-CoV-2.

In an interview, the Secretary General of NATO stated that the Western military alliance is prepared for a situation of war in Europe if Russia does not collaborate towards a resolution of the Ukrainian issue.

[Russia's Demands Challenge NATO's Threats](#)

By [Sara Flounders](#), January 11, 2022

As U.S. policy grows more reckless, the corporate media perceives threats everywhere. After Putin and Biden spoke by zoom, Putin and President Xi Jinping of China had a New Year's exchange Dec. 15. This conversation was headlined by The Hill as "'Allies' China and Russia Are Ganging Up on America."

[Blinken on CNN: Unrelenting Bellicosity, Full-court Offensive for Control of Former Soviet Territory](#)

By [Rick Rozoff](#), January 11, 2022

His accusation of Russia invading Crimea in 2014 is the standard Western characterization of Russia reclaiming the peninsula without firing a shot. His accusation of aggressive Russian actions against Moldova - a charge no one in the West has leveled until recent weeks - appears to be an allusion to the presence of 1,500 Russian troops in Transnistria, the continuation of a Russian peacekeeping deployment that began in 1992.
