By [Dr. Joseph Mercola](#), March 16, 2022

According to Klaus Schwab, founder and executive chairman of the World Economic Forum (WEF), the goal of The Fourth Industrial Revolution¹ is to change what it means to be human by merging man and machine. In short, while the term “transhumanism” is not being used, that’s exactly where the global cabal intends to take us, willing or not.

By [Dr. Paul Craig Roberts](#) and [Mike Whitney](#), March 16, 2022

For the sanctions to have deleterious effects on Russia requires bad decisions by Russia, such as the Russian central bank is making. The West has nothing that Russia needs, but Western countries are extremely dependent on Russian energy and minerals. Russia could reply to sanctions with counter-sanctions, such as turning off the oil, natural gas, and minerals.

[Beijing-Riyadh Oil Sales Cooperation And the “De-dollarization Process”](#)

By [Lucas Leiroz de Almeida](#), March 16, 2022

Amidst the unstable relations between Saudi Arabia and the US, which since last year have oscillated between a total boycott and a moderate cooperation, Riyadh now shows interest in contributing to advance the process of de-dollarization of the world economy. According to recent reports, the Saudi government is willing to trade oil in Chinese Yuan. The measure would be a major blow against the American financial power, which has the Petrodollar as its base of monetary security.

By [Paul Antonopoulos](#), March 16, 2022

The volunteers are a mix of neo-Nazis, radical Islamists, naïve liberals, pan-Turkists and a variety of Russophobes. [Ramsey Clark to Barack Obama: Stop the War in Ukraine! “Peaceful Coexistence” between Russia and America is the Answer](#)

By [Ramsey Clark](#), March 16, 2022

The years of U.S. funding of fascist forces in Ukraine and the recognition of a government in Kiev that overthrew the elected government, seized power and appointed extreme right-wing groups to head the police, army and national guard in order to pull Ukraine into NATO membership makes the U.S. complicit in the complete denial of the rights of the Ukrainian people. It is also a provocation against the entire region.
