[Xi Jinping's "China First"](#)

By [Tom Clifford](#), November 25 2020

It isn't about what happened, it's about what will happen. Our time has come is the catchphrase, a rallying cry. The people are told they have been cheated. It won't happen again. We are the justice seekers. Upend the global trade order, it is skewed against us. This is heady stuff.

[The Vicious Circle of Violence and Obedience: Exercise the Right to Individual and Collective Resistance!](#)

By [Dr. Rudolf Hänsel](#), November 25 2020

Many adults react to the confused instructions of politicians like children or how primitive people reacted: in the form of a "magical belief in authority": uncritical and clouded by moods, feelings and promises of happiness. And that has consequences.

[Biden's Victory Does Not Guarantee a Progressive Agenda. We Must Fight for It.](#)

By [Prof. Marjorie Cohn](#), November 25 2020

Biden has already promised to end U.S. support for the tragic war in Yemen. He should also restore humanitarian aid to Yemen and urge Saudi Arabia to negotiate an end to that conflict. It is essential that we pressure Biden to end the wars in Iraq and Afghanistan with the immediate withdrawal of all U.S. forces.

[Behind the US Treasury vs. Federal Reserve 'Rift'. Just What is the \\$455 Billion?](#)

By [Dr. Jack Rasmus](#), November 25 2020

This past week the US Treasury and the US Federal Reserve Bank engaged in a rare public disagreement. US Treasury Secretary, Mnuchin, in a letter to Jerome Powell, chair of the Federal Reserve, last week directed the Fed to return \$455 billion that the Fed was holding in reserve should future lending to banks and non-bank businesses become necessary if the US economy and markets further deteriorate in 2021.

[UK Supreme Court Judge Slams ‘Totalitarian’ COVID ‘Control Freaks’ in Government](#)

By [Steve Watson](#), November 25 2020

A British Supreme Court judge has slammed the UK government as ‘control freaks’ for attempting to control people’s lives under the guise of COVID, and labeled it “morally and constitutionally indefensible” to define what freedoms the public should and shouldn’t have.

[Keeping the Empire Running: Britain’s Global Military Footprint](#)

By [Dr. Binoy Kampmark](#), November 25 2020

Britain, it turns out, has a rather expansive global reach when it comes to bases, military installations and testing sites. While not having the obese heft and lumbering brawn of the United States, it makes a good go of it. Globally, the UK military has a presence in 145 sites in 42 countries. Such figures tally with Ian Cobain’s prickly observation in *The History Thieves*: that the British were the only people “perpetually at war.”

[Return of Great Game in Post-Soviet Central Asia](#)

By [M. K. Bhadrakumar](#), November 25 2020

What emerges is that the common narrative that China is overshadowing the Russian security presence in Central Asia lacks any empirical evidence. Russia is still the only extra-regional power that maintains a military base in Central Asia (in Tajikistan) and also heads a CSTO base (in Kyrgyzstan).

[The Cunning Plot to Kill Kennedy](#)

By [Jacob G. Hornberger](#), November 25 2020

While the normal thing would have been all out investigations into the murder, in this particular murder the state of Texas and U.S. officials did the exact opposite. They settled for simply pinning the crime on Oswald, the purported lone nut communist ex-U.S. Marine. Here is how they pulled it off.

[**As Palestinian Refugees Face Severe Crisis, Canada Must Show Support for UNRWA**](#)

By [Canadians for Justice and Peace in the Middle East](#), November 25 2020

Canadians for Justice and Peace in the Middle East (CJPME) and the Coalition of Canadian Palestinian Organizations (CCPO) are urging the Canadian government to take action in response to the crisis facing the United Nations Relief and Works Agency for Palestine Refugees in the Near East (UNRWA), the UN agency responsible for 5.7 million Palestinian refugees.

[**Cuba Successfully Halts Its COVID-19 Outbreak: A Reflection of the Socialist Revolution and the Legacy of Fidel Castro's Vision of Health Care**](#)

By [Dr. Birsen Filip](#), November 25 2020

The success of Cuba's healthcare system is widely acknowledged, even among the country's adversaries, critics and enemies. However, little credit is given to Fidel Castro's role and vision in bringing it to fruition.
