Collated by **Dr. Gary G. Kohls**

“In 1986, Congress—awash in Pharma money (over the past 20 years, the pharmaceutical industry has been number one for both political campaign contributions and lobbying spending on legislators) - enacted a law granting vaccine makers blanket immunity from liability for injuries (or deaths) caused by vaccines. The subsequent gold rush by pharmaceutical companies boosted the number of recommended inoculations from twelve shots of five vaccines in 1986 to 54 shots of 13 vaccines today. A billion-dollar sideline grew into the \$50 billion vaccine industry behemoth.” — **Robert F. Kennedy, Jr**

“As of 1986, only 12.8% of American kids had chronic (and usually incurable) diseases. That number has grown to 54% among the vaccine generation (children born after 1986) in lockstep with the CDC’s and AAP’s (American Academy of Pediatrics) expanding vaccine schedule.” — **Robert F. Kennedy, Jr**

“Since vaccines are liability-free - and effectively compulsory to a captive market of 76 million children - there is meager market incentive for companies to make them safe. The public must rely on the moral scruples of Merck, GlaxoSmithKline, Sanofi, and Pfizer. But these companies have a long history of operating recklessly and dishonestly, even with products for which they can be sued for injuries. The four companies that make virtually all of the recommended vaccines are all convicted felons. Collectively they have paid over \$35 billion since 2009 for defrauding regulators, lying to and bribing government officials and physicians, falsifying science, and leaving a trail of injuries and deaths from products they knew to be dangerous and still sold under pretense of safety and efficacy.” - **Robert F. Kennedy, Jr**

“Safety testing, which typically requires months and years for other medical products, often lasts only a few days with vaccines - not nearly long enough to spot cancers or chronic conditions like autoimmune diseases(e.g. juvenile diabetes, rheumatoid arthritis, multiple sclerosis), allergic illnesses (e.g. food allergies, allergic rhinitis, eczema, asthma), or neurological and neurodevelopmental injuries (e.g. ADD, ADHD, narcolepsy, epilepsy,

seizure disorders, and autism). Vaccine manufacturer's vaccine inserts that accompany every vial of mandated vaccines include warnings about these and over 400 other injuries including many serious immune, neurological, and chronic illnesses for which FDA suspects that vaccines may be the cause." - **Robert F. Kennedy, Jr**

"The children who comprise this vaccine-injured generation are now aging out of schools that needed to build quiet rooms and autism wings, install wobble chairs, hire security guards and hike special education spending to 25% to accommodate them. They are landing on the social safety net which they threaten to sink. As Democratic lawmakers all around the nation vote to mandate more vaccines and call for the censorship of experts (including parents of vaccine-injured or killed children) that are expressing concerns about vaccine safety, Democratic Presidential candidates argue about how to fix America's dysfunctional and unaffordable health care system without addressing the reality of the vaccine-related chronic disease and autoimmune disorder epidemic. The good news for Big Pharma (and Big Medicine), of course, is that many of these vaccine-injured children have lifelong dependencies on unaffordable blockbuster drugs like insulin, Adderall, anti-psychotic drugs, Epi-Pens, asthma inhalers, and diabetes, arthritis, and anti-seizure meds made by the same companies that made the vaccines." - **Robert F. Kennedy, Jr**

"An overwhelming majority of the FDA officials directly charged with licensing vaccines, and the CDC officials who effectively mandate them for children, have personal financial entanglements with vaccine manufacturers. These 'public servants' are often shareholders in, grant recipients from, and/or paid consultants to vaccine manufacturers, and, occasionally, even patent holders of the very vaccines they vote to approve. Those conflicts of interest motivate them to recommend ever more vaccines with minimal support from evidence-based science" - **Robert F. Kennedy, Jr.**

"The FDA receives 45% of its annual budget from the pharmaceutical industry. The World Health Organization (WHO) gets roughly half its budget from private sources, including Pharma and its allied foundations. And the CDC, frankly, is a vaccine company; it owns 56 vaccine patents and buys and distributes \$4.6 billion in vaccines annually through the Vaccines for Children program, which is over 40% of its total budget." — **Robert F. Kennedy, Jr**

"The HHS (US Health and Human Services partners with vaccine makers to develop, approve, recommend, and pass mandates for new products and then shares profits from vaccine sales. HHS employees can personally collect up to \$150,000 annually in royalties for products they work on. For example, key HHS officials collect money on every sale of Merck's controversial HPV vaccine Gardasil, which also yields tens of millions annually for the agency in patent royalties." — **Robert F. Kennedy, Jr**

"In 2009 or 2010, Bill Gates went in front of the United Nations, pledged \$10 billion to the World Health Organization, and most of it ended up coming from government, not from him, but he put in a couple of billion. And he declared a decade of vaccines. Nobody paid much attention to him. But he was the first unelected official, with no diplomatic portfolio, who appeared before the United Nations and he made this declaration.

"Immediately, he started putting all of these wheels spinning. He created all of these groups that fight anti-vaccination, and he started promoting vaccines all over the world ... and he created all of these quasi-governmental organizations, [CEPI](#) [The Coalition for Epidemic

Preparedness] and [PATH](#) and [GAVI](#), [the Vaccine Alliance] that everybody thinks are government, but they're just Bill Gates. He took over the World Health Organization during this decade. Even the [Financial Times said](#) no decision is made at the World Health Organization that is not run through the Gates Foundation first. And in 2019, the World Health Organization comes out in January, and says that vaccine hesitancy is one of the 10 greatest threats to global health. Did they offer any scientific study to prove that? No. They just stated it. Immediately, the world fell in order. In 150 countries, legislatures, politicians who are on the payroll of big pharma and pushing [vaccine mandates](#) and abolishing exemptions.

"In the United States, within three months, 100 bills in 50 states had been entered into the legislative process to mandate vaccines, and to ban exemptions ... Adam Schiff, who'd been taking money from Gates, the head of the Intelligence Committee, comes forward and tells the social media CEOs, Pinterest, [Facebook](#), Google, all of them, Instagram, YouTube, etc: 'You've got to start censoring vaccine misinformation.'

"And then we had the roll up to 2020, and 2020 in January, right on time for his decade of vaccines, we get [COVID](#). And [Fauci](#), who's his partner, puts \$48 billion into pushing vaccines. Gates gets on TV every day saying, 'Until everybody gets vaccinated, we have to stay locked down. We're going to crash the global economy till all of you do what you're told and get your vaccine.'

"Gates paid for studies to kill Ivermectin, to kill Hydroxychloroquine, to discredit them. We've spent in our country \$0 on off-the-shelf antivirals, researching them, vitamin D, all the things we know that reduce fatalities for COVID. None of that was studied. None of it was recommended. Instead, all of the money, \$48 billion, went to vaccines.

"Now, Gates is reproducing that. He has succeeded with his 'Decade of Vaccines' beyond anybody's wildest dreams. And now, he's gone on to Part Two, which he's declared the 'Decade of Food', and he's doing the same thing. It's all chemical food. It's synthetic food. He owns the 'Impossible Burgers', 'Beyond Beef' - all of these things, which are loaded with pesticides, and he's trying to get the farmers off the farms. He's taking over the farms with his robots and his artificial intelligence in India, in Africa, and now in the United States, and giving us unhealthy food, and it's contributing to the chronic illnesses that are going to make us addicted to his medications.

"Gates owns a big stake in Philip Morris, which owns Kraft Foods and also owns General Foods. And they make processed foods and they make American cheese singles and Cheez Whiz. Those are so devoid of nutrition that the government makes those companies put in vitamins, vitamin A, vitamin C, et cetera. There are some vitamins in them. What Gates is doing now all across Africa, all across the world, is he's passing laws, he's buying off politicians and forcing through mandates for fortified food so that you will not be able to sell food in markets in Africa, unless it's fortified. Well, the food, the goat cheese that the farmer makes in Masai Mara in Kenya does not need fortification. It already has all the nutrients we want in it, but that farmer will not be able to sell that goat cheese in his local market. Instead Cheez Whiz will be the monopoly there. And that's one of the ways that he's using what Vandana Shiva's saying about illegalizing health or outlawing healthy food to open up these markets and compel us to eat his dirty filthy poisonous food." - **Robert F. Kennedy, Jr**
