*Children watch pornography at school and then practice together, as part of “comprehensive sexuality education”, as instructed by the World Health Organization, and United Nations.*

Below you find two screenshots from official documents published by the World Health Organization and United Nations. They instruct schools worldwide to teach toddlers masturbation and sexual techniques.

## 7.2 Sexual Behaviour and Sexual Response

### Learning objectives (5-8 years)

**Key idea: People can show love for other people through touching and intimacy**

Learners will be able to:

- ▶ state that people show love and care for other people in different ways, including kissing, hugging, touching, and sometimes through sexual behaviours (knowledge).

**Key idea: Children should understand what is and what is not appropriate touching**

Learners will be able to:

- ▶ define 'good touch' and 'bad touch' (knowledge);
- ▶ recognize that there are some ways of touching children that are bad (attitudinal);

### Learning objectives (9-12 years)

**Key idea: People have a sexual response cycle, whereby sexual stimulation (physical or mental) can produce a physical response**

Learners will be able to:

- ▶ describe male and female responses to sexual stimulation (knowledge);
- ▶ state that during puberty boys and girls become more aware of their responses to sexual attraction and stimulation (knowledge);
- ▶ explain that many boys and girls begin to masturbate during puberty or sometimes earlier (knowledge);
- ▶ acknowledge that masturbation does not cause physical or emotional harm but should be done in private (knowledge).

**Teach 9 year old kids about masturbation**

**(9-12 years)**

- ▶ explain that many boys and girls begin to masturbate during puberty or sometimes earlier (knowledge);

**(5-8 years)**

**Teach 5 year old kids about sex**

- ▶ state that people show love and care for other people in different ways, including kissing, hugging, touching, and sometimes through sexual behaviours (knowledge).

Below you see a poster sent to thousands of schools, as part of this “comprehensive sexuality education”. This is a Dutch poster from The Netherlands, which I translated in English for your convenience. It is published by Rutger, a government funded organization that is responsible for sexual education in schools. This poster literally tells children that *boys should have sex with boys, and so should girls with girls.*

**This is full blown homosexuality being pushed into elementary schools, on unsuspecting kids.**

Below you find photographs of children's playgrounds. Just let it sink in that these were *approved* by the local governments, and schools...

I have received emails from parents testifying how their kids are indeed being molested at schools, in the USA. The stories are horrifying. Sexual abuse is happening under the guise of “comprehensive sexuality education”. One example of an email I received from a parent:

“Everything you are reporting happened to her. Using another girl to touch my daughter (masturbation), horrible bad words, pornography using her cellphone.”

Children’s books are distributed in schools, that teach little children how to lick each others

genitals.

Another children's book pushed into schools in Europe, contains the following quote:

"Examples of things you can do with sex are (tongue) kissing, caressing, petting (licking the vagina), piping (licking/sucking the penis), fingering, jerking off, dick-in-vagina sex (vaginal sex) and dick-in-anus sex (anal sex)".

Sexuality classes are being organized where little children watch pornography, and engage

into sexual activities with one another. The instructions of the teaching material reads:

“Make sure that nobody records or films this. We have to keep these classes safe”.

This doesn't only happen in Europe, but worldwide, as part of the UN Agenda 2030 and the WHO directives for sexuality education.

Here you see the logos printed on the guide [WHO International Technical Guidance on Sexual Education](#):

As we can see this is promoted by UNICEF, WHO, and the United Nations. On page 71 this guide instructs schools worldwide to teach young children different sexual techniques, and masturbation.

The sexualization of children is even done on global corporate level, as we have seen with the mugs from MacDonaldis, that - when turned properly - show children engaged in sexual acts.

## **Normalizing pedophilia**

Why are children all over the world being sexualized? As we have revealed in our evidence report "[Child abuse and murder by high level officials](#)" pedophilia is widespread among government officials and the financial elites. Their agenda is to normalize their hidden practices of child abuse.

The publisher of school material for sexual education in The Netherlands, Europe, is Rutger, an organization that has been trying to get pedophilia legalized for many years. It is highly alarming that they are the ones who were selected by the government to create this material - *an organization that is known to fight for the normalization of pedophilia.*

**The goal is clear: sexualize little children, so that pedophilia will become mainstream.**

The horror this will unleash on humanity is unspeakable. Everyone who knows something, knows that this traumatizes children forever. Anyone who has personally experienced sexual abuse can confirm this.

## **Perverted sexuality devastates humanity**

We all know that sexuality is a matter of love, intimacy, safety, and being faithful to one person, that you commit yourself to. Sexuality is a powerful force that can inflict unspeakable damage to humans when expressed wrongly. You don't just engage in all kinds of sexual acts with just about anyone. Let alone teaching little children to do this with their friends and even in the classroom.

**A perverted sexuality devastates humanity. People who are addicted to pornography for example, develop social, relational, emotional and spiritual problems.**

Instead of love, respect, and intimacy... all they know is a selfish desire to satisfy their own

lusts. Sexuality becomes totally disconnected from love, acceptance and intimacy. It leaves you with a deep sense of loneliness, as no love is involved whatsoever. It turns people into predators, as they develop an attitude of considering other people as lust objects, instead of valuable human beings that need to be cherished and protected.

Since the mass distribution of pornography domestic sexual child abuse has exploded, as adults have been terrorized with a perverse form of sexuality, that pushes them to satisfy their lusts by preying on their own children.

**Fifty years ago pornography was considered evil, but in recent years it has gone mainstream. The same will happen with pedophilia if we don't stand up against it.**

### **Don't fall for their magic tricks**

The WHO and UN hire *masterful word magicians* who are able to make this horror sound like a wonderful thing. When you read their documents it all is explained in such a way that you get the feeling they are saints straight from heaven who mean so well, and want to help the world.

**But it is extreme deception, as what is actually being said, and what is literally being done in the schools, is mass child abuse.**

Please be sharp in your mind and learn to discern when reading the UN and WHO documents. Understand what these guidelines effectively imply. Remember these are the organizations who have unleashed the pandemic onto humanity, they are the ones who suppressed every working treatment for COVID, they are the ones who censor millions of doctors and scientists worldwide, they are the ones who mandate the highly toxic injections that are killing millions, they are the ones who push for a one world government, and so on.

**We are dealing with psychopaths of the worst kind, who have the skill to hide their most nefarious crimes under a layer of beautiful words that claim to help the world.**

While aggressively destroying every and all human rights worldwide during pandemics, they claim to protect the "human right of teaching kids to masturbate at age 5".

Normalizing pedophilia and child abuse is not part of "human rights". Please see through their smokescreens and refined methods of hypnotizing humanity with magical word plays.
