When in the 18th and 19th Century African slaves did not ‘behave’, they were cruelly beaten sometimes to death as a deterrent for others. They were deprived of food for their families. Their women were raped. They were traded to even harsher white masters. Their lives were worth only what their labor could produce. They were treated as subjects, devoid of human warmth.

Today we have become all slaves; slaves to the powers of mafia bankster of finance; slaves to the western lie-propaganda; to the lobbies and their giant all dominating corporations – to the war-industry, because we happily believe what we are told about ever-increasing terrorism that needs to be fought with eternal wars; slaves to the environment-destructive hydrocarbon industry; to the pharma-industry; to the Monsanto-ized agroindustry; to senseless consumerism – and foremost – and summing it all up: to greed, endless greed that drives endless growth, nurturing endless competition fomenting adversity, destroying solidarity, instead of amical cooperation for a harmonious human cohabitation.

As people of western nations, we are enslaved to an all-engulfing neoliberal fascism – to a predatory economy. Corporate lie propaganda drip-feds our brains. We haven’t even noticed it. We are enslaved to so-called ‘leaders’, put in office by obscure foreign masters of deceit – the ever-stronger corporate controlled propaganda machine – the six all controlling Zion-Anglo media, whom we believe whatever lie they vomit – because it is more comfortable to believe a lie than to confront the truth – that’s self-imposed slavehood.

That’s how far we have gone. Because we are clearly on an almost irreversible downward track – sliding and running towards our own demise – into darkness – the darkness of chaos and bloody wars, endless wars against self-invented terrorism; wars that keeps our western economy running – and our armchair politics alive. Wars that kill and slaughter millions and millions – but all in ‘far-away’ lands. We are told we are protected. Our police and military watch over us. The new gods – money and military.

To prevent this endless terror chaos happening in our western spheres, once ‘proudly’ called Europe or United States of America, Canada, Australia, Japan – and whatever other country

has surmised to the western slaughter machine – we call for police and military protection in our own lands, we give them power to enslave us further to the Dark State – those forces that slyly command a worldwide slave trade, called The Market – the all commandeering Market. We adore The Market. We want to be integrated into it. The Market lets us live and strive and eat and dream of more. It feeds our greed as if there was no end. Slavehood to Nirvana or Neverland.

Although ‘pride’ was never an appropriate term to integrate our soul and minds, as we the western powers – have for centuries enslaved, raped, exploited and slaughtered the indigenous people, those who have for millennia, for history of mankind survived and passed on our human genes from one murderous civilization to another, always in the hope that the new one would see the light.

We can only hope that the patience of these native people, the survivors, our saviors – will prevail, that before we disappear in darkness, in the void of a manmade blackhole, we will awake, open our eyes and seek the light – become finally human, the term we have fraudulently applied to ourselves – the western civilization.

☒ Beware – anybody who contradicts this truth and course of events, is labeled a conspiracy theorist, defamed and out-laughed, stigmatized. We have to de-metricize. Abandon our western established parameters, they are made to enslave us -so that an ever-smaller elite satanic class that produces and manages the Clintons, Trumps, Obamas, Bushes, Blairs, Merkels, Abes, Hollandes – and soon probably Macrons – and many more of the same kind – may continue their feast.

We are called to vote for these abject people, called politicians, most of them brain-and mindless, who have been preselected by the Masters who control the globe, in the believe we are actually choosing people who represent our society, defend our needs, freedom, justice and equality. Every four or five years we fall for the same rituals and believe things will change. We never dig deep down to find the reasons why all stays the same -and gets worse, despite our unhappiness and despite our ‘democratic’ votes. We are blind. Slavehood makes blind. We are more comfortable as blind slaves than as seeing humans. So, we keep falling for illusions.

Our lives are grey-white like a foggy sky, no sun. The sun and its enchanting wonderful brightness has been eviscerated from our enslaved minds. We are living in an oppressive depressive western civilization which we still call ‘democracy’ – because our twisted, manipulated comfort-loving minds do not want to admit – that we are enslaved. That democracy has been a pipedream of some Greek Philosophers 2500 years ago. Nothing more. We stole the term from history as a pretext to wage wars, rape, exploit and – to enslave.

Slavehood of 2017 - and maybe many more years to come – if we do not wake up soon – has gone global, very global. It’s the epitome of globalization. We are being uniformed into colorless cubicles.

Culture is massacred, language is synthesized into Anglo-Saxon slogans – we are all supposed to think in globally recognized clichés; clichés repeated and perpetuated at nauseum by Hollywood, the notorious mass-media; by the western education system, schools from primary to universities – private or state-run, are indoctrinating our kids with neoliberal dogmas that keep enslaving them.

Independent thinking has become a crime, as it impedes the advancement of slavehood. Education is designed to kill individual thinking and the wide range of inventiveness – because it's dangerous – for those who enslave and control us. 'New-speak' education has to make us thinking what the system wants us to think. That's what western education has become in the last 50 years – a farce to keep us as non-thinking idiots.

Idiots are easily enslaved and exploited and sent to wars – to steal foreign resources to satisfy the greed of a few. We love to be cannon fodder, as we were told – enslaved – to believe that good patriots love to die for their country. We are blinded and avoid seeing that we are dying fighting to satisfy puppet leaders' greed for power and money – whose power is nothing more than that allowed them by the Masters who control the world and who pull the strings on their marionettes.

Wakeup from slavehood 2017! – Make 2017 the last slave year!
