Obama Docket - High Court Press Release

26 June 2013

Lawyers will continue to pursue the case against Obama in the courts

The Muslim Lawyers Association (MLA) brought an application to court on Tuesday, 25 June 2013, to charge US President Barack Obama with a number of crimes, before he enters South Africa on Friday, 28 June 2013.

The North Gauteng High Court today found that the merits of the matter could not be heard as it was not deemed to be sufficiently 'urgent'. This is despite the imminent arrival of Obama in South Africa this week. However, the (MLA) will continue to pursue the matter through the ordinary course of the courts.

Given the sheer magnitude, gravity, extent and degree of these crimes, as well as the unrelenting vigour with which the Obama Administration continues to commit them, the MLA intends to pursue the review application in accordance with the normal court time periods applicable.

"It is regrettable for the court not to have adjudicated on the merits of the 'Obama Docket' at an expedient time when Obama's visit to the Republic is imminent", states MLA spokesperson, Attorney Yousha Tayob.

The Obama Docket contains:

- evidence of indiscriminate killing of civilians by the use of USA military drones
- a public acknowledgment by Obama that he authorised the extra judicial assassinations of US citizens and that civilians have been killed by drone attacks authorised by him
- evidence of the continued incarceration without trial of persons detained at Guantanamo Bay and other US detention facilities, and
- evidence that the United States has engaged in rendition programmes contrary to the prescripts of the norms and standards of International Law.

"South Africa has adopted and ratified the Rome Statute into our law and is therefore obliged to fulfil both its domestic and international responsibilities", adds Tayob.

The MLA remains undeterred in its resolve to pursue all legal avenues to expose the past and ongoing War Crimes, Crimes against Humanity and Genocide committed by Obama and his administration and is committed to have him brought before a South African court of law or the International Criminal Court to answer the allegations contained in the 'Obama Docket'.
