On 28 July 2022, the Administrative Chamber of the High Court of Justice of the Balearic Islands granted a request by the Asociación Liberum and ordered the Spanish Ministry of Health and the pharmaceutical agency AEMPS to disclose the vaccine contracts with the pharmaceutical companies Pfizer/BioNTech, Moderna, AstraZeneca and Janssen.

Asociación Liberum, a national human rights association, had requested this evidence as part of its lawsuit against the Covid passport, but both the Ministry of Health and the drug agency have refused to comply with this court order by the deadline set. [Asociación Liberum announced this on 6 September](#).

The government’s justification for the contracts were confidential because they were drawn up by a coordination committee and were part of the “pre-contractual agreements concluded by the European Commission” with the pharmaceutical companies. Moreover, the publication of the data could harm the vaccine market.

In an interview, *Asociación Liberum* spokesperson Luis Maria Pardo said: “Can you imagine the Guardia Civil entering the Ministry of Health to seize these documents?”

Because this is exactly what has to happen now, he said, since the Supreme Court’s decision is legally binding. Added to this is the fact that the government had not appealed against this order. The Ministry of Health and the AEMPS are obliged to hand over the original documents to the judiciary.

There was no discussion about this, Pardo stressed. That is why his organisation has again demanded that the Supreme Court of the Balearic Islands implement the ruling. The lawyer hopes that this request will be granted as soon as possible.

In addition, Pardo pointed out that those responsible in the Ministry of Health and the Medicines Agency could be prosecuted “for disregarding the court’s decision”. In that case,

the state security forces would indeed have to be deployed – and the Guardia Civil would have to storm the Ministry of Health to seize the documents.

The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”
