Am feeling some slight pangs of hunger as I sit down to my dinner, and the thought automatically arises, ‘how could a starving person take the immeasurably more severe hunger pain caused by the strong contractions of the stomach when it’s empty,’ and that makes me think of the poor desperately hungry children being starved in Gaza. Am still aware of the good taste of the food in my mouth but suddenly am not enjoying eating.

I want to tell the children I feel are watching me eat, to go watch the sky for an American plane dropping meals to them, but I know the severely traumatised children (who have their eyes on the food on my plate), have had their homes, playgrounds and schools destroyed, many of their brothers and sisters, mothers and fathers, uncles and aunts, teachers and playmates killed or horribly wounded, some crippled, by bombs dropped by American planes piloted by Israelis dropping American bombs on them day and night for as long as they can seem to remember. I sense they are still watching me and my (their) food.

(America has also been allowing its client state Israel to starve the citizens of Gaza by blocking food and water from entering into Gaza and U.S.A. has used its veto power to vote down demands of the UN Security Council for a ceasefire.)

Can’t Take It Anymore

In his 93rd year this writer remembers all too well American warplanes dropping uncounted thousands of American bombs invariably landing on some millions of dear children, become our children, in Korea. In Vietnam, in Laos, in Cambodia, more recently in Iraq, and lesser amounts of bombs killing children in dozens of small countries in between Cambodia and

Iraq.

Can't forget either the starvation American military interventions for regime change, invasions, bombings and cruel sanctions has caused, for it's children, become our children, who suffer and die firstly and mostly.

Oh, a reader might point out almost correctly, right now, it is the Israeli government and Israelis who are killing maiming and starving children, (our children), in its illegally militarily occupied Palestinian land Gaza, and not Americans. But the kids starring at me while I eat uncomfortably are not backing away, letting me off the hook. I am doomed to have lost any chance of regaining "ignorance is bliss" for having years ago subscribed to daily newsletters "Information Clearing House" and "Counter Currents" and since October 7, have been Googling "Al Jazeera" for 'news of Palestine' every morning.

Post Script

Most people are too busy making a living, taking care of their families and being misled and propagandised by journalists working for ABC, NBC, CBS, FOX, CNN or PBS.

In our present era, still hegemonic colonialist U.S., U.K., Europe, Canada, Australia, New Zealand and Israel have gone on having their satellite powered CIA overseen [1] media entertainment/news conglomerates, along with those of ally Japan, managing public opinion throughout more than half of the world, and for four months have had their journalists underreporting as much as possible the ongoing genocide and obliteration of cities in the Gaza Strip, while avidly focusing public attention on Israelis held hostage by Palestinians, with no mention of the many thousands of Palestinians, including women and children, held in Israeli prisons, and highlighting Israeli propaganda of ever new completely unsubstantiated accusations of unbelievably outrageous grisly atrocities during the successful Palestinian guerrilla attack back on October 7, seeking to justify its annihilation of Palestinians in Gaza.

However, since the last days of February and the build up of rage throughout a world, journalists of Western media have begun to report some of the wonton genocidal cruelty of the continued bombing, air striking, shelling and shooting down and starving to death already more that 30,000, mostly women and children, within an illegally militarily captive and sealed off population of some 2.3 million Palestinians most of whom now are displaced, homeless crowded together in tents and make shift coverage without few toilets and getting weak and sick from lack of food and even water! Now some Western journalists will be scripted to report the number children who have already starved to death.
