Black is beautiful. Blackness is goodness.

Have you ever noticed that most of the cars you see on city streets and highways are black? Some are white and shades of grey and silver in between? They represent about 90% or more of all car colors in the US and in Europe. You may find slightly more red, blue and yellow cars in Latin America, Asia and in Africa. But the trend is universal.

This is for a purpose. You are being primed to think in black and white and ultimately mostly in black, as white is gradually disappearing. An entire generation knows nothing else but "cars are black and white". The proportion of black is overwhelming. And with limited choices and constantly being exposed to these limited same-same colors, people start thinking and liking black and white.

This has been going on for the last 20 to 30 years. And not only with car colors. Black has become a very popular fashion color. Household equipment comes in black. White and grey in between is gradually fading out. That's a planned "coincidence". At the beginning you had a choice between black, white and shades in between. Now the funnel is gradually closing in on black.

You have entire restaurants in black, apartments furnished in black. Radio, stereo, TV - sound equipment, all in black. There are black housefronts, black painted patios, black carpets and rugs. And more and more people dress in black.

Black is chic. Black is beautiful. Ever more so than white. Never mind that white is the divine color. It's discarded. Outranked by black. Divine versus diabolical. The latter is gaining the upper hand.

Your mind is being directed to love black. Dark vibrations emanate from black. Sadness, despair, depressions are represented by darkness, blackness. Black inspires fear. Black is the antidote to joy. Black lowers your defenses, makes us vulnerable to negative vibes. Black is *doomsday-ish*. Black lowers our defenses. Black is a planned mindset of apocalyptic think. Black primes us for fear and submission, without we noticing.

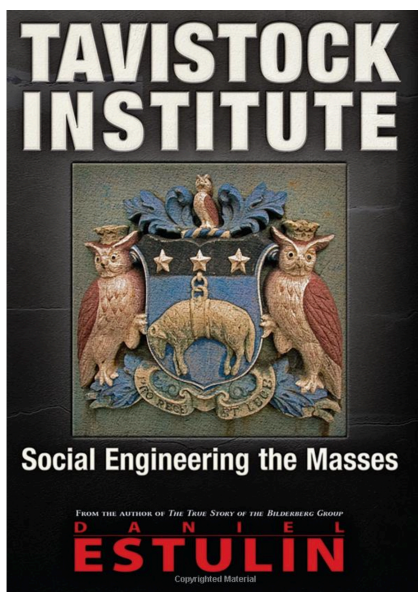

There are even black beds. Imagine! You are sleeping in the darkness on a pedestal of underworld vibrations. How does that subtly influence your state of mind? It's part of a larger plan. A long-term plan; has been going on for at least two to three decades.

Black becomes integrated into our hearts and souls. We are to become a reflection of blackness. Black becomes you, and you become black. You become an integrated oneness with black. Thinking black, you cannot escape. It's a Luciferan Cult, a cult of death.

The Tavistock Institute

Blackness and the belief in its goodness form the basis for much more to come – an open mind for societal manipulation.

Welcome to Tavistock: to the *Tavistock Institute for Social Engineering of the Masses*. It is based in Sussex, England, and describes itself as “a nonprofit charity that applies social sciences to contemporary issues and problems.” In reality, it applies highly sophisticated psycho-social sciences to numb and channel our minds.

The Tavistock Institute has a wide reach, working together with many US think tanks and social research institutes, including the Pentagon based semi-secret DARPA – **Defense Advanced Research Projects Agency** which serves as the central research and development organization of the Department of Defense. One of its sinister objectives is mind manipulation of individuals and collaborating with Tavistock on geoengineering populations at large.

We must be aware that our thoughts and think-process is ever more controlled, manipulated – loaded with fear to make us submissive. To learn more about Tavistock, [see *Tavistock Institute – Social Engineering of the Masses*](#), by **Daniel Estulin** – available from Amazon and other internet bookstores:

“The Tavistock Institute, in Sussex, England, describes itself as a nonprofit charity that

applies social science to contemporary issues and problems.

But this book by Daniel Estulin posits that it is the world's center for mass brainwashing and social engineering activities. It grew from a somewhat crude beginning at Wellington House into a sophisticated organization that was to shape the destiny of the entire planet, and in the process, change the paradigm of modern society." ([Amazon](#))

Focusing on just a few "phenomena", false truths, demonstrates how large segments of populations and entire societies are being manipulated. **The main instruments for mass manipulation are always fear, followed by submission.**

Fearful people submit much easier to authority than those with self-esteem and recognition of self-worth.*

Fashion and torn jeans

In case, you sometimes wonder why people may have a tendency to wear torn jeans, sometimes so miserably torn, they are lucky to hang on to the wearer's legs. It looks ridiculous, but it's in. Its fashion of the commons, of the masses. It's again Orwell's dystopian "*ugly is beautiful and beautiful is ugly.*"

Again, mind and mass manipulation - *Tavistock and Co.* - at their best. The same purpose as the beauty of blackness is behind training people towards what you may call "*same-think*"; another form of matrix thinking, promoting the *blue-pill* doctrine.

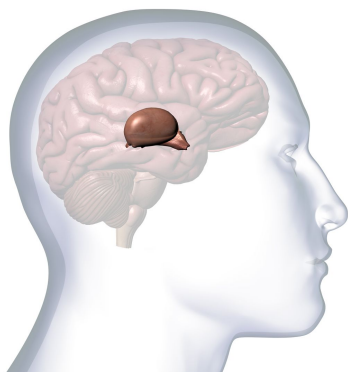

You may wonder, how can grown-up and well-educated people in unison love black and wear torn-jeans. It's the promotion of the tramp-look, the NYC homeless-look. It's hype and prevents you from thinking what's going on in politics and why.

Pineal gland

All the while, your mind is being numbed with chemicals in the air and in the water. Fluoride, for example, in the water and in toothpaste is sold to you as protecting children's teeth from cavities. In reality, it is one of the chemicals that numb your pineal gland, particularly important for children as the pineal gland develops human's sensibility, sense for wrong and right, sense for ethics. See [this](#).

Highly sophisticated science is behind it all. You wouldn't guess, but the purpose of this long-term thinking and planning is to bring about a generation that has been funneled into a dystopian "system-think" mode. George Orwell's foresight was brilliant. And it is being applied to the latter by the cabal.

Image on the right is from [Hank Grebe / Getty Images](#)

Simultaneously with 24/7 nonstop intensive propaganda for whatever aberration is at the forefront, they - the "financial cabal: - have tools for killing the pineal gland. That's the gland at the center of your brain (see picture on the right - origin "google"). The pineal gland regulates the perception of light - darkness, by creating *N-acetylserotonin* and *melatonin*. Melatonin has many therapeutic roles and is heavily implicated in the regulation of the sleep-wake cycle.

As such, the pineal gland is key for human sensitivity and senses. When the pineal gland is severely weakened, mind manipulation is even easier, as natural senses and sensibilities are neutralized.

It's all part of a sophisticated long-term plan. And all of the strategic mechanisms are connected. ***Nothing is coincidence.***

Another tool for mass manipulation with multiple effects, is the release of thousands of tiny chemical molecules and heavy metal particles (they are covered by hundreds if not thousands of patents) by airplanes into what is called chemtrails which, on the one hand are a key instrument for climate geoengineering, the man-made "climate change" (see below), and on the other, for weakening humans' sensibility, to prime us, We, the People, for mass-manipulation.

COVID

Once people are tuned-in or primed for propaganda, they'll react to everything they are told.

To make sure they do, though, there is this crucial element of "fear" added to the propaganda.

It works like medicine. First fear, then warning - then whatever hammer slams down on people's freedom, is for "our own good". - and it works.

Fear is THE instrument for mind control and societal geoengineering.

The false covid crisis is a recent mass "engineering" of opinions, actually of creating a "public opinion". The fraud should have been clear from the outset. It was to a few but most didn't realize what was happening. Sophisticated psychosocial science was applied. People were shocked with tyranny-type dictates of obligatory mask wearing, social distancing and lockdowns. They condemned the non-believers and created a chasm between the sheep and the snakes.

That too is part of the manipulation: dividing to govern. An axiom as old as human history.

Fear worked and still works. Now that the mask mandate is off across the globe, millions of people still wear the ugly face cover that makes of individuals anonymous nobodies.

Compliment of Tavistock and Co., and their influence around the world of perfected social science keeping people on their knees, obeying with fear of catching a deadly disease if they were infected. To make it all believable, the mass dying of covid was tricked by delaying normal burials of everyday from all-causes diseased people. Coffins accumulated. In some cases, in the streets - to cause fear and obedience.

If only we - the vast majority of the people - had eyes to see and ears to hear and a brain to think and seek out reason - we would have noticed that the perpetrators gave us many signals of their lies and of what was to come. But the geoengineering of the masses was done well.

When waking up finally started, it was too late. Even now, after two years of intense vaxx campaigns - see below - after injecting some 70% of the western population, in the Global North, the light has not yet penetrated every mind.

Event 201

On October 18, 2019, in New York City, **Event 201** took place. A desktop simulation of precisely what was going to happen less than three months later, a *corona virus outbreak*. The event was sponsored by the visible villains of those appearing to command the world, the Johns Hopkins Center for Health Security, the World Economic Forum (WEF), and the Bill and Melinda Gates Foundation. It had broad participation of all villains, who would have a future key role in cracking down on humanity, the World Bank, IMF, WHO, the entire UN system - and many more.

With the midnight gong of the beginning of the decade 2020-2030 (UN Agenda 2030), covid descended on all 193 UN member countries (194 WHO members).

All at once. Had people used their brains, just a tiny corner of their brains, they would have realized that it is impossible for a virus to hit the entire planet at once, *meaning at once* - the same day, the same hour. Common sense and sensibility had been killed along with the pineal gland, gradually and gently during decades before. So, the clever perpetrators got away with it, as planned.

On March 11, 2020, **Dr. Tedros**, Director General of the World Health Organization (WHO) declared covid a “pandemic” with only about 118,000 cumulative cases (PCR test) worldwide including China (the figure has never been questioned and checked) and some 4,200 deaths (including China). Nobody checked those figures either.

The number of confirmed cases outside China (6.4 billion population) was of the order of 44,279 and 1,440 deaths (figures recorded by the WHO for March 11 and March 12)

No evidence of a pandemic on March 11, 2020

World Health Organization

Coronavirus disease 2019 (COVID-19)

Situation Report – 52

Data as reported by national authorities by 10 AM CET 12 March 2020

HIGHLIGHTS

- Four new countries/territories/areas (French Polynesia, Turkey, Honduras and Côte d’Ivoire) have reported cases of COVID-19 in the past 24 hours.
- The Clinical Unit continues to convene clinicians around the globe, twice weekly by teleconference (COVID-19 Clinical Network) to share knowledge and experiences from clinicians caring for COVID-19 patients and highlight operational challenges and technical questions. For more details, please see ‘subject in focus’.
- At the Member States information session held today, WHO Director-General reiterated that countries should not give up on stopping the outbreak now that WHO has characterized it as a pandemic. A shift from containment to mitigation would be wrong and dangerous. **This is a controllable pandemic.** For detailed information, please see [here](#).

SITUATION IN NUMBERS

total and new cases in last 24 hours

Globally
125 260 confirmed (6741 new)
4613 deaths (321 new)

China
80 981 confirmed (26 new)
3173 deaths (11 new)

Outside of China
44 279 confirmed (6915 new)
1440 deaths (310 new)
117 countries/territories/
areas (4 new)

Did people not notice that this was a fraud of global proportions?

Fear must have kept us down. Fear from contracting the disease (morbidly and mortality) that is - and second, fear from the authorities.

Just compare the covid data (even if it’s false, which it probably is) with the common flu claiming every year between 50 and 70 million cases in the US alone - covid (never really identified as a virus), is a flu-like affliction, with a mortality rate about the same as the flu, of 0.07%. The flu has never been declared a pandemic. Open eyes and open ears should have detected the fraud. Most didn’t. They fell in with the masses - in lockstep.

Fear, submission, repression

Social engineering and mind manipulation is what the world – all 193 UN member states (194 for WHO) has been exposed to over the past at least 100 years, with one finality – to control humanity, Mother Earths resources and to decide over who lives and who dies. “Death Cult” institutions, WHO, WEF, the entire UN system – are the instruments to carry out this diabolical plan on behalf of an occult elite.

It is All Connected

And be always aware – it is all connected. Presenting each event in the media as a neural individual “problem”, or crisis, separately, so that people do not make the connection. If they do, they will understand.

Around mid-March 2020, a lockdown was ordered in lockstep – by almost all countries of the world. In the west it was police and even military enforced.

Many African countries took it less seriously. They questioned the wisdom of this regimented worldwide “lockstep-lockdown” regime. Governments worldwide had been “primed” before. So, We, the People, should have noticed that all of this is a scam, and that our leaders (sic) are all traitors.

Governments – their leaders – remain traitors of the people they are supposed to to serve. They are traitors up to this very day. Take note.

Tavistock and Co know that, but they also know that people are generally beholden to their governments, that they would never suspect that they are cheated by their governments – actually in many cases driven to their death by their government. It’s hard to admit to oneself that your government is betraying you – so, many people fall into the “Stockholm syndrome”, hanging on to their governments in full trust.

“Vaxxing”

In mid-December 2020 they said they finally had a “vaccination” ready – and intense worldwide vaxx-campaigns started in 2021 – à la *“no human is left behind, unvaxxed”* – all must go through this horrendous tyrannical experiment of gene-modifying mRNA injections, sold as vaccinations. Which now even Pfizer and Co — and the “regulators” CDC, and the chief criminal in this affair, Dr. Fauci, now admit.

Yet, the admittance doesn’t stop the vaxx-bulldozer from rolling on. Because Tavistock and DARPA and Co. fuel the bulldozer’s rolling over all evidence of fraud. The bought media, of course, play along.

In fact, the vaxxes, now admitted, were only “experimental”, in as much as the manufacturers, who by the way never disclosed the contents of the vaxx-vial, was testing their reaction on humans. There were many versions of the “vaxxes” circulating, original, then first, second, third and even fourth “boosters”. The manufacturers, Pfizer, Moderna, J&J *et al* – wanted to know which concoctions were the deadliest.

Because part of the plans for the *UN Agenda 2030*, and in parallel, for **Klaus Schwab's (WEF) *The Great Reset***, is a massive culling of the population, of those *useless eaters* - as Schwab and his close Israeli adviser Harari calls us, The People. It is clearly a eugenist agenda.

By now, three years into this crime of biblical proportions, we know that millions, if not hundreds of millions of people have already perished or were maimed for life by the vaxxes. Far-far out-pacing the so-called covid-deaths, of which there is not even proof that they exist.

Why not?

Because worldwide statistics of deaths from all causes showed no excess deaths until the end of 2020, when supposedly covid was ravaging the globe.

However, excess deaths started showing in 2021 and 2022, when coerced vaxxination escalated and the vaxx-impact was registered. But, of course not covered by the mainstream media.

In the west, mostly Europe, global Anglosaxonia and Japan, excess deaths were reported as between 15% and 25% in some countries even higher. And we are only at the beginning. As **Dr. Mike Yeadon**, former VP and Chief Science Officer of Pfizer, warned on many occasions, the real impact (death) of the vaxxes may only be registered several years down the road, when it will be difficult to trace deaths back to the vaxxes.

Other than the potentially deadly mRNA and spike protein, plus in many cases graphene oxide (high degree of magnetism) characteristic, the vaxxes and every booster, reduces the natural human immune system (Dr. Yeadon). Depending on the number of boosters, the vaxxed could lose up to 70% to 80% of their natural immunity. Thereby becoming vulnerable to all kinds of diseases, including aggressive and deadly cancers - cancers that are affecting mostly the human reproductive system.

In addition - also hardly mentioned - but flagrantly reflected by country statistics, the vaxxes sterilize women, as well as men. Fertility rates clearly declined drastically. In some

countries life-child births went down by up to 40%.

According to the WEF, due to the pandemic, fertility has drastically decreased. Nice way of saying “*we have done so, with our covid vaxxes*”. See [this](#).

The non-vaxxed were segregated. They were not allowed in restaurants, theatres and other public places. – A discrimination that clearly works against the Soros-funded Woke agenda, also a Tavistock-WEF concept, the “Wokeness” of society – see below.

Instilled socio-engineered fear, makes vaxxed people keeping the unvaxxed from entering a restaurant. No police are needed. A clever strategy. These days are over. But they could reappear tomorrow, under another pretext, say the introduction of a vaxx certificate, that you refuse.

“Woke”

You may have guessed it, “Woke” is another parallel flank of the **Tavistock et al agenda** – it’s part of the tools to bring about a new world order (NOW) by 2030. In about 2017 the term “woke” has been infiltrated into the mainstream vocabulary. *Woke* is part of the social engineering and mind manipulation process.

What does “woke” really mean? In many ways it’s an enigma. People have different definitions. They include, no discrimination, equal treatment of all races, acceptance of all gender differences and preferences.

The Webster defines woke as “chiefly US slang”, meaning, “*Aware of and actively attentive to important facts and issues (especially issues of racial and social justice).*”

To be precise: *Woke* (/ˈwɒk/ WOHK) is an adjective derived from African-American Vernacular English (AAVE) meaning “alert to racial prejudice and discrimination”.

This opens *woke* up to a wide range of interpretations. Not by coincidence, of course. That’s what the manipulators want – create confusion, deviation of thoughts, bringing all together as a “oneness”, yet being divided about the term’s meaning. Divide to rule, while deviating from the real issue.

“Woke” is everything. A perfect tool for societal engineering.

Remember, mind-manipulated people will be gullible to stories of fear, lies, eventually obeying senseless but dictatorial orders – “if you don’t behave, you are “un-woke” and that’s a punishable crime.

Tavistock - there are so many things we have to obey to – how would we know what’s true and what’s fake? – We don’t.

And we cannot think. As we have been trained for black-and-white only. We tend to obey. There is hardly any room for colors, for deviation of thought, especially when the dictate comes top-down.

Here is an interesting clip about the Woke culture, by **Konstantin Kisin** – 11-min video clip, “*This House Believes Woke Culture Has Gone Too Far*” – 7/8 – Oxford Union.

LGBTQIAP+

This unpronounceable acronym stands for **lesbian, gay, bisexual, transgender, queer, questioning, intersex, asexual/aromantic, pansexual** communities. The plus sign represents other not-yet invented queer identities, hence not yet included in the acronym. It feeds right into the woke-culture of non-discrimination.

Interestingly, the Woke / LGBTQIAP+ concept does precisely that. It discriminates, while pretending it fights discrimination. (White) teachers and parents are told to teach children not to discriminate guys, lesbians and trans-people, and not to discriminate black and colored people. But the sheer fact that you separate the “sexually normal” from the sexually “special” – and distinguish between skin colors, is discrimination – it’s against the very Woke-Culture. “Woke” would be respect everybody the same.

It’s again the Orwell dystopia of “war is peace and peace is war.”

Why not teaching children, as well as adults to **respect** all sexual orientations and all skin colors. Period.

As to the highly promoted *sexual reorientation campaign* – gays, lesbian and trans – won’t have children. See, Tavistock and Co work for the depopulation agenda.

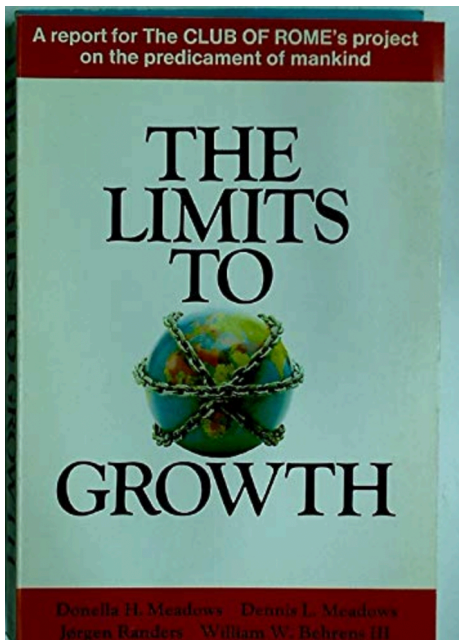

Can you imagine how far this goes – there are schools in Europe that allow children age 11 / 12 to decide about their sexual orientation, i.e., medical intervention, if necessary – without their parents consent. That’s social manipulation at its worst. Potentially destroying young lives, making kids believe they may have another sexual orientation than the one they are born with – propaganda is everything.

The Climate Change Farce

Climate changes all the time. Everything that lives on Mother Earth, is in constant motion. The term “climate change”, preceded by “Global Warming” – which with rapidly shifting temperatures, was perceived not so reliable. Then the *Cultists* came up with the more flexible “universal term” of “climate change”. It fits all shades of weather.

The idea itself was invented already by **the Club of Rome in 1971**, which was created by a non-European, David Rockefeller. The Club has around 100 active full members with an eleven-member Executive Board, including Henry Kissinger, George Soros, Bill Gates, Queen Beatrix of the Netherlands and more such luminaries.

Anybody who thinks the Club of Rome, founded on the principles of an NGO, has anything to do with Rome – is dead-wrong. The CoR is headquartered in Winterthur, Switzerland, in the paradise for some of the world’s shadiest organizations.

Among the objectives of the CoR, as reflected by their 1972 issued infamous book “Limits of Growth”, is the pursuit of means to oppress, control and reduce humanity.

Their “**Limits of Growth**” is as of this day the blueprint for the tyranny that we are living since the beginning of the UN Agenda 2030. And more is to come.

The sloganization of climate change and its dire doomsday consequences for humanity is part of the ongoing mind-trickery.

We are talking about man-made climate change – made by CO2 emissions that are slowly but steadily killing the planet. Never mind that without CO2 there would be no life on earth. As carbon is used by plants to generate oxygen, the life gas for all humans and sentient beings.

So climate change too is an absolute propagandized lie. An entire generation more has been brought up with the guilt, being responsible for killing the planet because the energy we consume, hydrocarbons, emit CO2 that kills the planet. A lie of mammoth proportions.

The only man-made climate change that indeed is changing weather patterns, is geoengineering the weather – in other words, its weaponizing the weather. The deadly monsoon in Pakistan in July, August and parts of September 2022, was with high probability geoengineered, for political reasons.

It was to deviate people’s attention from wanting to bring back THEIR, people-elected President, Imran Khan, who was ousted by a US instigated internal coup, “vote of non-confidence”, as Mr. Khan was not dancing to the tunes of Washington, but had the interests of the Pakistani people at hand.

Similar with last summer’s extreme heat wave in Europe and North America, as well as the extreme cold hitting the Northeast of the US and parts of Europe – are the results of man-made weather interference. They kill in more ways than one, by wiping out harvests, floods destroying vital infrastructure – prompting the infamous death cycle – famine, poverty, disease, death

Who controls the weather or climate, control the people.

“Democracy”

The term “democracy” is for the last 30 years or so in everybody’s vocabulary. It’s mostly used as a no-holds barred expression. In other words, who wants to contradict Democracy? – We live under the illusion to live in a democracy. When you hear “democracy” – your mind is curling up – “*Oh yes, we live in a democracy*” implying not like Russia and China – which are presumed dictatorships.

Democracy is one of the most misused household words in modern history, especially in the west. It’s a make-believe term.

Have we ever had a democracy?

Nope. Never. Not even the Ancient Greeks some 2500 years ago, who supposedly invented democracy- were true democratic societies. Not all were equal. Only educated people were able to vote. The “educated” were pretty much the same as today – the elite, the wealthy, the “influencers”.

But hardly the common people.

Since the “common people” do often not grasp the subtleties of politics, they constantly and consistently being told what to think, translating into what or for whom to vote.

That’s not democracy, but rather mass-manipulating the minds. But it’s sold to us as “democracy” – something we never had.

A new society may be formed on democratic principles, the basis for which is a well-educated – a truth-educated – population.

When we feel there is no way to escape, when we are hanging in the balance, between choosing to do nothing and waiting it out – and taking the risk to resist, it is only a question of our, We the People’s, mindset to escape from tyranny and start afresh.

We must take the risk, to salvage humanity and ourselves from the ongoing dystopian destruction.
