The last three years and the forced bioweapon injections have been shocking and grotesque; but the perpetrators of these crimes and their meat puppets infesting governments and medical regulators are not new.

The last three years have also revealed who will fight for our rights and our children's future. **Ted Kuntz** is top tier in that group.

Ted Kuntz is the president of Vaccine Choice Canada.

More than thirty years ago, Ted's beautiful happy healthy son, suffered severe damage following a vaccine, and became very handicapped for the rest of his very difficult life. Ted nursed and loved his son for many years until his death.

Ted remains at the forefront of the fight to ensure informed consent is a reality. The **need for informed consent**, implies the very necessary **right of informed refusal**.

As WEF pedophile infiltrated institutions make a mockery of human life, and profit while vandalizing our children, and virtually everything on Earth; Ted continues to stand his ground, and I, like many other admiring friends, stand with him.

Here is Ted's testimony to the National Citizens Inquiry in Vancouver. His knowledge and wisdom are invaluable, especially at this time.

The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”
