The US and its allies have spun a web of lies about Syria over the last 6 years. After West and Gulf-backed terrorists were [driven from their stronghold in eastern Aleppo](#) this past December, the West’s propaganda facade has been gradually disintegrating.

On a recent [SUNDAY WIRE](#) episode, host Patrick Henningsen conducted a live interview with French humanitarian Pierre Le Corf, who has been based in Aleppo for the last year. In this incredibly segment, Le Corf gives details about the the current safety situation in the city, as well as new evidence which reinforces previous reports regarding the US and UK funded [White Helmets’ obvious terrorist affiliations](#).

Listen to Le Corf’s interview segment here:

Le Corf’s video completely dismantles the corporate media’s [deceptive White Helmet narrative](#) which the west has been promoting intensely over the last 3 and half years.

Pierre Le Corf writes: “As a French citizen, I refuse to support my country’s criminal foreign policy. Please read [my letter](#) to the President of the French republic where I outline my objections very clearly. In less than two hours I have gathered images of two hospitals that are still operating, claimed to have been destroyed. I have walked past tonnes of medicines reserved for the various terrorist groups and prohibited for civilians. I have passed by the remains of the buildings under the control of Jabhat Al Nusra and the Free Syrian Army, next door to the White Helmets building, which as civilian testimony shows us, mainly helped terrorists not civilians.”
