

The Anglo-American Empire's War of Conquest. The War on the Islamic State (ISIL) is a Lie

There is no reasoning with an empire waging a world war of deception

On September 24, 2014, the United Nations passed a resolution paving the way to open-ended "anti-terror" warfare against the Islamic State (IS), the "network of death", promising a war that will "last for years".

The "war on the Islamic State" is a lie. It is the same fetid Big Lie that is the "war on terrorism", reheated and updated with new, bloodier special effects, new propaganda, a familiar but revised cast of demonic villains and a new military attack calendar.

Three thousand lives were sacrificed on 9/11 for the fabricated "war on terrorism" against "Al-Qaeda" and Osama bin Laden. Now, thirteen years of continuous imperial onslaught and tens of thousands of deaths and atrocities later, the "Islamic State" escalation will topple Syria, Iran, transform Iraq, and provide yet another pretext to wreak havoc anywhere else the empire wishes.

But it is the same lie, built on the same propaganda cornerstones: the myth of the "outside enemy", the threat of "Islamic terror", eternal pretexts to galvanize public opinion behind an Anglo-American agenda of conquest and war that will never end.

It is the same lie, founded upon the idea that "Islamic terrorists" are enemies of the West, when, in amply documented fact, these terrorists are the West's finest foot soldiers and military-intelligence assets.

The Islamic State, like Al-Qaeda and all entities that comprise the "Islamic Jihad" is a creation of the CIA and Anglo-American intelligence (Pakistan's ISI, Saudi intelligence, British MI6, the Israeli Mossad, etc.). The various jihadist militias and military-intelligence assets and fronts—IS, Al-Qaeda, Al-Nusrah, etc. are "American made", openly supported and utilized by the United States and its allies, as they have been continuously from the Cold War to this very second. These forces are carefully manipulated and guided weapons for US-NATO. Terrorists are instrumental to the ongoing US-led covert and overt operations in

Syria. Terrorists run by the US and CIA destabilized and toppled Libya, are integral to coming regime changes. Under both direct and indirect orders of US-NATO sponsors and handlers, these “demon hordes” are, and will continue to be, the leading military-intelligence assets behind every major geostrategic action in the region.

The IS joins Al-Qaeda as today’s favorite “boogeyman” target. The war masks the true intent, which is the toppling of Syria and Iran, and onward.

The “terrorists” are depicted in propaganda as either villains or “freedom fighters”, depending on the day and the military theater. The horrific acts of the death squads, including beheadings and other atrocities, are standard operating procedure in CIA black operations, terror techniques going back to the Vietnam War and the Phoenix Program, and are done upon orders of US and US-allied military-intelligence. Decapitations of Syrian civilians have been ongoing for years, to media silence. The recent spate of beheadings of Americans and British have been selectively carried out (and in some cases staged) for propaganda purposes. Political theater designed to galvanize the dimwitted, ignorant masses to support massive retaliatory war.

According to recent polls, four out of five registered American voters overwhelmingly support military attacks against the Islamic State. The acquiescent, ignorant American masses, still irretrievably pacified by the propaganda “shock and fear” effect of 9/11, enthusiastically back any “retaliation” against “bad guys who cut off heads” and “threaten America”, and have no problem sending American youth to the front lines to be cannon fodder. They are “defending freedom”. The American sheeple believe—even love to believe—the Big Lie. Whereas the citizens of Hong Kong and in other countries take passionately to the streets to fight for their democracy, the average American has long abdicated his and her duty as an informed, vigilant citizen. Far too busy shooting nude selfies on handheld gadgets—their brains addled by inane entertainment, and Hollywood celebrations of the national security apparatus—to care.

So-called liberals and progressives also back action against the Islamic State. The few who have any inkling that Islamic terror is a product of the US war machine wind up wringing their sweaty hands over the red herring of “blowback”: the tired idea that the US created but lost control of a Jihadist force that it now must contain. It is bogus. These militias are the American empire’s key foot soldiers and operatives, the leading force behind plans to topple Syria, just as they were in Libya. This is not blowback, but a well orchestrated military-intelligence operation, cloaked beneath a criminal conspiracy that is maintained by an ironclad elite consensus.

Islamic terrorism “stops” the minute that its sponsors at CIA, MI, ISI, etc. stop using it. The war itself stops when the elites who have planned this Final Solution to seize control of the last remaining oil supplies on the planet—the very life blood of the Anglo-American empire—stop, and give up their war of conquest and greed. The entire apparatus collapses. But this will not happen in this lifetime. Not even in the event of planetary calamity.

To threaten humanity, to pretend to wage war against boogeyman that they themselves created, and continue to support and use: only those of world class evil could conceive of and carry out this horror.

The American network of death goose-steps to the abyss

With each passing day, more of the Anglo-American empire's veneer falls away, revealing the violence at its core.

Leading the charge in front of the United Nations, the mendacious President Barack Obama thundered:

“No God condones this terror. There can be no reasoning—no negotiation—with this brand of evil. The only language understood by killers like this is the language of force.”

Here was a performance directly out of the playbook of the Third Reich and Bush/Cheney, brimming with threats, false morality, pseudo-religious claptrap, and invective directed against the perceived enemies. Here was Obama being who he really is, a war criminal. The ghost of Hitler has to be envious.

No God condones deceit. No God condones the terror of the Anglo-American empire's war of conquest. No God condones the extermination of tens of thousands of lives in more than a decade of imperial conquest for oil.

There is no reasoning—no negotiation—with the criminal leadership of an empire that will thrash and kill to the brink of extinction. There is no reasoning—no negotiation—warmongers who have wiped out entire swaths of humanity.

There is no reasoning—no negotiation— with an empire so desperate and out of answers that **gangsterism replaces the rule of law, and false flag operations constitute foreign policy.** There is no reasoning with those who could, in the span of just a few months, set off false flag destabilizations in Syria, false flag operations in support of a neo-Nazi cabal in Ukraine, plan and cover up the false flag shutdown of Flight MH-17 (blamed on Russia), support the bombing and conquest of Gaza by Israel (blamed on Hamas, in the wake of the murder of Israeli teenagers by ISIL terrorists), and set off the “sudden” rise of the Islamic State.

There is no reasoning—no negotiation— with an empire that must and will stop at nothing to control every inch of the Eurasian subcontinent, and destroy all opposition along the way, including potential nuclear confrontations with Russia and China.

There is no reasoning—no negotiation— with the functionaries and enablers of this empire—in governments, in media, everywhere. There is also no reasoning—no negotiation— with the cognitively impaired sheeple.

There is no reasoning—no negotiation— with the killers, the world planning orchestrators speaking the “language of force”; these “great men and women” who hold humanity in contempt.

There is, indeed, no reasoning—no negotiation—with this brand of evil.
