Catherine Ashton must resign now!

Why is EU foreign minister Catherine Ashton protecting and covering up for the Maidan Square snipers who killed both demonstrators and police?

The EU Foreign Minister [Catherine Aston was informed](#) at least since Feb 25 by Estonia's foreign minister that the authors of the massacres in Maidan Square in Kiev were not agents of the Yanukovych government but were deployed by the instigators of the coup against the government.

This fact was and is well known in Kiev by the coalition that took over the government with the support of the US and the EU. It is also well known that the "new government" has given the order to sabotage any investigation [in order to maintain alive the only alibi that would somehow justify the coup.](#)

Those cold-blooded, professionally trained mass murderers supplied the cynical pretext for Ashton, Kerry, Obama and the whole US and EU leadership to justify their illegal actions and their sponsorship of the armed Neo-Nazi gangs that are harassing and intimidating the people of Ukraine.

But now the cover is off.

Ashton must confess what she knows of this sickening plot that almost led to WWII, resign in shame, and pay the legal consequences of her actions!

Ashton knew, at least, since Feb 25 (but most likely much, much longer) when she was told directly by the Estonia Foreign Minister, Urmas Paet:

"There is now stronger and stronger understanding that behind the snipers, it was not Yanukovych, but it was somebody from the new coalition."

Paet's source is one of the most prominent medical authorities in Ukraine, Olga Bogomolets, who just refused to be appointed deputy Prime Minister of the "new government" despite pressures from Ashton herself.

"What was quite disturbing, this same Olga told as well that all the evidence shows that the people who were killed by snipers from both sides, among policemen and then

people from the streets, that they were the same snipers killing people from both sides, so that she then also showed me some photos she said that as a medical doctor she can say that it is the same handwriting, the same type of bullets, and it's really disturbing that now the new coalition, that they don't want to investigate what exactly happened."

It is not clear if Dr. Olga Bogomolets, who comes from a distinguished family of medical professionals that dates back to the 15th century, refused to accept a position in the "new government" because of what she had seen, however it is Ashton herself who recognized that it's not possible to push aside her professional competence and actually stressed that she told Dr. Bogomolets that she should be part of the government possibly as Minister of Health.

Ashton was clearly uneasy when the Estonian Foreign Minister gave her the evidence of the real affiliation of the snipers (something she most likely knew very well). With a low voice showing obvious embarrassment she replied she never heard about it and she wanted an investigation. However, Ashton and her US and EU colleagues continue to use the Snipers story, she knows is false, as the main rationale for supporting the coup in Kiev and the new illegal government.

It is atrocious to see the US State Secretary, John Kerry, depositing flowers in Maidan Square for the victims of the snipers he knows were unleashed by the forces he supports.

Fortunately the truth on the snipers is coming out. How long before the public in Europe, the US, the world begins to rebel against the big lie of the Maidan "Revolution"?
