Gaddafi died a martyr, murdered by the war criminals of US, France, Britain and NATO led by President Obama, President Sarkozy and Prime Minister Cameron. Although NATO spearheaded the military campaign against Libya, the strategic planning was prepared by US Africa Command (AFRICOM).

AFRICOM was set up to further the US interest in Africa, more precisely the Global Military-Industrial-Financial Complex's interests in securing and plundering the resources of Africa. Behind AFRICOM's curtain are the hidden hands of Zionist Israel.

The first victim of this agenda is Libya.

When the UN Security Council sanctioned the attack on Libya under the guise of imposing a No-Fly zone to protect the alleged killing of civilians by Gaddafi who was fighting an armed rebellion supported and financed by the abovementioned war criminals, Russia and China could have vetoed the resolution and thwart the destruction and plunder of Libya.

But these two permanent members of the Security Council caved in and abstained.

China has a major presence in Libya and her intelligence services would have known whether Gaddafi enjoyed wide popular support from his people. The Libyan government was stable and successful in implementing development projects for the benefit of the people. It was the most developed country in the entire African continent and Gaddafi's efforts were duly recognised by the UN weeks before the barbaric aerial bombardment of Libya.

China invested billions of dollars in Libya.

Yet, without a whimper of resistance at the highest diplomatic level, she evacuated 30,000 Chinese workers from Libya and left in a hurry. China and Russia knew in advance that there would be an undeclared war against Libya. Everything was up for grabs!

Even after the full invasion and wanton destruction of Libya, China and Russia made perfunctory and lame criticisms of NATO's criminal actions. Surely, it cannot be said that Russia and China were misled by the war criminals that they had no intentions to destroy Libya and oust Gaddafi and to seize the oil resources. They must have known that war preparations were in place long before the matter came before the UN Security Council.

That was their excuse in not vetoing the UN Security Council resolution authorising NATO's military action. A load of rubbish.

So why did China and Russia cave in? This is the US\$ trillion question.

It reminds me of the story of a man who owed a debt of gratitude to two rival gangs. The man was asked by the more notorious gang to assassinate the leader of the other gang but the attempt failed. When confronted by the victim as to the reasons to be the hired killer, the man replied that he owed a greater debt of gratitude to the other gang leader.

Libya under Gaddafi welcomed China with open arms, but China turned a blind eye to the destruction of Libya because she owed a greater debt of gratitude to Zionist Israel and the global financial elites for past favours, as well as narrow selfinterests. China had too much toilet paper money (US Federal Reserve notes) and the sale of Libyan oil in the intended gold dinar by Gaddafi would literally destroy the US dollar. This cannot be allowed! Period!

The same can be said of Sarkozy and Tony Blair and his copycat Cameron. They all turned their backs on Gaddafi for the same reasons.

It must be said that the leading members of the African Union were courageous enough to make a stand against the invasion and wanton destruction and did not extend "recognition" to NATO's quisling regime until forced by circumstances to do so. Members of the Arab League and the OIC were cowards and opportunists and they pride themselves as righteous Muslims. But Qatar must be singled out for special condemnation. Can anyone still believe that Al-Jazeera is the voice of the Arab / Muslim communities? Until exposed as the barking dog of NATO, Al-Jazeera was the major "Arab" propaganda tool to demonise Gaddafi and to misrepresent the actual situation in Libya - an armed rebellion financed by war criminals. Al-Qaeda played a leading role in the armed rebellion.

Iran, Syria and Lebanon should learn from this experience and the mistakes of Gaddafi. They are the next targets of the Zionists / Neo-Conservatives global agenda. If they entertain any thoughts of making compromises with these war criminals, by abandoning their right of self-defence and to be armed with every conceivable weapon, including nuclear weapons, they will end up like Saddam Hussein and Gaddafi. In defending their country, all options should be on the table in like manner as the war criminals have declared in their war agenda against them. They will collapse one by one like dominoes if they strategise otherwise!

To the leaders of countries under immediate threat as well as those on the fringes, your previous strategy of inviting China and Russia to invest on preferential basis and to purchase massive amount of arms to counter-balance the threat of the Zionist Anglo-American Axis will no longer be effective because US\$ billions worth of investments and military purchase count for nothing when US\$ trillions worth of foreign reserves are at stake.

The investing countries will run for cover for short-term preservation and will not be willing to commit their resources for a military conflict unless and until they themselves are under a direct threat. This is a given. To the leaders of China and Russia - this is your wake up call. Stop strutting like a peacock just because you have abundant dollar reserves. The Federal Reserve Notes are all toilet papers and will not be bargaining chips when the deal placed on the table is - surrender or war.

There is still time yet to mount a Global Counter-Alliance against this fascist triad of Israel /

US / UK war criminals.

As for Iran and Turkey, stop aspiring to be regional powers, as you cannot hope to achieve this grand vision so long as Zionist Israel continues to wag the US dog. Be realistic. Without nuclear weapons as a deterrent, and revolutionary social forces on your side, global public opinion cannot be mobilised to first isolate and then annihilate your enemies. Turkey cannot take comfort that as a member of NATO it will be immune to the machinations of the war criminals.

The countdown has started.

The new normal and preferred mode of regime change is to use the pretext of Humanitarian Intervention as a cover for outright military intervention.

In the African continent, it will be U.S. Africa Command (AFRICOM) as the Planner and NATO as the military Bully.

In the next escalation in the Middle East and South Asia wars (i.e. the overspill from Afghanistan to Pakistan), U.S. Central Command (CENTCOM) will be the Planner and the combined might of NATO, Israel and Arab Lackeys will provide the military manpower.

In South-East Asia and the Pacific, U.S Pacific Command (USPACOM) will lead and coordinate all military campaigns.

In South America, the U.S. Southern Command (USSOUTHCOM) will plan and lead, with narco states providing the ground troops.

In all of the above war scenarios, mercenaries and special forces will be in the forefront in fomenting sectarian wars and religious armed conflicts.

2012 will usher in The World War of the 21st Century - the perverse solution of the war criminals in their futile attempt to overcome the final phase of the Global Financial Tsunami!
