"It is no measure of health to be well adjusted to a profoundly sick society." [Jiddu Krishnamurti](#)

"With a total of 7,100 US nuclear warheads as of August 2016 and an estimate reported two years ago of 2,150 operationally deployed nukes, America could destroy itself four times over while Russia's 7,300 nuclear weapons would likely carry the same tremendous overkill power." (Joachim Hagopian, [Neocon Insanity](#), Global Research, November 2016)

Once upon a time, when choosing a new president, a factor for many voters was the perennial question: "Whose finger do you want on the nuclear button?" (Michael Klare, [Who's finger on the Nuclear Button](#), November 7, 2016)
