History teaches us that eventually the fog of propaganda, no matter how thick and unrelenting, is dissipated by the sun of truth.

Not really: By truthtellers such as Michel Chossudovsky.

It often takes decades or much longer for that to happen and even then it takes openness of mind and spirit to accept it in all its disturbing reality, for propaganda often enters into the deepest recesses of the mind and soul and many find they must forever defend it even when it is patently exposed. Even if the truth is finally accepted, however, the damage has been done.

Presently, we are far along the path to worldwide totalitarianism as a result of the corona crisis, what is euphemistically called the “New Normal.” As [C. J. Hopkins](#), a wise analyzer of this pathological development, has said:

We have watched as the New Normal transformed our societies into paranoid, pathologized, authoritarian dystopias where people now have to show their “papers” to see a movie or get a cup of coffee and publicly display their ideological conformity to enter a supermarket and buy their groceries.

This crackdown on freedom and the growth of elite control has dramatically accelerated in recent days and only those blind to history refuse to see it. It’s an old story with a new twist; create enough fear – this time with a virus – and many people will bow to the authorities. Censor dissenting voices and many will make believe it isn’t happening and that their freedoms are not at risk. The great psychoanalyst and sociologist Erich Fromm called this refusal the “escape from freedom.” This perennial human tendency to submit to authority whose lust for power is equally never-ending is only thwarted by the unquenchable thirst for freedom exhibited by courageous freedom fighters.

Michel Chossudovsky is a freedom fighter.

In the case of the corona crisis propaganda campaign, the truth has been available nearly from the start, and Chossudovsky, with his website [Global Research](#), has been one of the

most unrelenting voices of sanity and freedom.

Global Research has for decades been on top of the most important issues of our times, from the events of September 11, 2001 through the Iraq War, the endless so-called war on terror, the U.S. wars on Afghanistan, Libya, Syria, Yemen, Serbia, Palestine, Cuba, Chile, Nicaragua, etc., the multiple financial crises, CIA coups and assassinations of domestic and foreign leaders, the new Cold wars against Russia and China, right up to today's world-wide covid propaganda war.

Started by Michel Chossudovsky on September 9, 2001, the website is part of The Centre for Research on Globalization (CRG), which is an independent research and media organization based in Montreal, Canada.

Global Research has been a beacon of light for twenty dark years. It has ignored no topic, no matter how controversial. It has published an enormous amount of writing and research by many writers, exploring matters from multiple viewpoints, including conflicting ones. Like any website that posts an enormous amount to engender debate, the quality of the articles varies, but on average it is very high. Chossudovsky's own writing has been outstanding and comprehensive.

Starting in January 2020, at the start of the corona crisis, he has been assiduously tracking its development in article after article. (Other contributors, such as Peter Koenig, et al., have also published very important work on the crisis at GR.) Michel's work (he is my friend and colleague and I am a long-time contributor) on this is similar to what he has done for twenty years since the murderous events of September 11, 2001 and the official propaganda about them. Global Research is a deep repository of research and writing exposing the official lies about those attacks.

In December 2020, he released [a free E-Book](#) entitled [The 2020-21 Worldwide Corona Crisis: Destroying Civil Society, Engineered Economic Depression, Global Coup d'État and the "Great Reset"](#) of his corona crisis writings and has continually updated it, the last being on July 27, 2021.

In addition, he continues to write regular powerful articles on the corona propaganda and other matters.

What follows is a short quasi-review of Chossudovsky's extraordinary contribution to exposing the vast official lies surrounding COVID-19. I say quasi because it will serve no purpose to repeat much of what he writes. Like all true gifts, his E-Book is given freely, but in the spirit of genuine gift exchange, readers of it should pass it on to others, for we are at a world-wide turning-point that has few if any precedents. If you doubt that, a reading of his work will disabuse you of your reticence in recognizing its reality. He introduces the [E Book](#) with these words:

We are at the crossroads of one of the most serious crises in World history. We are living history, yet our understanding of the sequence of events since January 2020 has been blurred. Worldwide, people have been misled both by their governments and the media as to the causes and devastating consequences of the Covid-19 "pandemic". The unspoken truth is that the novel coronavirus provides a pretext and a justification to powerful financial interests and corrupt politicians to precipitate the entire World into a spiral of mass unemployment, bankruptcy, extreme poverty and despair. More than 7

billion people Worldwide are directly or indirectly affected by the corona crisis.

It's the powerful financiers and billionaires who are behind this project which has contributed to the destabilization (Worldwide) of the real economy. And there is ample evidence that the decision to close down a national economy (resulting in poverty and unemployment) will inevitably have an impact on patterns of morbidity and mortality.

Since early February 2020, the Super Rich have cashed in on billions of dollars.

Amply documented, it's the largest redistribution of global wealth in World history, accompanied by a process of Worldwide impoverishment.

Those are strong words, but they are accurate. Perhaps even an understatement. For we have now entered the phase of this crisis where the authorities have tripled their efforts at intimidation and fear-mongering to coerce those whom Anthony Fauci recently called “the recalcitrant ones” to submit to their control.

Obey or else is being shouted daily from the corporate media's headlines, even as they report a mélange of facts that contradict their own claims in a stupefying display of intentionally created chaos. Their method is to fragment and polarize populations while openly announcing their intentions to mock the public who can still think and choose to do their own research. Those who fail to do so now and simply accept the authorities propaganda will bear a heavy burden of guilt in the years to come.

[Chossudovsky's E-Book](#) will be an eye-opener for those who have not yet faced the facts. He chronicles the historical evolution of the corona crisis from its start and provides a timeline; explains clearly what Covid-19 and SARS-CoV-2 are, how they are allegedly identified and estimated; lays out its devastating mental, economic and financial consequences; shows how its lockdowns have produced mass worldwide poverty and unemployment and enriched billionaires, etc.

All this based on fraudulent PCR tests, fake statistics of “cases” and deaths from Covid-19, and the promotion of experimental and unapproved so-called vaccines that are in reality very dangerous “messenger” mRNA shots that are being mandated across the board.

To what end? A high-tech digital dystopia controlled by and for the interests of the world's wealthiest ruling elites. Regular people need to reject their seductive lies, for they will find that they themselves, if they have bought into the vaccine propaganda, have already seen their numbers reduced by a demonic plan created by evil nihilists.

A reading of - and a watching of the videos included in - this E-Book provides a comprehensive lesson in how there is a global coup d'état under way called “The Great Reset” that if not resisted and defeated by freedom loving people everywhere will result in a dystopian future not yet imagined.

Pass on this free gift from Professor Chossudovsky before it's too late. You will not find so much valuable information and analysis in one place. And if you find what I say here to be true, support Global Research in its twentieth anniversary year. It was right about 9/11, Iraq, the war on terror, etc., and is right again about the Corona Crisis.

That is quite a legacy in twenty young years.
