A mass movement against the Covid mandate is unfolding coast to coast across Canada in solidarity with cross-border truck drivers. Tens of thousands of people will be joining the truck drivers in Ottawa.

According to Justin Trudeau, unvaccinated truck drivers “may pose a risk of transmitting COVID-19 to the general public”. What nonsense. Truck drivers for the most part stay in their truck, perform administrative duties and supervise loading and unloading. They deliver the commodities and have limited contact with people.

All cross-border truckers will “need to be vaccinated in order to avoid a 14-day quarantine”, says Justin Trudeau.

Has Trudeau been Vaccinated?

Is it relevant to the Freedom Convoy 2022 in solidarity with the truck drivers? The Prime Minister demands that the truck drivers be vaccinated. Has Justin been vaccinated?

Check it out and decide for yourself: There are “indications”, yet to be fully confirmed, that Prime Minister Trudeau might not have been vaccinated.

US-Canada Trade Is the Lifeline of Our National Economy

Successive Canadian governments have protected the structures of cross-border North-American trade. And now Justin Trudeau has sucked us up into the biggest economic mess in our country's history, while violating the fundamental rights of Canadians.

What we need here in Canada is an indefinite "political quarantine" of our not so illustrious Prime Minister.

I can say as an economist that this irresponsible decision by the Trudeau government (which is ongoing) will have devastating impacts on producers, truck drivers, transport companies as well as on the entire fabric of wholesale and retail trade. It will affect all of us.

There is evidence that cross-border trade is being deliberately undermined. This policy mandate is already creating shortages of essential goods including food, fuel and pharmaceuticals. It will also affect the delivery of essential commodities shipped via the US from China, the European Union and Latin America.

- We must ensure that cross-border US-Canada-Mexico trade be fully restored.
- All the covid-19 mandates must be duly suspended.
- We must confront and question the legitimacy of the Trudeau government.
- We must initiate dialogue involving the truck drivers, the owners of transport companies, law enforcement officials, customs officials on both sides of the border, producers, wholesalers, retailers.
- We will also seek the support and advice of prominent scientists, medical doctors, jurists and constitutional lawyers with a view to confronting the Canadian government's vaccine mandate.

The government will say: We are committed to saving lives, to protect people against V the virus. What utter nonsense. They are manipulating cross-border trade. They are destroying people's lives.

The Trudeau government is corrupt. This far-reaching decision was taken on behalf of powerful financial interests. Its unspoken intent is to trigger a renewed wave of

bankruptcies.

It is important that government Covid-19 mandates and restrictions be lifted and that cross-border trade be protected and sustained.

#Yes, It's A Killer Vaccine

The various Covid mandates have been used to spearhead the fear campaign and encourage Canadians to take their booster vaccine dose.

While the media repeats ad nauseam that “the virus is more dangerous than the vaccine”, the devastating impacts of the mRNA vaccine are now confirmed beyond doubt.

Official figures of reported and recorded vaccine-related deaths are routinely published by the US, UK and EU. They are not published by Health Canada.

See the statement by [Doctors for Covid Ethics](#).

Latest data reported on 28 January 2022:

EU/EEA/Switzerland to 15 January 2022 – 37,927 Covid-19 injection related deaths and 3,354,705 injuries, per EudraVigilance Database.

UK to 5 January 2022 – 1,982 Covid-19 injection related deaths and 1,414,293 injuries, per MHRA Yellow Card Scheme.

USA to 7 January 2022 – 21,745 Covid-19 injection related deaths and 4,986,087 injuries, per VAERS database.

TOTAL for EU/UK/USA – 61,654 Covid-19 injection related deaths and 9,755,085 injuries reported as at 28 January 2022.

Only a small percentage of deaths and adverse events are reported and recorded.

According to the [latest report by VAERS](#):

“There have been more deaths, more permanent disabilities, and more hospitalizations following the experimental COVID-19 vaccines [in the US], than there have been following all FDA-approved vaccines for the previous 31 years combined.”

Pfizer's Mea Culpa

Moreover, the devastating impacts of the vaccine are now confirmed by a [Confidential](#)

[Report by Pfizer released in November as part of a Freedom of Information \(FOI\) procedure.](#)

The data on deaths and adverse events recorded by Pfizer in this confidential document are now in the public domain. They did not want us to read it:

What is contained in Pfizer's "confidential" report is detailed evidence on the impacts of the "vaccine" on mortality and morbidity. This data which emanates from the "Horse's Mouth" can now be used to confront as well formulate legal procedures against Big Pharma, the governments, the WHO and the media.

This is a de facto Mea Culpa on the part of Pfizer. #Yes it is a Killer Vaccine.

The Freedom Convoy 2022 Initiative focusses on the broader policy context, with a view to confronting the Trudeau government and repealing the Covid-19 narrative and its various policy mandates including the mRNA vaccine.

This movement must not be sidetracked. It must focus on the immediate repeal of the mRNA vaccine, which has resulted in an upward trend in mortality and morbidity.

It is essential to dispel the lies

The science and the facts are unequivocal. The vaccine must be cancelled immediately.

Video: In many countries, **there was a significant and almost immediate shift in mortality following the introduction of the mRNA vaccine starting in January 2021**

The Covid-19 Test is Invalid. The Data Used to Justify the Policy Mandates are Meaningless

[The RT-PCR test which is used by the governments to justify their policy mandates has now been declared invalid](#) by both the WHO and the CDC (which called for its withdrawal in the US effective December 31, 2021).

All the data pertaining to so-called "Covid Confirmed Cases" resulting from the PCR test are totally meaningless.

The Rapid Covid-19 Home Test Kits

In November 2021, [94 million rapid home test kits](#) (self testing and antigen testing kits) were delivered and distributed to the provinces, and another 140 million were ordered by the federal government in early January at a cost of 1.7 billion dollars at tax payers' expense.

Test Test Test:

Canada has a population of 38.5 million and we now have 234 million rapid test kits which have indelibly contributed in the course of the last two months to pushing up so-called Covid-19 positive cases.

This has created havoc in families across Canada. The fear campaign has gone into high gear.

Ironically, the antigen and self testing kits recommended by Health Canada are categorized as less reliable than the [PCR test which is now upheld as “the gold standard”](#). The PCR test is totally dysfunctional, invalid according to the CDC and the WHO. It does not detect or identify SARS-CoV-2 and neither does the antigen test.

All those figures on “Covid-19 confirmed cases” used to justify the policy mandates are meaningless.

The official figures (UK, US, EU) on reported and recorded vaccine related deaths and adverse events quoted above are REAL.

Canada’s Freedom Convoy 2022: First Step towards the Development of a Broad Based Grassroots Movement

The Freedom Convoy movement is now supported by people from more than 65 countries. Truck drivers in Australia will be sending a convoy to Canberra on the 31st of January.

More than 60,000 truck drivers from the United States including 15,000 from California will be crossing the border and meeting up in Ottawa for this important event.

Today January 29, 2022, our thoughts are with Canada’s truck drivers in solidarity with #Freedom Convoy 2022.

In a CTV online poll, 77% of Canadians have voted in support of the Freedom Convoy in support of the truck drivers. (out of 17,698 votes cast).
