

The Globalists Are Racing to World War III Before the American Sheeple Wake Up

By [Joachim Hagopian](#)

Theme: [Terrorism](#), [US NATO War Agenda](#)

Global Research, July 08, 2015

If you think the globalists are pushing pedal to the metal now, you're absolutely right! Rapid acceleration toward their one world government has humanity on a fateful collision course to Armageddon. Just look at the unfolding events in 2015 so far with barely half the year over. The Charlie Hebdo attack in January came right after France moved to [recognize a sovereign Palestinian state](#). Clearly Hebdo was a false flag payback that only escalated movement toward more Orwellian tyranny and draconian police state oppression, not only [in France](#) but around the world.

Hebdo's aftermath in Paris with world leaders gathered arm-in-arm flanked by a duped [million plus strong](#) waving their false freedom flags reeked of foul stench - a hideous pretense of staged mockery defiance. The pathetic irony is the very same terrorist acts they were protesting against are regularly and deceitfully perpetrated by those very same international crime cabal leaders who diabolically profit from their [state-sponsored terrorism](#). Afterwards their ratings in popularity only surge (in the wake of the recent South Carolina mass killing, Obama recorded his [highest approval ratings](#) of over 50% since 2013) while their corrupt power only tightens the NWO noose of absolute control around the necks of the global masses as their treasonous leaders celebrate arm-in-arm liberty's death march.

Meanwhile also by design, the [West's created Frankenstein](#) monster on steroids [ISIS spreads](#) its reach of lustful destruction not only throughout the [Middle East](#) but into [Africa](#), Europe and [Eurasia](#) as well. It's now partnering up with [Boko Haram and al-Shabaab](#) terrorist groups in Africa and beyond. Despite this fact, flanked by his generals Obama just lied [again] claiming that "[ISIS is losing ground](#)." The Islamic State on display staging their Christian beheadings provide weekly shock and awe theater for an aghast world audience. All the while a coalition of the willing that's always been ISIS' life support system - the US-NATO-Israeli-Saudi-Turkish governments - secretly finance, arm, protect, train and maintain the Islamic State's [expanding supply line](#).

The allied air campaign consisting of [15,245 air strikes](#) from last August to May 2015 that is supposed to have wiped out the jihadist terrorists has likely killed as many innocent civilians and soldiers fighting against ISIS as killed ISIS terrorists. If nothing else, the extensive US bombing and drone attacks only create new enemies from victims' families. Of course Obama and the Pentagon are fully aware of this fact. But then it fits right into their true agenda. A [US Navy F-18 pilot](#) anonymously went on record reporting that, "There were times I had groups of ISIS fighters in my sights, but couldn't get clearance to engage." This telling admission goes far in explaining both why the secret US agenda is to actually protect ISIS as the mercenary ally it created as well as why the US air campaign has "failed." It's all a demonic charade failing to hide US Empire's true agenda to keep their fake war on terror a

forever war of terror against all of humanity.

Have you ever seen the Islamic State enemy actually attacking and [killing any Israelis](#)?

The savage brutality of ISIS doesn't stop globalist front men like [Netanyahu](#) from putting on his best caring bedside manner bringing good genocidal cheer to his injured jihadist mercenaries laid up in his Golan Heights hospital. Or perennial [warmonger McCain](#) back slapping smiles hamming it up before the cameras with his ISIS buddies during a photo-op break from plotting yet more secret global war strategy. It's all too obvious the West's hired gun in the Middle East is soon coming to a [Jade Helm](#) neighborhood this summer near you. After all, they've been busy training with the Mexican drug cartel all year long just [eight miles from the open US border](#). That our treasonous NWO government crime syndicate and their new and improved brand of terrorist bad guys are no so strange bedfellows can't come as a surprise to anyone who doesn't have their head up their ass.

Just when the feeble façade that al Qaeda/ISIS are America's enemy is uncovered as just another sinister propaganda lie, enter the latest [demons from hell](#) – Russia's Putin joined by those [cyber-hacking Chinese](#) who just stole the emperors' private clothes (four million gov.corps workers) in another worn out cold war episode fast boiling over into a likely full scale nuclear World War III. The Ukraine debacle has been a thinly veiled attempt to create yet another stale installment of the globalists' created cold war.

Yet decades ago the US created Osama to defeat and help take down the mighty Soviet Empire in the "empire graveyard" [Afghanistan](#) throughout the 1980's while trafficking in [Bush-Clinton-CIA run cocaine](#) in exchange for arming Reagan's freedom-fighting [death squad commandos](#) butchering over 200,000 Central Americans. [Supplying inner city ghettos](#) of America with their war on drugs was a [war against black Americans](#) with which they quickly filled their privatized prisons (over half of the [2.3 million](#) in US prisons are black mostly serving sentences for drug crimes), it also conveniently killed two birds with one crystal crack pipe stone, effectively creating a [dependent US welfare state](#) and the rise of a flourishing gangland culture all at the expense of people of color. The [war on terror and war on drugs](#) have served the globalist agenda extremely well, and though critics say America has lost both those wars, in reality from the evil psychopathic perspective, the globalists have won their New World Order with total victories on both "warfronts."

So the US-created Osama and his al Qaeda terrorists once again came in handy throughout the 1990's helping the Empire ["balkanize" Yugoslavia](#) into thirteen ineffectual failed states while using al Qaeda to make billions in profit from the [international opium-heroin trade](#) and installing US military bases for more warring in both the nearby Middle East and Eastern Europe. Then of course Osama's stooges had their biggest mercenary moment in history playing convenient Oswald-like patsies in the neocons' "Pearl Harbor-like event" called [9/11, the inside job](#) costing 3000 American lives so that the Bush-Cheney war criminals could check off one more notch on their [seven nation regime change](#) gun.

Of course the Iraq War was based on infamously [orchestrated lies](#) used to take out Saddam's nonexistent WMD's and his nonexistent link to terrorism. His real crime like [Gaddafi's](#) was rejecting the US petrodollar. Destroy a nation a second time around by a second Bush despot in order to launch their long planned war of terror using their national security card also allowed for the complete [dismantling of the US Constitution](#) as America's two plus century old rule of law.

It all unfolded so well that their [Manchurian candidate president](#) dancing in blackface step to the globalist tune criminally facilitated [power-grabbing dictatorial control](#) with dozens of executive orders, just in time for the [Jade Helm operation](#) to go live in response to an upcoming planned false flag that delivers his excuse to declare martial law. This scripted formula's been the plain-to-see writing on the US wall for some time. But this year the globalists are racing to pull it off before a [pissed off American population](#) finally wakes up and starts fighting back. With their backs up against the feds' firing squad wall, in self-defense awakened US citizens are desperately trying to take back their long lost republic and once guaranteed civil liberties.

Despite controlling all [six mega-media corporations](#) that control over 90% of the news information outflow, the globalists and their DC puppets have realized [no one is hardly paying attention](#) to their propaganda disinformation lies as a growing segment of the US population increasingly seeks truth from alternative independent news media delivered by way of the internet. Enter the [Trans-Pacific Partnership](#) that in one fast-tracked swoop will take down the United States as a sovereign independent nation, take down [the internet](#) as a free and open source accessible to the worldwide masses, flood the US with more illegal aliens and outsourced jobs, and at long last [cement into place the globalists' New World Order's one world government](#).

In 2015 the feds and their globalist puppet masters have stepped up their brutal assault on humanity with a series of major false flag events and developments intentionally designed to [foment civil unrest](#), unleashing bigger federal guns and armies against the American people, as is so often the case using blacks as their victimized targets to trigger riots and enough civil unrest to then have the convenient excuse to call out the national guard and US military always at-the-ready to go live from ongoing training exercises in a larger effort to trigger an all-out [race war](#). It's very evident by [events in St. Louis](#) last year when billionaire [George Soros paid agitators](#) to escalate violence and again in Baltimore this year when more coordinated evidence of the city, state and federal government authorities willfully instigated the unrest needed to bring in bigger guns and troops.

It happened again in Charleston, South Carolina last month with what appears to be yet another staged event in another too obvious effort to [start a race war](#) when nine African Americans were allegedly gunned down by an allegedly racist white stooge high on Big Pharma drugs with a .45 caliber handgun. The [suspect's instantly known history](#), his fake photo with the superimposed South African apartheid patch, his black friends on Facebook, the 29 million dollars in immediate Obama payout to alleged family victims, the lack of emotion and grief from seemingly scripted media interviews right afterwards, the church sermon at the scene of the crime little more than three days later, the Hillary-in-town connection to the allegedly slain South Carolina state senator, the ongoing police rioting exercise that of course went live (just like in 9/11, Boston Marathon bombing, and likely upcoming Jade Helm 15). It's getting that every major news story in America is yet another staged false flag, each production installment (i.e., Oklahoma City bombing, 9/11, Sandy Hook, Boston Marathon bombing) becoming predictably shabbier, complete with repeatedly used [hired crisis actors](#) and dozens of holes that never quite fit together into any believable official narrative.

In the same way the feds use al Qaeda/ISIS to regularly propagate their international state-sponsored terror wars, the feds have built up a [militarized police state](#) army to wage their counterinsurgency wars here at home against the American people. Their [targeted enemies](#) are people of color, all military veterans but especially those fresh off blowing people up

abroad, constitutionalists, activists, Tea Party members, Christians, preppers, antiabortionists, home-schoolers, and anyone even remotely critical of the criminals in Washington. In other words, like Bush II said, “you’re either with us or against us,” us being the treasonous feds, their Gestapo Nazis in Homeland Security, law enforcement and the military as the designated globalist henchmen ordered to murder and/or lock up fellow American citizens on a growing Big Brother list of more than [8 million “potential threats.”](#) That figure is now more than seven years old, so with the highly invasive NSA surveillance monitoring of our every move, no doubt that list of potential threats has grown exponentially.

The end of the 1878 Posse Comitatus law prohibiting the US military from involvement in civil affairs arrived with the [2012 NDAA](#). Indefinite detainment of law-abiding US citizens is next. Any American not part of the elitist security state apparatus is simply lumped together as the declared enemy, “useless eaters” taking up valuable space and squandering valuable energy resources inhabiting an [overpopulated planet](#) that according to Bill Gates and his oligarch cronies needs to be thinned down by about 6.5 billion. This is what life on planet earth and in the anything-but-free America has degenerated into on its way to becoming the Orwellian nightmare of a one world government that’s sadly and tragically already now well in place.

And now with the world stage meticulously set into place over the last century by determined globalists and their puppets, the “big bang” theory is ready to explode and become all too real. The race to Armageddon continues to manifest with [unprecedented, ongoing war preparations](#) at a never before seen scale involving a virtual majority of the earth’s nations. In addition to America’s [Jade Helm 15](#) operating now in 10 states through mid-September and Canada’s Operation Maple Resolve joined by both UK and US militaries recently completed, now comes the July 4th through July 19th [Operation Talisman Saber 15](#). It involves a massive joint military exercise in the Pacific Ocean with the US and Australia consisting of 33,000 troops, 21 naval ships, over 200 aircraft, an aircraft carrier and three submarines are all participating in this [biennial drill](#) that extends to Pearl Harbor, San Diego, Virginia and Guam.

With China’s enormous military arms expansion and powerful emerging presence throughout the Pacific region along with increasing tensions clashing over US Empire hegemony, in response to Talisman Saber, China gave explicit warnings not to tread near its military outposts, even specifying coordinates of its no trespass zones. China’s major military operation called [Crossing 2015](#) just ended a week ago in western China’s Gobi Desert in its final phase of war readiness planning. Meanwhile, an ongoing prewar faceoff has been taking place in the ice-free, oil-rich [Arctic Sea](#) by both US-NATO forces as well as the Russian military. Also the [NATO exercises](#) on Russia’s doorstep, the US providing large weaponry to Ukraine and deployment of US military personnel to that war torn nation ominously threaten war in Europe. No [corner of the earth](#) including [outer space](#) seems safe from the impending world war.

While the [global power shift](#) is moving rapidly from West to East, the Western economy is a house of cards teetering on [complete collapse](#), the planet is bracing for [crashing comets and meteors](#) and ensuing [global climate chaos](#), worldwide military forces from the East and West are busily, frantically lining up in live training exercises as last minute repositioning for impending unfoldment of a World War III endgame scenario. The perfect storm on the geopolitics chessboard appears to be brewing.

In the meantime, the DC capital has made operational provisions to be headquartered in [Denver](#) as part of its “Continuity of Government” plan, and for decades the global elite have long prepared for this upcoming day of reckoning, having built [lavish underground bunkers](#), cities and an elaborate transportation system. Like Bush II’s arrogance displayed onboard that aircraft carrier at his premature Iraq War victory celebration, the globalist madmen, their government stooges and hordes of overzealous Christians awaiting the second coming all seem to be chanting, “Bring it on!” as they insanely dance to the tune of Barry Maguire’s “Eve of Destruction” just as the doomsday clock strikes one minute to midnight.

Joachim Hagopian is a West Point graduate and former US Army officer. He has written a manuscript based on his unique military experience entitled [“Don’t Let The Bastards Getcha Down.”](#) It examines and focuses on US international relations, leadership and national security issues. After the military, Joachim earned a master’s degree in Clinical Psychology and worked as a licensed therapist in the mental health field for more than a quarter century. He now concentrates on his writing and has a blog site at <http://empireexposed.blogspot.com/>. He is also a regular contributor to [Global Research](#).
