“Citizens in many countries are waging a war on the cover-up of the basis for the so-called war on terror—this basis being the official interpretation of the 9/11 attacks. Along with the Internet, which has equipped both public figures and ordinary citizens to wage this war on the cover-up, David Ray Griffin has revealed dozens of omissions, distortions, and contradictions in the official story in a way that provides undeniable evidence of its falsity. The New Pearl Harbor Revisited presents a powerful exposé of the false narrative that has been driving the mainstream political agenda since 9/11. It is now up to politicians and journalists around the world to expose this truth to our peoples.”—Yukihisa Fujita, member of the House of Councilors, the Diet of Japan

“With this work, Dr. Griffin cements his place as the preeminent spokesperson for the growing number of people who demand answers to an expanding list of questions about 9/11. . . . Even those members of the 9/11 Truth Movement who have immersed themselves thoroughly in the subject will find new information here, presented in the precise and very readable style Dr. Griffin has brought to each of his books. . . . Absent a revival of investigative journalism—a dim prospect at best, in view of the media ownership concentration— books like this one, arming the informed citizen with solid information and providing a basis for demanding direct action, appear to be our best hope.”—Shelton F. Lankford, Lt. Col. US Marine Corps (Ret.)

“In The New Pearl Harbor, Dr. Griffin raised serious questions about the destruction of the World Trade Center—the part of the official conspiracy theory about 9/11 with which I have been especially concerned. Now, in The New Pearl Harbor Revisited, he continues to pierce the heart of the official story with his signature penetrating research, this time sharpened with arguments provided by physical scientists, architects, and engineers. He definitely delivers the technical goods. Message to authors of the NIST Report: The charade is over!”—Richard Gage, member of American Institute of Architects, founder of Architects and Engineers for 9/11 Truth

PUBLISHER’S BOOK DESCRIPTION

In 2004, David Ray Griffin published The New Pearl Harbor: Disturbing Questions about the Bush Administration and 9/11. Translated into several languages, it helped spark a worldwide movement demanding “9/11 truth.” Even as it became increasingly outdated, it continued to be widely cited as the best introduction to the issues.

Griffin has now written *The New Pearl Harbor Revisited*, which provides a chapter-by-chapter updating of the information provided in that earlier book. It shows that the case against the official account constructed by independent researchers—who now include architects, engineers, physicists, pilots, politicians, and former military officers—is far stronger than it was in 2004, leaving no doubt that 9/11 was a false-flag operation, designed to give the Bush- Cheney administration a pretext to attack oil-rich Muslim nations.

Taken together, these two books provide everything one needs to make an informed decision about 9/11—whether one is a journalist, a political leader, a religious leader, or an ordinary citizen concerned about truth, democracy, and the rule of law.

MORE ENDORSEMENTS

“David Ray Griffin stands at the center of one of the most impressive citizen research projects in history. In this superb new volume, he draws together a great quantity of recent evidence and demonstrates beyond question the fraudulent nature of the official account of 9/11.”—Dr. Graeme MacQueen, Founder of McMaster University’s Center for Peace Studies

“Nowhere is it clearer that truth is now considered quaint, obsolete here in Washington, than in the disingenuous non-answers to questions about the cavernous holes in the official version of 9/11—and the flippant attempts to marginalize intrepid souls like David Ray Griffin, branded “blasphemous” by the likes of Tucker Carlson. Facing straight into this rancid wind, Griffin now provides a definitive account that updates and integrates his earlier findings. Will Congress ever authorize an honest investigation of the seminal event of our time?”—Ray McGovern, former CIA analyst and presidential briefer

“President Bush and Vice President Cheney have many questions to answer in light of this book. This time they should have to testify separately and under oath. Unlike their testimony at the 9/11 Commission, behind closed doors, this should be open testimony.”— Jesse Ventura, Governor of Minnesota, 1999-2003

“This latest book by David Ray Griffin is scholarly research at its best. Meticulous empirical investigation and painstaking analysis are combined to refute the official 9/11 narrative. Every event surrounding the tragic events of September 11, 2001, is subjected to close scrutiny, ultimately with a view to revealing the lies and upholding the truth. In this fascinating and skillfully researched exposé, Griffin demonstrates unequivocally that the 9/11 attacks were an inside job.”—Michel Chossudovsky, Professor of Economics and author of *America’s War on Terrorism*

MORE ENDORSEMENTS

“You and I, along with all citizens of the world, are victims of a heinous crime. The conspiracy that generated the Twin Tower photo-op, blamed the 9/11 attacks on Arab Muslims, and misdirected truth-seekers by destruction of evidence and willful misrepresentation is masterfully exposed in this book. Who had the motive, means and opportunity to demolish three skyscrapers, including Building 7, which was not even attacked by a mere airplane? Who could penetrate the Earth’s most heavily defended air space and fortress—the Pentagon? What was their motive? Greed to concentrate power, to control access to the last drop of Gaia’s reserve hydrocarbon energy? But, alas, who thinks of our children? David Ray Griffin, apolitical scholar and theologian, was transformed by the coup d’etat into a superb scientist-journalist. By documenting the tragic 9/11 crime, this consummate educator has done us victims a profound service.”-- Lynn Margulis, Distinguished University Professor, Department of Geosciences, University of Massachusetts-Amherst, and National Medal of Science recipient

“Circuses use people to clean up their elephants—a dirty job, but someone has to do it. The 9/11 Commissioners evidently likened themselves to circus workers, cleaning up after the (Republican) elephant. They did a very sloppy job, making it easy to see that 9/11 was an inside job. The contrary view—that the 9/11 attacks were perpetrated by Arab Muslims—has been the source of innumerable evils, which threaten to destroy our country and the world itself. David Griffin’s *New Pearl Harbor Revisited* contains everything needed by Congress and the press to see through the most massive crime and cover-up in our history.”—Edward Asner, actor and citizen

“David Ray Griffin has again painstakingly laid bare the many lingering questions and inconsistencies of the official story regarding the horrific attacks of September 11, 2001. Sadly, millions of taxpayer dollars have been squandered on investigations that yielded no accountability, few answers, and fewer reforms. Yet, the attacks of September 11, 2001 have been wantonly used as political and policy fodder. Without truth, there can be no accountability. Without accountability, there can be no real change. Without change, we remain at risk.”—Monica Gabrielle, widow of Richard Gabrielle, who was killed at WTC2 on 9/11/01, and member of the Family Steering Committee for the 9/11 Commission
