We keep hearing that those who question vaccines are "anti-science". Nothing could be further from the truth. Listen to Robert Kennedy Jr.'s recent speech which "provides an inspired and detailed analysis of the extent to which the powerful pharmaceutical cartel has effectively captured the nation's scientific, regulatory, and law-making processes." That point of view is rarely if ever allowed in the mainstream media, which dismisses any discourse critical of Big Pharma as a conspiracy theory. The same goes for independent analysis of events such as the Oklahoma Bombing. On the twentieth anniversary next week, several important facts will not be covered by the mainstream media.

[Robert F. Kennedy Jr on Vaccines: Big Pharma has Captured the Scientific, Regulatory, Law-making Processes](#), [Prof. James F. Tracy](#), April 12, 2015

This has put big pharma in a position where it is running roughshod over informed choice and dictating vaccine policies that have little-if-any basis in scientific research yet will greatly contribute to that industry's already gargantuan profits.
