Dear Readers,

The world is changing - but whose voice is telling you how?

Global Research stands at a pivotal moment in its 19-year history. Increasingly we are faced with new challenges regarding how to keep our content flowing and accessible to all. The more people we reach, the better our chances to contain media manipulation.

We offer free access to the writings of a wide variety of expert authors from all over the world. In turn, Global Research needs [support](#) from its readership to unravel the web of deceit and media disinformation being fed to the general public. With your help we can grow our readership and contribute to an awakening of the people in these divisive times.

The Global Research [fundraiser](#) is underway. Thank you for your continued support during this critical period. Help us reach our goal of \$20,000 so we can continue to cover our running costs, please [click here](#) to donate or become a member.
