A prominent doctor is raising the alarm as trials for new “self-amplifying mRNA vaccines” have just begun in the United States before they are rolled out for public use.

The [Bill Gates-promoted](#) “self-amplifying” mRNA shots contain the equipment needed to make more of itself once it enters cells.

The injections have been dubbed “replicon” vaccines because they are able to replicate inside the human body to produce more mRNA over time.

Immunologist **Dr. Jessica Rose** is among several leading experts to issue warnings about self-amplifying mRNA vaccines.

During a recent hearing for the Canadian National Citizens Inquiry (NCI), Dr. Rose warned:

“We have this new technology being thrown at us right now, which is **next-level dangerous**, which is self-amplifying RNA, LNP, so-called vaccines.

“And the reason why I’m bringing it up as a segue is because on the 11th of November, the [FDA green-lighted a new product](#) to be phase one trialed in the United States in 200 people, humans, with the coding material for some genes associated with H5N1 virus.

“And I wrote two articles on this already,” Rose continued.

“I’m going to tell you, man, I’m pretty good at locating, like, at following a so-called paper trail online to get to...

“Who’s funding it? What’s the coding sequence? What are the genes?

“What’s the, I’ll explain this other stuff that people need to know about this.

“What’s the alphavirus that they used as a template?

“Like there’s no information at all about the alphavirus,” she noted.

“The genes that they were inserting into this, the lipid nanoparticle formulation, which may or may not be the same as the Moderna and or the Pfizer.

“Nothing and it’s all hiding behind this proprietary stuff and it’s like dudes listen besides the fact that this is worse than this gene-based therapy that you already injected into billions of people um we’re screwing with our genes here we cannot hide stuff this

involves everyone and this **self-amplifying stuff is even scarier.**"

Preparation for the new "vaccines" comes as other nations have already started rolling out the "self-amplifying" or "replicon" technology.

The new "replicon" Covid mRNA "vaccines" have been dubbed the "third atomic bomb" by renowned experts in Japan.

The "vaccines" were unleashed on the Japanese public in October after recently being [approved](#) by the nation's regulators, despite having no safety or efficiency data.

As Slay News recently [reported](#), some of Japan's most prominent scientists, doctors, immunologists, and academics are sounding the alarm over the new injections.

They are warning that the "self-replicating RNA vaccines" will "[trigger a worldwide disaster.](#)"

Dr. Robert Malone, the inventor of mRNA technology, traveled to Japan where he met with experts to discuss the new injections.

Malone revealed that there is an uprising emerging among the people of Japan.

Citizens had already been [taking to the streets in protest](#) over the previous Covid mRNA "vaccine" campaign.

Malone shared the details of the Japanese rally he attended that saw 30,000 people speak out against replicon injections.

"I just came back from Tokyo where they had a 30,000-person rally because they're about to deploy self-replicating RNA vaccines," Malone said.

"Japan is being used as the guinea pig for the world for this new technology.

"The Japanese people are calling this the **third atomic bomb.**"

Meanwhile, fears are growing that the new injections will soon be approved globally.

In Canada, doctors are [warning the public](#) that Canadian government regulators will follow Japan and approve the "replicon" mRNA injections.

One doctor called the shots the "next iteration of Frankenstein technology."

Oncologist **Dr. William Makis**, emergency medicine expert **Dr. Mark Trozzi**, virologist and vaccinologist **Dr. Byram Bridle** recently addressed the Japanese Parliament for this year's International Crisis Summit.

The three experts relayed their concerns after returning to their home nation of Canada.

They stressed that these new replicon "vaccines" are dangerous like their predecessors, the Covid mRNA shots.

"This is the next iteration of this Frankenstein technology," Dr. Makis said.

“We don’t know what this technology is going to do.

“We know it has all the negative features of the first generation of mRNA vaccines.”

Self-amplifying or “replicon” mRNA shots take Covid “vaccines” to the next level.

Makis describes the new Covid “vaccines” as mRNA shots “on steroids.”

The Worldwide Corona Crisis, Global Coup d’Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”

Reviews

This is an in-depth resource of great interest if it is the wider perspective you are motivated to understand a little better, the author is very knowledgeable about geopolitics and this comes out in the way Covid is contextualized. —Dr. Mike Yeadon

In this war against humanity in which we find ourselves, in this singular, irregular and massive assault against liberty and the goodness of people, Chossudovsky’s book is a rock upon which to sustain our fight. —Dr. Emanuel Garcia

In fifteen concise science-based chapters, Michel traces the false covid pandemic, explaining how a PCR test, producing up to 97% proven false positives, combined with a relentless 24/7 fear campaign, was able to create a worldwide panic-laden “plandemic”; that this plandemic would never have been possible without the infamous DNA-modifying Polymerase Chain Reaction test – which to this day is being pushed on a majority of innocent people who have no clue. His conclusions are evidenced by renown scientists.
—**Peter Koenig**

Professor Chossudovsky exposes the truth that “there is no causal relationship between the virus and economic variables.” In other words, it was not COVID-19 but, rather, the deliberate implementation of the illogical, scientifically baseless lockdowns that caused the shutdown of the global economy. –**David Skripac**

A reading of Chossudovsky’s book provides a comprehensive lesson in how there is a global coup d’état under way called “The Great Reset” that if not resisted and defeated by freedom loving people everywhere will result in a dystopian future not yet imagined. Pass on this free gift from Professor Chossudovsky before it’s too late. You will not find so much valuable information and analysis in one place. –**Edward Curtin**
