"The whole world thinks that Gaza is occupied by Israel. The truth is that the whole world is occupied by Israel except Gaza." (Anonymous)

This makes sense as the whole world - or its Western "leaders" (sic) - is cheering for Zionist-Israel. But Gaza and Palestine are defending their turf. Not to be occupied by Israel.

They will succeed. At a high cost. Yes. But Palestine will prevail. They will not be defeated, and the Zionist atrocities, the endless horrifying torture, the indiscriminate killing, bombing, shooting, destruction of vital infrastructure, hospitals, schools - more than 40,000 Palestinians killed, most of them in Gaza, of whom more than 70% women and children - MUST not go unpunished.

The Nuremberg Code on War Crimes and Human Rights MUST be revived.

In the last few days, mainstream and non-mainstream media reported of massive student encampments, protesting for Gaza, for Palestine against Zionist-Israel. It is almost reminiscent of anti-Vietnam War movements of the late 60s and early 70s.

According to Resistance News Network (@RNN_Messaging_Bot), this appears to be happening at more than 45 top universities around the world, including dozens in the US. Many of them Ivy League learning institutes, such as MIT, Harvard, Yale, Berkley, UCLA, Brown, Columbia, Emory, City University NYC, and many more.

They are joined by universities in Australia and France.

How real is this? A unilateral defense cry for Palestine, not only by Palestinian and Arab students but by students of all colors and creeds in solidarity.

Knowing that these largely Zionist-funded universities are likely going to crack down on these encampments – what has already started – students may be suspended.

Then, all of a sudden appears a more sobering set of news – namely that Soros’s *Open Society Foundation* is funding most of the student anti-Israel protests, as [reported three days ago by RT](#).

Why would Soros, the *Woke Master*, suddenly fund anti-Israel *cum* Zionist protests around the globe, of course, with focus on the US?

“Divide to conquer”?

Creating “false flags”?

Making believe that there is a huge pro-Palestine movement taking place at US universities?

It may give universities’ administrators the opportunity to officially – with much fanfare – crack down on student camps on university grounds, demonstrating concerned universities pro-Zionist-Israel stand (naturally, supporting their funders), letting future students know what they may be up to, in case they decide to apply to these universities.

The emerging bigger picture might be that student protests can be wiped out by the Powers-that-be, easily supported by the system’s forces of order, police, and military, if needed.

In which case Soros’s agenda is pro-Israel, pro-WEF, similarly as the *Woke Movement* supports the objectives of the WEF’s Great Reset and the UN Agenda 2030 – massive population reduction and control of every corner of human existence.

Almost simultaneously appear new speculations. RT reports that the International Criminal Court (ICC) could charge Israeli **Prime Minister Benjamin Netanyahu** and his top officials with war crimes and issue warrants for their arrest as early as this week. This is based on an NBC News report of 29 April 2024. Also included in warrants issued may be **Defense Minister Yoav Gallant**, army chief **Herzl Halevi**, and other unnamed senior military officers.

However, another sobering note, in NBC’s own words,

“Israel is working through diplomatic channels to try to stop the warrants being issued.”

Does anybody believe Israel may fail in her attempt to stop the warrants?

Who controls the ICC? Or asked differently, who dares going against the Zionist’s and Zionist-Washington’s “wishes”?

The ICC simply told NBC that it “*has an ongoing independent investigation in relation to the*

situation in the State of Palestine” and has “no further comment to make at this stage.” See [this](#).

*

What if the so-called student movement, the ICC “attempt” to arrest top Israeli officials including the Prime Minister, other apparently increasing protests around the globe against Israel, is but a new propaganda sting, demonstrating that despite all opposition to Zionist-Israel wiping Palestine off the map – stopping Zionism is not going to happen.

In the words of an “anonymous” above:

“The truth is that the whole world is occupied by Israel except Gaza.”

Once this lesson sinks in, the world may wake up and have a chance to free itself from Zionism’s evil claws.
