To the International Criminal Court:

*We are writing to you on behalf of [International Resistance Movement Against Neuro Technological Torture](#), an initiative of human rights organizations from Germany, Czech Republic, Canada, Netherlands, Belgium, Sweden, Poland, USA, to ask for your help for the many constituents in the world, who are being targeted unjustly or used as human subjects in experiments without their informed consent. We, and many others, are being **TORTURED AND MUTILATED IN A MIND/BODY CONTROL CONCENTRATION CAMP 24/7**, which would not happen in a properly functioning legal system/society.*

Victims of Directed Pulsed Radio Frequency (or Mind/Body Control, Electronic, Directed Energy, Neurological, Non-lethal, Remote Neural Monitoring, Psychotronic) weapons detail the most extreme and totalitarian violations of human rights in human history, including the most horrendous incidents of psychological torture, cyber-torture, mental anguish, physical torture and mutilations. Criminals may use Neurotechnology to implant some people with microchips or nanomaterials. Perpetrators place victims under continuous surveillance, no matter where they are. They monitor the human brain, including thoughts, reactions, motor commands, auditory events and visual images. They continuously alter consciousness, introduce impulses, commands, voices, noises, images, "dreams", and other disturbances into the brain. They directly manipulate, abuse, torture and assault bodies of victims, including performing advanced medical procedures from remote locations.

Victims of assault by the aforementioned weapons and technologies, psychological and physical torture experience all symptoms of the so-called "Havana Syndrome".

Some 'medical professionals' blatantly ignore all scientific evidence, and try to prevent exposure of decades of lies and false diagnoses of innocent civilians, victims of Havana Syndrome. These "doctors" may claim that causes of this Syndrome are mass hysteria, or sounds of crickets, or something like that. Despite a lot of such misinformation, the American National Academy of Sciences made a conclusion that many of the distinctive and acute signs, symptoms, and observations, reported by targeted Department Of State employees, are consistent with the effects of directed pulsed radio frequency (RF) energy. Victims of Havana Syndrome experience hard pressure on their heads and ears, ear pain, voices in their heads and torture with intense loud noise, nausea, dizziness, confusion, disorientation, fatigue, loss of memory, difficulty concentrating, insomnia, drowsiness, sensitivity to light, sensitivity to noise, blurred vision, loss of balance and coordination of movements, and many other symptoms. However, symptoms of Victims of Mind/Body Control Weapons are not limited to the above-mentioned.

These victims, many call themselves Targeted Individuals, may experience much more sinister, dangerous and harmful effects upon them:

- 1). Visual distortions and hallucinations, artificial dreams.
- 2). Manipulation of human behavior: forced speech, involuntary body movements, induced actions, transmission of specific commands into the subconscious, compulsory execution of these commands.
- 3). Manipulation of will, emotions, feelings, and sensations.
- 4). Induced thoughts, reading thoughts remotely, retrieving memories, implanting personalities.
- 5). Debilitation of mental acuity: disruption of ability to focus and think rationally and independently.
- 6). Never experienced before inadequate states, like narcotic intoxication, depression, obsessive desires and so on.
- 7). Cramps, seizures and spasms.
- 8). Excruciating pain in any part of the body, heart attacks, chest pressure, vibrations, burning sensations, cooked alive sensations, and other serious medical conditions.

Some targeted individuals are subject to harassment and organized stalking in their communities, some targeted individuals receive intentional **false psychiatric diagnoses** and in addition become victims of the systems, from which they are seeking help (medical institutions and law enforcement).

We have contacted Parliaments, Courts, police, Security/Intelligence Agencies and other Government institutions in our countries over and over and over again, but have had our appeals for assistance and protection completely ignored or suppressed. The governments' "doing nothing" in this situation is a form of sanctioning these horrendous, fascist mind/body control experiments on innocent and defenseless people. In addition, the government "doing nothing" is a form of protecting perpetrators, who carry out this experimentation on victims. That is why our governments are responsible for these crimes.

The governments must uphold the rule of National, International and Human Rights Laws, the Convention Against Torture, and protect their citizens. Instead, we see the huge disconnect between their professed principles and the reality.

It is our responsibility to record and alert the world to these appalling crimes and the extreme danger that these technologies pose to democracy, human rights, privacy, mental and physical freedom, and the health of all people. These are the most heinous weapons and crimes imaginable, and the people, using them, are mass-murdering conspirators, pursuing fascist, totalitarian, fundamentalist schemes.

Doctor Joseph Mengele and other Nazis, who started developing these techniques in concentration camps during World War II, were brought to America from Europe after the war to continue their atrocities. MKULTRA was the first known of these illegal and immoral experiments with unwilling victims. We are the latest victims. THIS MUST STOP. We, victims and representatives of the victims, demand:

- 1). That human rights finally are respected,
- 2). That the people responsible are exposed and brought to justice for these unspeakable crimes against humanity,
- 3). That the victims are acknowledged and compensated.

We ask the ICC to get to the bottom of this most serious matter based upon:

- 1). The evidence collected, intercepted, and compiled by victims for many years.
- 2). The stories, websites, articles, books, letters, of victims and victim organizations, that have been reporting these crimes on the Internet for more than three decades.
- 3). The Havana Syndrome testimonials (interviews) of US and Canada diplomats and security officers.
- 4). Statements from medical doctors: Dr. Michael Hoffer, Dr. Beatrice Alexandra Golomb, Dr. David A. Relman.
- 5). Statements from microwave experts: James Benford, Edl Schamiloglu, James C. Lin.
- 6). Statements from neurotechnology expert James Giordano.
- 7). Statements from Mark Zaid, lawyer, who had access to classified information.

These gross violations of human rights must be investigated immediately.

Please let us know if you have questions or want more information. We are of course willing to cooperate in any way possible with your investigation into this matter.

Annex

P.S. Evidences of the effects of Psychotronic (Mind/Body Control) attacks.

1. Affidavit of Doctor Hildegarde Staninger, dated November 4, 2009.
2. Curriculum Vitae of Doctor Hildegarde Staninger, Ph.D., a toxicologist, Industrial Hygienist, Doctor of Integrative Medicine.
3. Expert medical report from Doctor Hildegarde Staninger, dated June 14, 2009. This medical report substantiates the Psychotronic (Mind Control) ill effects on Galina Kurdina. It proves that she is a victim of specific electromagnetic and radio frequency fields that react with toxic nano materials in her body that are being created in universities and being utilized for monitoring, communications and sensory applications.
4. Addendum to an expert medical report from Doctor Hildegarde Staninger, dated October 22, 2009. This medical report substantiates the Psychotronic (Mind Control) ill effects on Galina Kurdina. It proves that she has toxic advanced nano materials in her system that are used as RFID micro chips to send signals to her body.
5. Affidavit of Doctor June Steiner, dated November 21, 2009
6. Curriculum Vitae of Doctor June Steiner, Ph.D., a duly qualified and licensed expert in the field of hypnotherapy and treatment of victims of Psychotronic Weapons.
7. Expert opinion from Doctor June Steiner, dated May 13, 2009. It proves that symptoms of Galina Kurdina are the result of Psychotronic (Directed Pulsed Radio Frequency Energy) Weapons attacks upon her person, and psychotronic effects cause a serious Post traumatic Stress Disorder. Galina's functioning is greatly impacted by Psychotronic influence, since emotional distress, inflicted by those, who do not believe her complaints, is harmful to her state of well-being.
8. Expert opinion from Doctor June Steiner, dated June 6, 2009. It proves that psychiatrists are negligent, because they do not want to investigate reported facts, research and look at the available authentic evidence of Psychotronic weapons attacks.
9. Affidavit of Private Detective Melinda Kidder, dated October 1, 2012
10. Curriculum Vitae of Melinda Kidder, a duly licensed private detective, owner of Columbia Investigations, a licensed and insured private detective agency.
11. Expert opinion from Private Detective Melinda Kidder, dated September 29, 2012. It concludes that perpetrators of implantation of Ms. Kurdina have been using and will continue to use this neurotechnology to electronically stalk and harass her, if the judicial system and law enforcement do not intervene.
