

Towards a Militarized Police State in America? Explosive New Revelations over “Jade Helm 15 Exercise” and Potential False Flags

By [Joachim Hagopian](#)

Region: [USA](#)

Theme: [Intelligence](#), [Media Disinformation](#),
[Police State & Civil Rights](#)

A growing segment of the American population is waking up to the implications of the Jade Helm 15 military operation to be conducted by Special Forces in conjunction with local [law enforcement, the FBI, DHS, the DEA and Border Patrol](#) across the entire Southwest. This massive unprecedented exercise will also [commence in June sooner](#) than first announced and last for 10 weeks through the summer till September 15.

The risk of it triggering civil unrest or that it may coincide with a potential false flag scenario followed by another possibly timed crisis situation is both feasible and real, despite mainstream media's ridicule dismissing any such possibilities as pure [paranoid conspiracy theory](#). What we do know for sure is this nation has turned into a militarized police state and that both the military and the government lie all the time.

We also are aware of the globalists' long planned agenda of a national crisis that would induce Obama to quash civil unrest by declaring martial law. A recent poll of Americans found that near half (45%) see Jade Helm as [imposing more control over the states](#). If martial law doesn't actually come to pass this time around, it certainly [sets the stage for next time](#) in this incrementally increasing militarization of America.

We also know that a specific Department of Defense manual [FM 3-39.40](#) has existed since 2010 delineating how the federal government in cooperation with the UN will respond to civil disturbance that includes FEMA camp roundups to fill waiting empty [Haliburton-refurbished prison camps](#) after a \$385 million no bid contract during the former CEO Cheney's vice presidency. We also know that each prison camp includes a tribunal section and a mortuary section along with psychological officers responsible for reprogramming US detainees. Despite this layout presented so matter-of-fact and by-the-book, Americans will be killed. During the upheaval of a national crisis, a lethal outcome is also most probable. Meanwhile, countdown to global war appears to be ticking away as troops from virtually [every nation are busily training](#) in preparation for a likely West versus East endgame scenario of World War III.

President Kennedy spoke of subversive forces operating inside the [shadow government](#) several months prior to those same forces killing him. And those demonic forces posing as our [international crime syndicate government](#) boldly went on unconsequenced by the JFK assassination to stage the worst [false flag in history on 9/11](#) giving birth to the [neocons' war on terror](#). And it's been all downhill ever since with nonstop wars, a runaway [deficit \(over \\$18 trillion\)](#), a fragile and broken global economy, and

within a few years after 9/11 a [militarized totalitarian police state](#). Long gone is America's once democratic republic, replaced by a fascist [oligarchy](#) controlled by a [military-security-prison complex](#). As [Obama's personal army, Homeland Security](#) has grown gluttonously evil bringing tyranny and oppression to the United States of America as never before.

But to those of us aware enough to study and learn from history, there are no accidents and no surprises here. Armed with the latest technology, the global elitists in control have done their homework, long in advance manipulating everything in its Orwellian place for these shuttering events and developments to unfold. From the overreaching CIA grooming their [Manchurian Candidate president](#) to his unqualified meteoric rise to puppet power, Obama was the perfect made man for the job. Obscured by a shadowy, made over past that includes a [fake birth certificate](#), he was steeped in [Communist ideology](#) and socialist collectivism by his deep connection with ex-terrorist Bill Ayers (who also was the Common Core architect responsible largely for dumbing down public education) and fellow mentor Saul Alinsky. Obama displayed [dazzle as an early orator](#) on the big stage of big politics, wore the right skin color to prey on people's hope for change and progress, appearing as a different kind of leader who many thought would represent the common people, a unifier and uplifter for the downtrodden. Boy were they dead wrong!

Once elected, Obama became the Manchurian Trojan Horse presidential imposter occupying the White House. This is the same man as presidential candidate who bragged and promised as a former constitutional law professor for over 10 years that he'd be the most open and transparent president in US history after the criminal Bush regime. Then once Obama became president, he only demonstrated that he is the [most secretive](#) and closed off president in history. Even worse, in the same speech he denounced Bush and Cheney for violating America's rule of law, he proposed to develop "[an appropriate legal regime for indefinite prolonged detention of American citizens](#)" prior to ever breaking the law based purely on the government's suspicion that they may become a future threat to national security. This statement uttered early in his first term ominously spelled out his sinister agenda to lock up and throw away the key to any citizen that he and his minions believe might become a future threat.

Based on Obama and his administration's subsequent actions, their definition of "future threat to national security" is simply anyone who disagrees with his treasonous policies, DHS declaring them a [greater threat than even ISIS](#), which is really quite telling. Those citizens honest and brave enough to expose the criminal truth about his evil agenda betraying our Constitution, nation and people have been singled out and targeted on dissident watch lists.

Americans believing in our Constitution who object to the feds' criminality of constantly violating the nation's rule of law that used to protect citizens with privacy rights over unlawfully invasive surveillance and search and seizure, the right to peaceful assembly to public protest, the right to own a gun, the right to freedom of speech and religion, the right to due process, the right to habeas corpus dating back to the 1066 Magna Carta, all these previously [guaranteed civil liberties under Bush-Obama were usurped](#) and denied Americans. The [2012 National Defense Authorization Act](#) was a traitorous package deal depriving us of all these rights, as well as violating and repealing the 1878 Posse Comitatus law prohibiting US military from involvement in civil matters that fall under state National Guard and law enforcement jurisdiction.

This president and his DHS in one fell swoop have equated US patriots who are returning [veterans from warfronts](#) (regardless of war) as potential home grown terrorists. So after placing their life on the line for their nation in combat, risking and often incurring serious life threatening injuries while experiencing the trauma of witnessing their comrades die sacrificing their lives for their nation, upon return home from US Empire's blood for oil wars, their nation turns on them in betrayal, calling them terrorist threats and developing a criminally subversive plan to remove not only their private weapons [violating their Second Amendment](#) right, but physically removing them from society by locking them away in prison or worse killing them under false suspicion they might become homegrown terrorists. This is how our diabolically treasonous and insane government led by our current commander-in-chief repays our veterans. It's unbelievably despicable that America's come to this.

On to another targeted population, Obama has harassed, threatened, accused and locked up more [journalists and whistleblowers](#) than any previous administration ever. Moreover, he has charged more whistleblowers with violating an antiquated [1917 espionage act](#) for treason than all past presidencies combined, sentencing them [to jail time 25 more times](#) than all previous combined. The least transparent president in history also [denied more Freedom of Information Act requests in 2014](#) than all previous administrations, only proving himself to be the most vindictive, revengeful, secretive despot president in history.

When Obama came to power everything was in place for the globalist war machine to continue uninterrupted, unleashing the [same imperialistic US Empire aggression](#) launched by the war criminal invaders and occupiers Bush and Cheney. Following his globalist marching orders, Obama seamlessly maintained the Empire's role as world policeman and murderous bully around the globe. He prolonged the war in Iraq for another three years in time to claim credit for ending the Iraq War during his reelection campaign. In the other decade-long war he ensured the fighting in Afghanistan would continue unabated for another half dozen years. Then with the help of Israel and Saudi Arabia, he [created ISIS](#), which conveniently provided the fine print disclaimer ensuring the US-NATO military presence in both war ravaged nations would be on an as needed, [permanent basis](#).

In the meantime hidden from public view, Obama guaranteed the proliferation of new, sneakier kind of lower intensity, out of sight, out of mind wars around the world fought by none other than the killer elite Special Forces. Now [Americans cannot even tell you who the US is at war with](#) because it's all a deep state secret. Did I mention Obama's the most secretive prez in history? Investigative reporter and author Nick Turse has determined the exponential growth of US Special Operations at last count over a year ago is deployed in [more than 134 nations](#) around the globe with the highest concentration throughout most of Africa and much of Central and East Asia. That's most nations on earth along with a thousand US military posts around the world.

Expanding the presence of US proxy wars, Obama refined a new and improved formula for churning out the most barbaric, savage, seemingly [unstoppable monster enemy](#) of them all - the Islamic State (IS). Pretending IS jihadists are the most evil enemy since Russian Communists, complicit in showcasing their [staged youtube beheadings](#) to horrify the world for effect, Obama secretly engineered their [expanding global dominance](#) in Syria, Iraq, Afghanistan, Libya, Yemen, Somalia and possibly just eight miles from the US border near El Paso in Mexico where reports from Judicial Watch recently claimed a high ranking Mexican police and a military officer stated ISIS is currently undergoing joint training operations with the drug cartel ostensibly to potentially terrorize Americans on US soil during Jade Helm. Of

course the US government vehemently denies the presence of Islamic State in Mexico yet [speculation still lingers](#) based on US FBI and DHS meetings with Mexican authorities. In any event, the bottom line if the US really wanted to destroy ISIS, as the [most lethal killing force on earth, it could eliminate Islamic State forces](#) within a month.

Apparently it was two homegrown ISIS fighters from Arizona that [showed up in Dallas](#) bent on a shooting spree at a cartoon contest lampooning Islam earlier this month in what seemed a staged event, the same state deemed “hostile” by the Jade Helm game plan. Then came the bizarre mass [biker gang shootout](#) killing 9 in Waco, Texas a week ago. Evidence is coming to light that hidden [ISIS recruiters](#) are presently embedded in US, UK and Canada college campuses around those Western nations attempting to entice non-Muslims to join their cause. Based on a recent UN report almost two months ago, more than [25,000 new recruits](#) did join from most countries in the world just since June last year. Whether ISIS is really here in North America amongst us or not, Washington’s been hyping the eminent dangers posed by [right wing domestic terrorists](#) lurking to kill government authorities like police, almost as if to prep us for an upcoming false flag that could occur during Jade Helm.

As the [US-created hired gun](#), after training, arming and financing Obama’s secret ally that holds a calling card reading “Terrorism-R-Us-Will-Travel,” Obama and his globalist puppet masters have been increasingly outed with incontrovertible evidence of newly [declassified documents](#) that the so called ISIS enemy is actually a mere extension and creation of the US, its Western allies and their oligarch masters. It was just released that the Pentagon had devised a plan back in August 2012 for the rise of ISIS (that we never even knew existed then) to later [take over two key Iraqi cities Mosul and Ramadi](#). Is it any wonder that Iraqi security forces simply cut and ran without a fight from both cities?

The latest disturbing revelations surfacing are disclosures from whistleblowers inside the military high command and a recently retired Homeland Security officer. One recently purged lieutenant general among the 270 high ranking military officers Obama has forced out of the service has just revealed [in an email](#) that this summer’s Jade Helm will in fact bring not only dissident extraction but the start of “a ground war, city by city, street by street” to America. The anonymous retired three star general went on to write:

Additionally what is coming will be unlike any civil war in history, it will be very personal, the government will call the Patriots forces terrorists and traitors, they will arrest, intern, torture and murder suspected terrorists families, this will result in bloody reprisals which will start a vicious cycle lasting for years.

Lending credibility to his dire prediction was the general’s assignment in 2012 to be part of a [Pentagon study](#) assessing the rank and file personnel in all the US armed forces on whether they would be willing or not to fire upon and kill US citizens in a civil war scenario. He revealed that 80% of the National Guard would side with the American people, 90% of the Marines also, 60% of the Army would, the Navy would remain on active patrol in defense to interdict any possible foreign intervention and only the Air Force will side with Obama’s government at 75%. So from his email he believes the majority of US military would fight right alongside Americans against the government oppressors. It was alluded that a number of veterans up and down the ranks would also be armed as patriots actively resisting the government attack on its own citizens, which would far outnumber the treasonous

government forces. But the bottom line according to this high ranking flag officer, an all-out civil war is fast approaching where many US citizens are likely to die and be imprisoned.

Another anonymous career [insider from Homeland Security](#) just admitted:

Preparations have been finalized to respond to a crisis of unprecedented magnitude within the United States. The response will include the use of lethal force against US citizens under the instructions of Barack Obama.

The whistleblower described the atmosphere inside the DHS mega-bureaucracy as forebodingly paranoid where no one trusts anyone and workers are leaving in droves. Afraid of information leaks, conditions have become so oppressive to create an ultra-hostile, toxic work environment. The DHS retiree maintains that the upcoming crisis will be “rooted in an economic collapse.” He said a key precursor just before the crash to look for will be falling gold and silver prices. The orchestrators behind it are the Wall Street bankers who of course like with every fixed crash in the past will be busily buying up all the precious metals for untold illegal profiteering. The insider maintains that America’s already sliding into crash mode though most people don’t realize it yet, [adding](#):

The ‘big bang’ comes at the end, when people wake up one morning and can’t log in to their bank accounts, can’t use their ATM cards, and find out that their private pension funds and other assets have been confiscated.

He states that the above scenario of a cyberattack on the US banking system is but one possible plan he was privy to. Though the whistleblower admitted that DHS, the NSA and IRS are all militant, totalitarian arms of the White House, he doubly [emphasized](#) that it’s not Obama pulling all the strings:

[Obama] is a creation of the globalists who have no allegiance to any political party. He is the product of decades of planning, made for this very time in our history. He was selected to oversee the events I just disclosed. Who has that ability? He’s a product of our own intelligence agencies working with the globalists. He should be exhibit ‘A’ to illustrate the need to enforce the Logan Act.

Unlike the whistleblowing general, the former Homeland Security employee said he did not know the exact timing of when he foresees the plan being executed with high probability of two near simultaneous false flags triggering martial law and the violence directed against US citizens. But the general did, feeling certain that Jade Helm would go live in response to government induced crises. Because we live in an interconnected global economy, the disaster that will soon afflict the US will reverberate with ripple effects around the globe. And though many Americans will refuse to believe any such malevolent harm can possibly come to the United States that relative to most of the world has had it so good for so long, the globalists responsible are heartless evildoers who have no compassion or guilt for the atrocities and suffering they directly inflict on humankind. Bringing down America puts them one huge step closer to one world government. It will be up to us patriots like the revolutionaries of our War of Independence to fight for our liberty and life for a rebirth of a new nation fashioned after what originally was our Founding Fathers’ lasting legacy.

Joachim Hagopian is a West Point graduate and former US Army officer. He has written a manuscript based on his unique military experience entitled [“Don’t Let The Bastards Getcha Down.”](#) It examines and focuses on US international relations, leadership and national security issues. After the military, Joachim earned a master’s degree in Clinical Psychology and worked as a licensed therapist in the mental health field for more than a quarter century. He now concentrates on his writing and has a blog site at <http://empireexposed.blogspot.com/>. He is also a regular contributor to [Global Research](#) and a syndicated columnist at [Veterans Today](#).
