*As the jumped-up, self-proclaimed, blonde new ruler of the world gives away half the Palestinian West Bank to the current Israeli military occupier, the world watches in amazement at the idea that this unbalanced popinjay - currently facing impeachment - could possibly be elected for a second term.*

What on Earth happened to integrity and the rule of law? What happened to the Geneva Conventions? What happened to the NPT? What has happened to America? How is it possible that the world has to succumb to the unlawful activities of the Gang of Three: Trump, Pence and Pompeo?

The idea that this dangerously out-of-control triumvirate is allowed to continue to trample on international law by overturning hundreds of years of legal consensus around the world, is a frightening indication of corrupt government and leadership.

The activities of the Gang of Three becomes more bizarre every day as they configure both America and the world to their own personal advantage. It is reminiscent of the recent rape of South Africa by the Gupta family.

Who would have believed that after Truman, Eisenhower, Kennedy, Reagan and Obama, the American people would then make the gigantic error of electing a hotel developer with no political experience to run the most powerful state in the world? A man who cannot read and write but is adept at tweeting and philandering.

This political aberration must be dealt with once and for all by the electorate.

Time is now of the essence as the nuclear clock is already now at two minutes to midnight. These are very dangerous times. The clowns must go otherwise the United States will eventually mirror lame-duck South Africa - a country hugely rich in natural resources but now near to collapse, and that, for America, would be a complete tragedy for the entire world.

Annexation of the Palestinian West Bank is unlawful and a criminal act of the Israeli state in collusion with the Gang of Three in the White House. The international community must condemn and reject such acts of forced colonisation. This is 2020 not 1936.
