United Nations Resolves Palestinians Have the Right to Return and Live in Peace

The United Nations General Assembly, in 1948, passed UN Resolution 194 that resolved the right of Palestinians to return to their traditional homes and live in peace with their neighbors. The forcibly evicted Palestinians, and their descendants ever since have held, among their most prized possessions, the sacred keys that once opened the doors to all their homes from which they were originally evicted by the Global Zionist Jewry.

Sheikh Raed Salah, the head of the National Branch of the Islamic Movement in Israel, has vowed Islam will ultimately save the West from slavery to global Zionism.

But it's long past any remote notion of a 'high time' coming, since the Zionist Jewish citizenry of Israel and the collective world should already have long since woken up to the unvarnished truths about the hideous nature of Global Zionism that, since 1948, has become one of the main suppliers of weapons of mass destruction that has encouraged other nations, throughout all the hemispheres of the earth, who've since 'been poisoned, corrupted and encouraged by Israel's war armaments industry to use against their own people and neighbors.

One could argue that Global Zionist Israel, like its main ally the United States of America, and their war armament offsprings, like Israel Weapon Industries, Israel Aerospace

Industries, Northrop Grumman and Raytheon Technologies, since their inceptions, have all been drug pushers of war and hate that, since their earliest inceptions, have served as constant banes on humanity that have turned the entire planet and its human denizens into a veritable hell-hole.

One especially-critical, pressing, still unresolved world matter, in particular; is: **how and why Palestine originally was allowed to be illegally occupied by Zionist Israeli's terrorist forces seventy-five years ago, and; how and why world leaders, the United States in particular, collectively avoided doing anything to prevent or resist it from happening;** only incentivize and financially enable it to continue to do so for their own global goals of conquest and domination.

Another still unanswered question is: how and why the non-stop occupation by ever-greater numbers of anti-Palestinian Zionist settler-colonist Jewry have-been allowed to continue, in spite of one UN resolution after another to the contrary, to push the Palestinian people into every smaller Bantustans of their former homelands, that has now led to the existing life and death war in Gaza for both Palestinians and Israeli Jews that since has turned into an unspeakable mass genocide against the Palestinians.

It's patently clear that unless the genocide is soon stopped, it will most assuredly lead to either the complete extermination of the Palestinian peoples or their complete eviction from their original homelands; with Israel's crystal-clear intent that once the Palestinians leave, they will never again have any right to ever return; with the additional outrage that many capitalistic governments in the world, led by the woeful, despicable leadership of the United States and its allies in the United Nations will, no doubt, refuse to support any type of BDS (Boycott, Divestment, Sanction) Movement to stop the genocide of innocent Palestinian men, women, children and infants; even at the risk of allowing the war to turn into a regional or worldwide conflict between the entire Arab and Western Worlds, with unknown and unpredictable implications.

Zionism from the Beginning Has Been About Creating a Fascist State

To learn some of the unvarnished truths about the real insidious origins of Israel's Zionism and how this cancerous travesty against humanity first began, one can do no better than choose as a starting point, if the world is to avoid the impending tragedy that awaits, by listening to Asa Winstanley and Norma Barrows-Friedman's interview of Tony Greenstein, author of *"Zionism During the Holocaust"*.

Greenstein extensively documents the historical collaboration of the Zionists on a continuum spanning early 20th century Nazism to Winston Churchill and England's Labor Party; while revealing the reality that Zionism never had a problem with anti-semitism because its main goal was primarily to build a 100% fascist Zionist state in Palestine

Greenstein points out how Zionist Israel continued this dialectic by actively collaborating after WWII with far-right fascist regimes in the Southern Hemisphere like: Guatemala; Nicaragua, Paraguay, Chile and Argentina, as well as elsewhere throughout the world-. Greenstein exposes in the process the fact that the goal of Zionist Israel all along has unequivocally been to create a 100% Zionist Jewish State that never intended to include the Palestinians.

Chris Hedges Review of the Genocide Being Committed in Gaza

For anyone who wants a clear, concise and comprehensive overview of what is currently happening on the ground in Gaza they can do no better than listen intently to the Pulitzer Prize-winning-author and journalist Chris Hedges, who was a foreign journalist for the New York Times and served as its Middle East Bureau Chief for fifteen years.

Hedges was a close friend of Alina Margolis-Edelman, who was part of the armed resistance in the Warsaw Ghetto Uprising in WWII when the Nazi had sealed 400,000 Polish Jews inside the Warsaw Ghetto, not unlike Hamas and the Palestinians sealed in Gaza. Here husband, Marek Edelman, was the deputy commander of the uprising and the only leader to survive the war.

The trapped Jews died by the thousands, like the Palestinians, from starvation, disease and Nazi violence. When the Jews began to be transported to the extermination places, the resistance fighters fought back as Hamas now is doing in Gaza. None ever expected to survive either in Warsaw or in Gaza.

Edelman, after the war condemned Zionism as a racist ideology, used to justify the theft of Palestinian land. He sided with the Palestinians and supported their armed resistance.

Like Edelman who thundered against Israel's appropriation of the Holocaust to justify its reprisals of the Palestinians, Chris Hedges thunders against the Zionist's false claim that they, too, have the same right to exist on their stolen lands of the Palestinians as do the Palestinians, themselves.

Hedges points out that the war in Gaza isn't against Hamas per se, but against every Palestinians man, women, child, infant and new born because the intent of Zionism is to erase the very idea of Palestine, as well as the idea of Palestinians, themselves, as a people. Hedges points to the fact that its coded within the very DNA of Zionism and White Western Imperialism.

Zionism, from its inception, was intended to be a pure state of ideological Zionism, with no One State or Two State Solution ever intended, other than a Third State Solution where the Palestinians, en masse, were to be shipped off somewhere in the Sinai Desert to Jordan, Lebanon or Egypt.
