Enough is enough! There have been plenty of empty talk and peace conferences, more than enough of begging: "Please, West, stop murdering people, stop your genocides, stop robbing all continents of their resources, stop enslaving billions!"

Look where it has ended up! Nowhere. Absolutely nowhere. The more people begged, the more they protested, the harder the West hit.

Rulers in Washington, London and Paris have no mercy. They have no sense of justice. They only know greed and power.

On February 13, 2019, RT reported:

"The US staked a claim on half the world, as Senate Armed Services Committee chair Jim Inhofe said Washington might have to intervene in Venezuela if Russia dares set up a military base not just there, but "in our hemisphere.""

"Our hemisphere"!

Finally, it is all out in the open. The good old 'Monroe Doctrine'. In the Western Hemisphere (which is obviously owned by the U.S.), there is not one single 'Latin' country where the West has not overthrown the government, where it has not raped the will of the people, where it did not stop socialism. From the Dominican Republic to Chile!

Do you know why we have fascism in Brazil, Colombia and elsewhere? Because our left wing leaders have either been murdered, or imprisoned.

The record of human rights violations is monstrous. The cynicism of what has been going on is equally repulsive.

And now, Washington basically warns Russia and others: Do not dare to come close and help your friends and allies in the region! Just stay back and watch from a safe distance, how we rape one country after another. And if you dare to intervene, we will hit even harder at the victims. We will not only violate Venezuela: we will kick her with our military boots, we will put bullets through her arms and legs, chain her as we did the African slaves who built our country! We can do it, because Europeans, those colonialists whose blood circulates in our veins, and those South American elites, who are of the same stock as we are, would again sit in their cafes and on their couches, enjoying the show, applauding us

from distance!

This should be the last drop. No, no more words, please. Action! This banditry, this terrorism has to be stopped.

Mr. Trump, Mr. Inhofe, damn you! People are not cattle and they are not slaves. You wish they were, but they are not! You treated them like animals, you fooled them, robbed them of everything; you and your kind, for decades and centuries. But even you yourself must be aware of this, or at least suspect: all this atrocity has to end; one day, very soon!

RT commented:

Inhofe said that a flow of Russian troops or weapons into the Western hemisphere "would be a threat to the United States of America." The United States, meanwhile, reads from a different rulebook.

The US maintains nearly 800 military bases in over 70 countries worldwide, with a foothold on every continent. And, while Inhofe wants to keep an entire hemisphere free from Russian influence, the US is currently in talks to establish a permanent military base in Poland, right on Russia's doorstep. Given the long history of animosity between Poland and Russia, the Polish government has offered to cough up \$2 billion towards setting up the base.

Further afield, no hemisphere is beyond the reach of the United States. The US military divides the globe up into six Combatant Command 'Areas of Responsibility,' which it maintains in times of peace and war. Russia, meanwhile, divides its territory into four military districts, all within its own borders.

Who agreed on this sick double standard? Who gave green light for this terror? France, Germany, U.K. and few other Western countries/beneficiaries? Is this what China wants, India accepts?

Venezuela is our sister. It is the sister of Russia and Cuba, of Iran, Bolivia and even China.

This is truly a decisive moment.

Compromises and weakness of the past broke the neck of the anti-imperialist struggle; compromises during the Gorbachev and Yeltsin eras led to the destruction of Afghanistan, of Yugoslavia, Iraq and several other countries. History should never repeat itself!

Reason is not what can be expected from the West. It controlled the entire world through colonialism, and it now tries to do the same by imperialist thuggery.

If it is not stopped, it will again subjugate our entire planet.

Russia, Cuba, China, Iran and others have to defend Venezuela! If necessary, they should fight for it! Decent people and decent countries should not negotiate with brutal and merciless bandits. They should not be told by brigands what to do and how to behave; what actions to take!

There should be no double standards, anymore, if we want our humanity to survive.

For years and centuries, the West has been pushing; it is trying to see, how far it can go and what it can get away with. If it is not stopped, it will take it all. If non-Western countries do not fight for their rights in unison, protecting each other, they will go back to where they used to be – to slavery. It is not a fantasy – just look at the world map of the very beginning of the 20th century! We have already had this situation on our Earth, before.

In Venezuela, if we have to fight, we will be fighting for Johannesburg and Moscow, Beijing and Havana, for Teheran, Damascus and Mexico City. We will be fighting against oppression, slavery and colonialism.

Thank you for your honesty, Mr. Inhofe! Your words sound very familiar: we heard them before, in London, Paris, Berlin and Pretoria.

And this is our reply to you: you are not a global policeman, you are simply a thug who has to be stopped! And sooner than later, humanity will curse you, and your bloody imperialist degeneracy will be put to an end!
