British Member of Parliament Andrew Bridgen last week called for the death penalty for Bill Gates and the “Covid cabal” which he said committed “crimes against humanity” during the Covid pandemic.

“Heads of governments around the world and others below them have engaged in what is tantamount to treason against the public,” declared Bridgen in response to a rebuttal from his colleague Penny Mordaunt, who is a long-term World Economic Forum (WEF) member.

During a round of Business Questions in the UK House of Commons, Bridgen said:

“I’ve always opposed capital punishment on the principle that it’s wrong to take a life so it can’t be right for the state to take a life in revenge. Events have caused me to reconsider my position.”

Bridgen continued:

“So can we have a debate on crimes against humanity and the appropriate punishment for those who perpetuate, collude and cover up for these atrocities, atrocities and crimes so severe that the ultimate punishment may be required?”

Business Questions are the oral questions to the Leader of the House that MPs are allowed to ask.

As expected, UK liberals, including Mordaunt, and media dismissed Bridgen as a “conspiracy

theorist.”

“It is appropriate that the finale of this session, which has featured so heavily conspiracy theories, should fall to the honorable gentleman,” Mordaunt said of Bridgen.

Bridgen said he has reached out to the Commissioner of the Metropolitan Police, Mark Rowley and plans to organize a meeting where experts and whistleblowers will present evidence to demonstrate criminal activities conducted by senior members of the UK government and civil service during the pandemic.

Bridgen also said that a senior cabinet minister shared details of a plan to use what he referred to as “turbo cancer” to depopulate the world. According to Bridgen, this revelation unfolded in the tea room at Westminster Houses of Parliament. The unnamed minister allegedly conveyed that Bridgen would be “dead of cancer soon” due to being misled into taking the vaccine during the pandemic.

“You can speak out all you want,” the minister told Bridgen. “It doesn’t matter. You are vaccinated. You will be dead of cancer soon.”

Bridgen, who has served as Member of Parliament for North West Leicestershire since 2010, has become a prominent voice in the fight against globalist authoritarianism in the UK.

Previously, Bridgen called on the House of Commons to call for the UK government to “immediately stop the mRNA vaccine booster program and initiate a full public inquiry into not only the vaccine harms but how every agency and institution set up to protect the public interest has failed so abysmally in its duties.”

The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”

Reviews

This is an in-depth resource of great interest if it is the wider perspective you are motivated to understand a little better, the author is very knowledgeable about geopolitics and this comes out in the way Covid is contextualized. —Dr. Mike Yeadon

In this war against humanity in which we find ourselves, in this singular, irregular and massive assault against liberty and the goodness of people, Chossudovsky’s book is a rock upon which to sustain our fight. —Dr. Emanuel Garcia

In fifteen concise, science-based chapters, Michel traces the false covid pandemic, exposed by the PCR test, producing up to 97% proven false positives, combined with a relentless TV & Radio campaign, was able to create a worldwide panic-laden “plandemic”; that this had been the only way never have been possible without the infamous DNA-modifying Polymerase Chain Reaction test - which to this day is being pushed on a majority of innocent people who have no clue. His conclusions are evidenced by renown scientists. —Peter Koenig

Professor Chossudovsky exposes the truth that “there is no causal relationship between the virus and economic variables.” In other words, it was not COVID-19 but, rather, the deliberate implementation of the illogical, scientifically baseless lockdowns that caused the shutdown of the global economy. —David Skripac

A reading of Chossudovsky’s book provides a comprehensive lesson in how there is a global coup d’état under way called “The Great Reset” that if not resisted and defeated by freedom

loving people everywhere will result in a dystopian future not yet imagined. Pass on this free gift from Professor Chossudovsky before it's too late. You will not find so much valuable information and analysis in one place. -Edward Curtin
