UN Bullies in meticulous suits have launched another hospitals bombing psywar campaign to support NATO's last terrorists in Idlib. It should be scandalous, international news, that key members of the United Nations continue to ignore the Geneva Agreements on hospitals, continue to ignore the UN's own charter, continue to bray and bleat for terrorists occupying Idlib, while the UN and NATO countries maintain the savages on their terror lists.

But, no! These minions of Beelzebub are secure in knowing that approved media sources are part of that Military Industrial Complex, that they are free to pimp war, pimp corruption, engage in all forms of criminal lies with the impunity of those whose *might makes right*.

bully¹ [**bool-ee**] SHOW IPA 

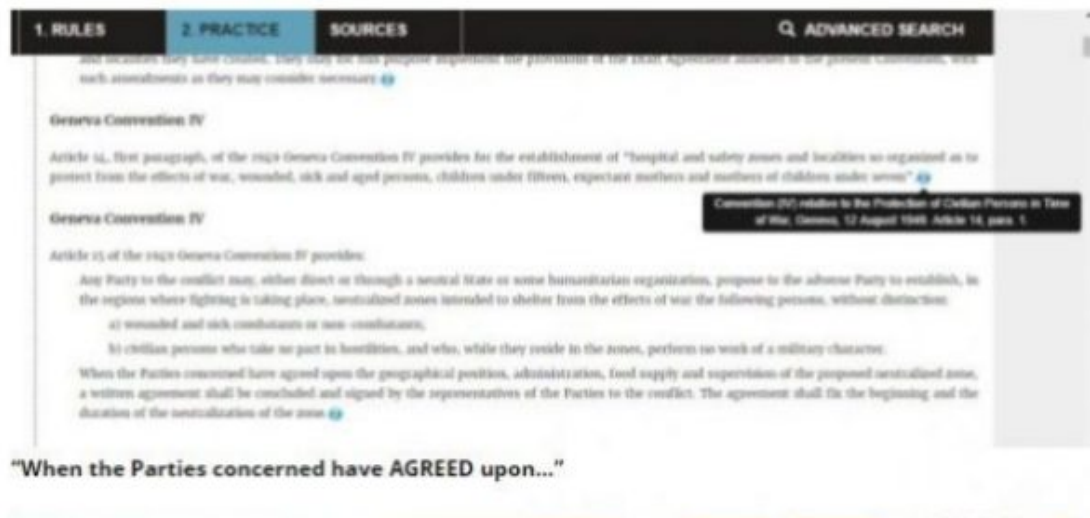

SYNONYMS | EXAMPLES | WORD ORIGIN [SEE MORE SYNONYMS FOR bully ON THESAURUS.COM](#)

noun, plural bul·lies.

- 1 a blustering, quarrelsome, overbearing person who habitually badgers and intimidates smaller or weaker people.
- 2 *Archaic.* a man hired to do violence.
- 3 *Obsolete.* a pimp; procurer.

Again, the [Geneva Conventions](#) are clear that the host country of a war zone must agree to neutral zones for hospital facilities. Without such agreements, no hospitals can exist.

Geneva/ICRC Treaties require authorization from the host country. *"mutual recognition of the hospital zones."* and that the ICRC *emblems* be clearly visible.

Geneva Treaties: Parties must agree. Anything else is a breach of international law & national sovereignty.

UN 'diplomats' & NATO journalists should read the Geneva Treaties.

Last month, Syrian ambassador **Dr. Bashar al Jaafari** addressed the UNSC, on [Idlib and NATO's war of terror](#) against the Syrian people.

...if the White Helmets have opened a room in a cellar in a building, where it launches missiles and shells from, this is another thing; this is not a hospital. This is not a hospital; this is called a makeshift medical facility. This is a hallucination and a cinema on the ground when they call it a hospital. It is not a hospital. It is a room they open in a cellar in one of the buildings used for bombing civilians and the Syrian Arab Army from.

Also, last month, H.E. Jaafari informed the Security Council that there are 8 hospitals in Idlib: 4 public and 4 private. At another of the never-ending meetings on the "Humanitarian Situation" in his country, Dr. Jaafari explained that the [US-based SAMS](#) gang is embedded with terrorists, has no authority to be in Syria, and therefore runs no hospitals in the SAR (unrestrained by diplomatic protocol, this author previously provided [evidence that SAMS](#) was either lying or engaged in human vivisection; [evidence of its terrorist affiliation](#) left behind in liberated Ghouta; evidence of [collaboration in terrorist massacre](#) in Douma).

If a Saudi-run gang of armed, Captagon-fueled human pathogens hangs a nice sign outside of a moped garage, saying "surgical hospital created & founded by Jaysh al Ezza," no matter how many US university [NGOs](#) claim it is a hospital, **it is still not a hospital.**

Does anyone remember the UN uttering a single word of condemnation when the [FSA](#) — armed and funded by the P3 countries — was engaged in the wave of [assassinations against Syrian physicians](#) and professors of medical schools? Lamentations over the destruction of [real](#) hospitals such as al [Watani, al Kindi, and Jisr al Shoghour](#)?

Here are some recent breaches of international law and atrocities against Syria, that the rabid hyenas of the UN have neglected include in their humanitarian concerns:

- [Massacre of civilians](#) in Aleppo countryside
- Mad Hatters meeting to dedicate the [fake Trump Heights](#) on Syria's Golan
- The torching of farmers' [wheat fields in Qamishli](#)
- Oil pipelines sabotaged at [Tartous Marine Terminal](#) and Shaer Gas pipeline in Homs
- An attempt to blow up the [Church of the Virgin Mary](#), in Qamishli
- Civilian massacres in [Aleppo, Damascus, and Hama](#)

Yesterday, the UN leadership again demonstrated it is not neutral, nor does it engage in promoting "[peace and security](#)," despite its marketing claims. Shamelessly ignoring the above-noted horrors against the Syrian people, on 30 July, during its 'humanitarian' conjugal meeting, the gang again provided evidence of being press liaison for al Qaeda in the Syrian Arab Republic.

'Do something'; UN relief chief urges Security Council action to stop the Syrian carnage unfolding 'in front of your eyes'

Is UN News headline a breach of Nuremberg Principle VI? Engaging in criminal propaganda is a “crime against peace.” Engaging in propaganda against a member state is a breach of its own charter.

Mark Lowcock — “UN relief chief” — again bragged about [hearing voices](#) when he addressed the SC over concerns for hospitals that don't exist, imaginary physicians, and al Qaeda terrorists occupying Idlib.

Mark Lowcock 
 @UNReliefChief

Today I briefed the @UN Security Council on behalf of Dr. Mohammed, his patients, the people of Idlib, and the rest of Syria. For the last 90 days, the Council has done nothing as the carnage continues.

In December, the non-Syrian who claims to speak for Syria, turned away when the Syrian ambassador who provided documentation that [Lowcock had falsified](#) the statistics he gave when haughtily speaking for “Syrians.”

Almost immediately after the supporters of al Qaeda in Syria finished their UN fabrication statements, Reuters ran with an impressive headline, that “two-thirds” of the Security Council wants an “inquiry” into “attacks” on hospitals that do not exist, according to international law, and the UN’s own charter (though “two-thirds” sounds like a lot, Reuters is actually speaking of the P3 bullies running the UN: UK, US, and France.

Two-thirds of U.N. Security Council ask U.N. chief for Syria hospital attacks inquiry

Michelle Nichols

UNITED NATIONS (Reuters) - Two-thirds of the United Nations Security Council - including the United States, Britain and France - asked Secretary-General Antonio Guterres on Tuesday to investigate attacks on U.N.-supported medical facilities in northwest Syria, diplomats said.

Reuters also threw in a weird claim which completely contradicts Ambassador Jaafari's statement on hospitals and the humanitarian situation in his country, on 16 June. His full statement in Arabic and English is found [here](#). The bizarre claim, however, afforded the opportunity to quote the English ambassador to the United Nations, Karen "New Sykes-Picot or Bust" Pierce, in spewing more lies about the Syrian Arab Republic.

The new onslaught of criminal propaganda against Syria comes as the Syrian Arab Army continues to liberate "[every inch](#)" of the country from NATO and [Gulfies](#) owned [terrorists](#). The re-opening of this dam of western sewage might be timed to break the US domestic fighting over the pros and cons of rat infestations in American cities — because everyone in the USA loves [Donald J. Trump](#) when he bombs Syrians for al Qaeda.
