Thank you for your outpouring of support following the [shockingly unjust decision](#) on 27 January 2021 by a French Court of Appeal to refer Dr. Hassan Diab to trial.

According to the French newspaper [Le Monde](#), the decision of the Court of Appeal is “exceptional, because never before, in terrorist matters, had they opposed the investigating judges: in 2018 the latter had decided to dismiss the case.”

This is further evidence of the political nature of the decision which flies in the face of evidence and the findings of the investigating judges. Instead of sacrificing Hassan as an innocent scapegoat, French authorities would better serve the victims and their families by trying to find the true perpetrators of the awful 1980 crime.
