It's true! President Barack Obama beat Russia's President Putin to the punch by recognizing the right of Donbass to ascend to the fraternity of nations first. He has unwittingly reaffirmed this every year he has been in office.

[The Captive Nations Week Resolution](#) passed by both the Senate and House of Representatives in 1959 and reissued as a Presidential Proclamation every year for the last 56 years (also known as Public Law 86-90) affirms the RECOGNITION of the “Don” ([Donetsk and Lugansk Peoples Republics are core countries of a Cossackia](#)) as well as a future Zaporozhyian Republic (currently Zaporozhye Oblast).

Cossackia is the American geopolitical term describing the regions where Cossacks lived in the former USSR and Russia. This proclamation is still CURRENT US law and tradition.

Written by Neo-Nazi leader Stepan Bandera’s follower [Lev Dobriansky](#) under the tutelage of Yaroslav Stetsko (Bandera’s 2nd in command), [Dobriansky as president of the UCCA \(Ukrainian emigre lobby\)](#) included a future nation or nations GENERALLY known as Cossackia in the unanimously passed proclamation made into law.

Stepan Bandera

Included in the text of the Proclamation- Public Law 86-90 is “Whereas the imperialistic policies of Communist Russia have led,, through direct and indirect aggression, to the subjugation of the national independence of Poland, Hungary, Lithuania, Ukraine,... Cossackia ...”

The United States of America was 1st to Recognize Independent Donbass Republics Independence.

Ukraine and Cossackia (Donbass and Zaporozhye) are listed in the proclamation as separate countries and separate peoples. Both have equal status under US law as having a right to exist. Both nations were preemptively recognized by the United States in 1959.

As late as July 17th 2015, [President of the United States, Barack H. Obama reaffirmed his commitment to this proclamation, subsequent law, and thereby Donbas by proclaiming ...](#)

”we have striven to realize the promise of our Nation and cement our reputation as a beacon of opportunity throughout the world, we have also fought to expand democracy’s reach — because we believe that self-determination is not just a Western value but a universal value, and that all people in all nations have the right to choose their own destiny.

Decades later, upholding peace and security continues to be the responsibility of every nation. During Captive Nations Week, we stand in solidarity with those who still yearn for a stake in their future, and we renew our commitment to advancing freedom’s cause...

[The Congress, by joint resolution approved July 17, 1959 \(73 Stat. 212\), has authorized and requested the President to issue a proclamation designating the third week of July of each year as “Captive Nations Week.”](#)

NOW, THEREFORE, I, BARACK OBAMA, President of the United States of America, do hereby proclaim July 19 through July 25, 2015, as Captive Nations Week.

- Why Would Stepan Bandera and the UCCA Recognize Donbass and the Cossack Peoples as Independent Nations?
- Why did the nazi Banderites recognize an independent Donbass and Zaporozhye?

Why did the UCCA which is now driving the war in Donbas DEMAND that Cossackia be included in the proclamation at all if it was part of Ukraine?

To quote the late great philosopher Vinnie the Lech *"Hey! Are Dey Jus Faakeeng Stupeed?"*

When the Bolshevik revolution occurred the Cossack nations became persona non grata in Soviet Russia. The Cossacks and especially the Don Cossacks were the Tzars personal army and bodyguard. They led the fight to defend the Czar of Russia.

Under the first nationalist government set up in what is now Ukraine, the nazi leader Simon Petlura signed an agreement with the Cossacks in Kuban to join his country. This is the basis for Ukrainian claims that Kuban belongs to them. The agreement was never ratified. [After murdering over 50,000 people Petlura was forced into exile.](#)

After this to punish the Cossacks, Lenin ordered Donbass under the administrative jurisdiction of Soviet Ukraine. These Cossacks are the only group listed on the Captive Nations Proclamation in Eastern Europe that did not fight for Adolf Hitler. They are the people of Donbass and Zaporozhye.

To Finish the Maidan Revolution Ukraine Will Dissolve

About 80 years ago Stepan Bandera promised every nazi exile group which supported him they would gain their own country at the defeat of the Soviet Union and now Russia. Starting with [the Promethean groups which he absorbed](#), Bandera cobbled together what became a series of the most powerful lobbies in history. [The first was the China Lobby.](#) The practice is still used today by Banderites world wide.

The problem the Banderites didn't count on was that these groups want the piper paid. They did their job and now the Eastern European groups want their own countries. [The Transcarpathians have been demanding this since May 2014.](#) Some want the area returned to Hungary, others want an independent Ruthenia. [Even Galicia, the capital of Banderite nationalism wants autonomy from Kiev.](#)

The ethnic Romanians are demanding autonomy from Kiev.

["A group of ethnic Romanians in western Ukraine have demanded autonomy from Kiev amid dissatisfaction with the nation's internal security and economic situation, according to a report Thursday."](#)

[Bessarabia and Odessa want autonomy to protect their citizens also.](#) Bulgarians, which make up the second largest nationality in Bessarabia are concerned about discrimination and security. **Over the last year most of Ukraine has been making the same overtures.**

Propaganda from the Ukrainian Junta

The propaganda the Ukrainian government has been filling the airwaves with is failing. [The Ukrainian info war with NATO's help is failing](#) on the home front no matter well it plays in the west. Nedilya UA recently did a poll asking Ukrainians which leader they would trust to lead the country. Even though the Ukrainians are constantly barraged with a "Russian invasion," President Vladimir Putin led the poll with 84% of the vote. [The highest ranked Ukrainian, President Poroshenko got 1%.](#)

What this Means for Ukrainian Nationalists in Kiev, America, and Canada

The writing is on the wall so to speak. When the Ukrainian émigrés wake up to the fact that they aren't even Ukrainian but actually Russyan, Bukovinian, Romanian, Hungarian, and Galician and their real family ties are now being threatened and oppressed by the same Banderites they supported all these years- what do you think they'll say?

[According to Wasyl Veryha former Ukrainian World Congress president- read how he describes the populations of émigrés from "Ukraine](#)

"In fact, the diverse nomenclature for the Ukrainian ethnic group caused a great deal of confusion not only at the turn of the century but also at a later period (through the 1930's). The people of the province of Galicia and Bukovina, generally called themselves "Rusyny" (Ruthenians), Galicians, Bukovinians and Austrians... the Greek Catholic Church, to which at that time the overwhelming majority of Ukrainian immigrants adhered, preferred the term "Ruthenian"...both within the Austrian and the Russian Empires where the term "Ruthenian" and "Little Russian" respectively had begun to give way to the new, but at the same time old term, "Ukrainian"(person on the borderlands), as a national designation...**The paper (Ukrainian Voice) was really a pioneer in transforming the "Austrians", Ruthenians", "Galicians" and "Bukovinians" into Ukrainians..** It popularized the term "Ukrainian" as a replacement for "Ruthenian." Can Poroshenko or Yarosh Legitimately Claim the Bandera Mantle?

In October 1959 the Ukrainian nazi leader Stepan Bandera was assassinated by a fellow Galician.

[The summer of 1959's Captive Nation Proclamation was the last act of Stepan Bandera.](#) Can Yarosh or Poroshenko claim his mantle and ignore his last act? Does the war and persecutions in Ukraine which are now spreading west make them traitors to Bandera? They are both overseeing the destruction of Ukraine because they are ignoring the compact Stepan Bandera made with the entire emigre world.

What will their supporters say when they realize the US government will drop them like a hot potato rather than for individual Senators and Congressmen being investigated for breaking a law they affirm every year?

[Will the American "almost" Ukrainians still risk breaking Federal Law and doing prison time?](#) Sending money to purchase weapons is a jail term when prosecuted.

The Honor of the US President

According to President Barack Obama and the US Congress, the honor of the USA is at stake in holding up the Captive Nations Proclamation which they reaffirmed is the law of the land. Perhaps the president didn't know where Cossackia was? Perhaps Jen Pisaki gave him a geography lesson.

I simply pointed out when Congress and the President reaffirmed the proclamation, they beat Russia's president Putin to the punch by recognizing Donetsk and Lugansk Peoples Republic first. With it enshrined in our law should Europe continue to do as you say and not

as you do?

Should Mr. Obama call Mr. Putin and invite him to recognize the republics too?

Now its time to live up to our obligations. We must stop funding the murder of Donbass people.
