

US War Department Vaccination Cards

All vaccines are hazardous to human health.

It's why they should be avoided, safe alternatives chosen for protection.

Rushed development, inadequately tested, covid vaccines will be especially dangerous.

In what ways and to what extent will only be known in the fullness of time after mass vaxxing begins.

Inoculated individuals will be unwitting guinea pigs in a widespread experiment with human health and social control.

On Wednesday, the US war department revealed images of covid vaccination cards — to be given to every American vaxxed.

A previous article asked if they'll be required for employment, attending school, air travel, other public transportation, hotel reservations, restaurant dining, in-store shopping, attending a sporting event, and other social interactions?

Will daily lives and routines no longer be possible without proof of covid immunity from hazardous to human health vaxxing?

On Wednesday, noted microbiologist **Dr. Sucharit Bhakdi** said the following about covid vaccines:

When available in the coming weeks, they'll be "downright dangerous (and will send you) to your doom."

He called **Anthony Fauci's** claim about 75% of Americans needing to vaxxed against covid to achieve herd immunity "utter nonsense," adding:

"Someone who says this has not the slightest inkling of the basics of immunology."

According to National Institute of Allergy and Infectious Diseases expert Dr. Emily Erbeling, vaccine development typically takes from 8 to 10 years.

Fast-tracked development of covid vaccines will involve "not looking at all the data."

AMA president **Dr. Susan Bailey** said that the number of physicians expressing concern about covid vaccines is "unprecedented."

Polling data show that around 50% of Americans are concerned about the safety of covid vaccines.

According to Langer Research for the NAACP:

Only 14% of African Americans and 34% of Latinos believe that covid vaccines will be safe.

Only 19% of African Americans trust drug companies. Less than one-third believe that the FDA “look(s) after their interests.”

The Pentagon reportedly will distribute millions of vaccination kits — to include a vax card certification of inoculation.

In cahoots with the CDC and Big Pharma, the so-called Immunization Action Coalition “works to increase immunization rates” by promoting hazardous to human health mass vaxxing.

Its associate director Dr. Kelly Moore is promoting the idea of vax cards to keep track of everyone vaxxed for covid.

The information will be sent to state and federal registries — the latter to the US Centers for Disease Control and Prevention.

Will unwilling to be vaxxed individuals be tagged as non-compliers?

Will they be penalized as explained above and perhaps additionally in other ways?

What’s going on is part of a diabolical plot to continue eroding fundamental freedoms.

Things are heading toward eliminating them altogether on the phony pretexts of protecting human health and national security.

The nation I grew up in long ago is being systematically transformed into a dystopian society only mass activism in the streets has a chance to prevent.

So-called Operation Warp Speed (OWS) is part of the diabolical plot.

It’s a secretive public/private partnership (involving the war department, HHS, DHS, and Big Pharma) in support of mass vaxxing against made-in-the-USA covid.

It’s a form of seasonal flu/influenza, an annual pandemic with no fear-mongering/mass hysteria, no ineffective hazardous to health face masks, no social distancing, or lockdowns causing economic collapse, mass unemployment, and impoverishment of millions — no totalitarian social control.

OWS reportedly intends mass surveillance of mass vaxxed Americans, likely non-compliers to be tagged for unwillingness to go along with the herd.

Tech giants Google and Oracle reportedly are involved in the mass surveillance scheme.

According to Dr. Joseph Mercola, OWS “resurrected (the Orwellian) Total Information Awareness — TIA — scheme).”

It was “devised after the September 11 attacks that was quickly defunded following public backlash over privacy concerns.”

“Is total surveillance set to become the new normal,” Dr. Mercola asked?

OWS is “being directed by (the US) military, (DHS), technology companies and US intelligence agencies...rather than (by) public health officials.”

On the phony pretext of combatting a strain of seasonal flu called covid, mass vaxxing, mass surveillance, and likely other draconian steps will be part of an unacceptable Orwellian new normal.

According to Humans Are Free.com:

“OWS architects and proponents have worked to justify these extreme and invasive surveillance programs by marketing this agenda as the ‘solution’ to whatever Americans are most afraid of at any given time.”

“It has very little to do with ‘public health’ and everything to do with total control.”

It’s also about letting Big Pharma cash in big for greater profits and stock market valuations.
