The U.S. Congress just approved 25 anti-Chinese laws with bipartisan votes. A massive spend of \$1.6 billion of our tax dollars to pay for a wave of anti-China propaganda. Cold War fervor is reaching fever pitch. Why? If you know the corporate media and both political parties lie about Palestine, why believe their lies about China?

This full day event, on Sunday, Sept. 29, will discuss why China is in the crosshairs of U.S. imperialism. Speakers will compare China's approach of aiding development for the Global South, support for national liberation movements and the U.S. approach of endless wars, repression and sanctions.
