Excerpts from the Preface of Michel Chossudovsky's E-Book.

"The fear campaign has served as an instrument of disinformation.

Media lies sustained the image of a killer virus which initially contributed to destabilizing US-China trade and disrupting air travel. And then in February "V- the Virus" (which incidentally is similar to seasonal influenza) was held responsible for triggering the most serious financial crisis in World history.

And then on March 11, 2021 a lockdown was imposed on 193 member states on the United Nations, leading to the "closure" of national economies Worldwide.

Unprecedented in history, applied almost simultaneously in a large of number countries, entire sectors of the World economy have been destabilized. Small and medium sized enterprises have been driven into bankruptcy. Unemployment and poverty are rampant.

Famines have erupted in at [least 25 developing countries](#) according to UN sources.

The mental health of millions of people Worldwide has been affected as a result of the lockdown, social distancing, job losses, bankruptcies, mass poverty and despair. The frequency of suicides and drug addiction has increased Worldwide.

"V the Virus" is said to be responsible for the wave of bankruptcies and unemployment. That's a lie. There is no causal relationship between the (microscopic) SARS-2 virus and economic variables.

It's the powerful financiers and billionaires who are behind this project which has contributed to the destabilization (Worldwide) of the real economy.

And there is ample evidence that the decision to close down a national economy (resulting in poverty and unemployment) will inevitably have an impact on patterns of morbidity and mortality.

Since early February 2020, the Super Rich have cashed in on billions of dollars.

Amply documented it's the largest redistribution of global wealth in World history, accompanied by a process of Worldwide impoverishment.

The fear campaign prevails. And people are now led to believe that the corona vaccine sponsored by their governments is the "solution". And that "normality" will be restored once the entire population of the planet has been vaccinated.

The SARS-CoV-2 Vaccine

How is it that a vaccine for the SARS-CoV-2 virus, which under normal conditions would take

years to develop, was promptly launched in early November 2020? The mRNA vaccine announced by Pfizer is based on an experimental gene editing [mRNA technology which has a bearing on the human genome](#).

Were the standard animal lab tests using mice or ferrets conducted?

Or did Pfizer [“go straight to human “guinea pigs.”](#) Human tests began in late July and early August. “Three months is unheard of for testing a new vaccine. [Several years is the norm.](#)”

Our thanks to Large and JIPÉM

This caricature by Large + JIPÉM explains our predicament:

Mouse No 1: “Are You Going to get Vaccinated”,

Mouse No. 2: Are You Crazy, They Haven’t finished the Tests on Humans”

And why do we need a vaccine for Covid-19 when both the WHO and the US Center for Disease Control and Prevention (CDC) have confirmed unequivocally that Covid-19 is “similar to seasonal influenza”.

The plan to develop a vaccine is profit driven. It is supported by corrupt governments serving the interests of Big Pharma. It’s Big Money for Big Pharma, generous payoffs to corrupt politicians, at the expense of tax payers.
