## **UPDATE**

***The good news** is that Joe Biden has confirmed that he is ending his campaign for president.*

***The bad news** is that he has refused to resign. He will not be standing down from the White House until the instatement of a new president on January 20, 2025.*

## **The World is in Chaos. Biden Refuses to Resign**

**Look forward to six full months of erroneous and irresponsible decisions including the repeal of diplomacy and peace initiatives**, the deployment of advanced weapons systems against Russia, China and Iran, not to mention Israel’s genocide against Palestine.

Moreover: No leadership within NATO will be exerted to prevent NATO member states including France and Germany from attacking Russia unilaterally.

## **A World War III scenario is currently on the drawing board of the Pentagon.**

A new generation of **gravity nuclear bombs, namely the B-61-13** has recently been launched. the B61-13 has a **maximum yield of 360 kilotons**, or 24 times more devastating than the bomb dropped on Hiroshima. They are to be deployed in Western Europe.

Biden shrugs his shoulders. He believes that climate rather than nuclear war constitutes the “existential threat”.

“We have a crazy SOB like that guy [Russian President Vladimir] Putin and others, and **we always have to worry about nuclear conflict, but the existential threat to humanity is climate.**” (quoted in the WP)

**The threat is Climate according to Biden:**

What this means is that under “Dangerous President” Biden: Nuclear War is on the Table.

CLIMATE POLICY

# Biden says global warming topping 1.5 degrees in the next 10 to 20 years is scarier than nuclear war

PUBLISHED MON, SEP 11 2023-1:15 PM EDT | UPDATED MON, SEP 11 2023-3:09 PM EDT

“The global temperature rising more than 1.5 degrees Celsius in the next two decades is scarier than a nuclear war, said President Joe Biden on Sunday in Vietnam.

“The only existential threat humanity faces even more frightening than a nuclear war is global warming going above 1.5 degrees in the next 20 – 10 years,” [Biden said at a press conference at the JW Marriott Hotel Hanoi](#) on Sunday.

“That’d be real trouble. There’s no way back from that,” Biden said, [according to a White House transcript of the press conference.](#)”

**Moreover, the 1.3 trillion budget allocated to nuclear weapons** (which nobody talks about) is slated to increase to **2 trillion by 2030**. Imagine that is **2,000 billion dollars**. **That is Biden’s Legacy:** a massive amount of money which could be **allocated to economic and social development, including hospitals, schools, urban infrastructure, social programs, employment creation and poverty alleviation.**

“**If Joe Biden is not fit to run for President, he is not fit to serve as President.** He must resign the office immediately. November 5 cannot arrive soon enough,” House Speaker **Mike Johnson, R-La.**, said in a statement shortly after Biden revealed his decision.”

Democrats do not seem to acknowledge that Biden –if he fails to step down–, will continue creating chaos and disaster in the course of the next six months.

While they welcome his resignation:

“**....[none of the Democrats] have pushed for him to quit the presidency early. The skeptical Democrats have not taken issue with Biden’s ability to do the job,** but rather with his declining communication skills and ability to wage a vigorous campaign leading into November after his poor debate performance.”

In other words they have casually dismissed the fact that if he stays in office until January 2025, he will in all likelihood create havoc. It’s not just him, it’s his entire administration.

He is also there to oversee the Dems manipulation of the November election.

He will ensure sabotage of the peace initiative of Donald Trump and incite the unthinkable with regard to the use of nuclear weapons. Also the Biden White House will no doubt also be involved in regard to the investigation of the failed assassination of former President Donald Trump.

While Biden has refused to resign, he has [endorsed Vice President Kamala Harris](#) to be the Democratic presidential nominee. Just a couple of weeks ago (July 11), at a press conference, Biden with assurance and acuity stated that:

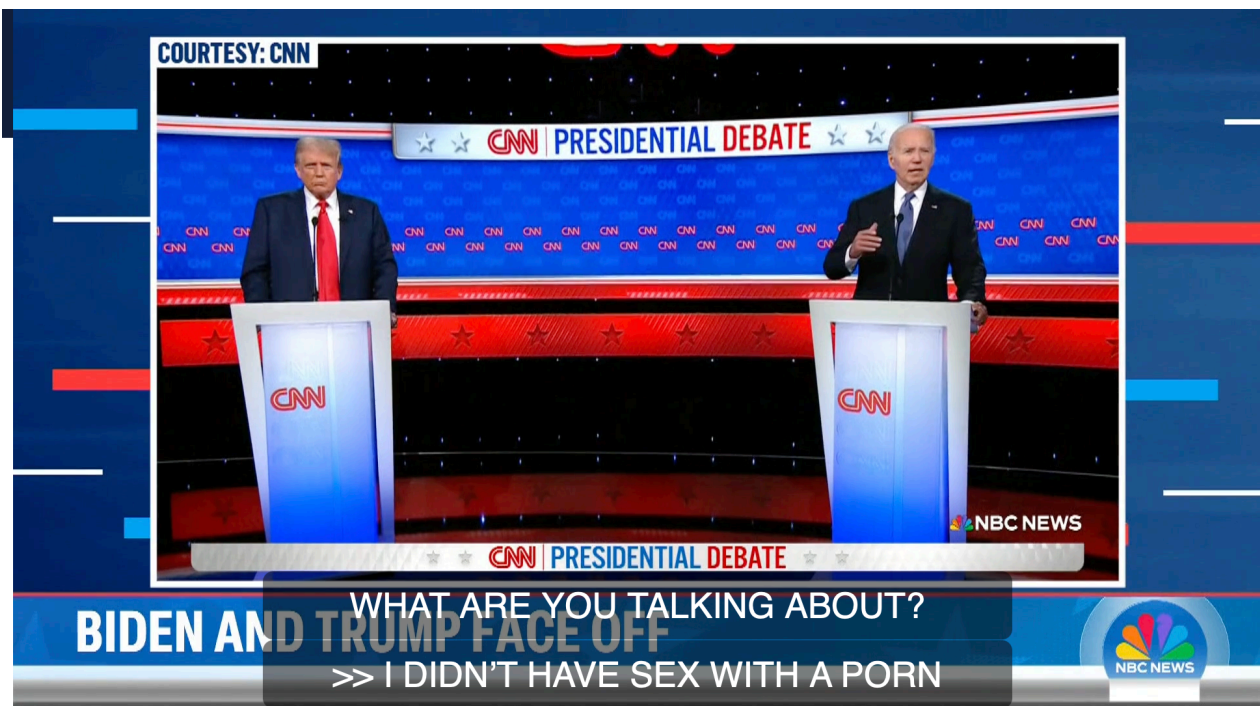

Look, I wouldn't have **picked Vice President Trump to be vice president if I didn't think she was not qualified to be vice president.** [pic.twitter.com/TqqSKBsyQu](https://pic.twitter.com/TqqSKBsyQu)

While Biden's decision to withdraw comes amid concerns over his statements, his disastrous [debate performance](#) in June against former President Donald Trump is on record:

## 'Babbling' and 'hoarse': Biden's debate performance sends Democrats into a panic

The president often had a weak, raspy voice during his first debate against Trump in what Democrats had hoped would be a turning point in the race.

“When Zelensky took the microphone, he said, “**I’m better**” than Putin.

Biden responded, “**You’re a hell of a lot better.**”

Biden has repeatedly voiced his disdain for the war in Ukraine and called for a united approach to supporting Ukrainians. He has called Putin a bully and warned that if he is not stopped and if he wins Ukraine, the war will only continue. (Daily Beast)

Biden also referred to Putin as a “**murderous madman**”

At the Press Conference, **Biden called his own Vice President Kamala Harris, “Vice President Donald Trump,”** (see below) at a time when he had to prove to the world that he was fit to serve another four years in office.

Q: “What concerns do you have about Vice President Harris’ ability to beat Donald Trump if she were at the top of the ticket?”

# Biden's blunders: Ukrainian President Putin, Vice President Trump

The Independent July 12, 2024 WORLD Leave a comment

**Biden**

**WASHINGTON, THE UNITED STATES | TASS** | US President Joe Biden made two huge gaffes during his speech in Washington D.C. following the NATO summit: first, he referred to his Ukrainian counterpart Vladimir Zelensky as “President Putin” when introducing him. Then, Biden mixed up the names of US Vice President Kamala Harris and former White House chief Donald Trump.

## Moscow Reacts

“We continue to consider it absolutely unacceptable and impermissible behavior for a head of state to make such disrespectful remarks about other heads of state,” said Kremlin spokesman Dmitry Peskov, referring to remarks Biden made on Putin...

“This is unacceptable to us, and we don’t think it in any way makes an American head of state look good. This is something that we pay direct attention to and something that is absolutely unacceptable to us,” he added.

According to the Guardian:

**Joe Biden has accidentally introduced the Ukrainian president, Volodymyr Zelenskiy, as “President Putin” in a gaffe that will fuel further concerns about his mental acuity that have [threatened to scuttle his presidential campaign](#).**

Biden made the mistake while flanked by [Nato](#) leaders during a signing ceremony alongside Zelenskiy on the final day of the Nato summit in Washington. It came just an hour before a rare press conference by Biden that has been called “make-or-break” for his campaign, **as a growing number of political allies and donors have been calling for him to drop out of the race.**

A number of European leaders began clapping hesitantly. German chancellor Olaf Scholz and Italian prime minister Giorgia Meloni turned their heads in surprise as Biden mentioned the Russian leader, while other European leaders broke into an awkward smattering of applause.

... The remark elicited gasps in a press centre, where hundreds of journalists were watching the remarks live on an internal television feed. A number of people in the room shouted out “Zelenskiy” to correct Biden’s mistake, after which he returned to the podium. (emphasis added)

## “Mixing Things Up”

What would happen **if Biden were to get his targeted countries or his weapons systems mixed up.**

“America’s new “[B61-13 nuclear gravity bomb](#). I thought it was a kalachnikov”. (paraphrase)

“When you are talking about war, you are talking about peace” (the quote is from GWB, it was plagiarized by Joe Biden. Or has it become a U.S foreign policy consensus?

Biden’s mental acuity cannot be categorized as “fraudulent”. What is **deceitful and fraudulent** is the outright conduct of “**political plagiarism**” (1988). (see video below) not to mention his candid admission:

**The above statement is not plagiarism: it’s from the Horse’s Mouth**, namely Biden himself.

It reveals the criminal behavior and personality of Joe Biden from the outset of his political career.

**And he is certainly not the only one!**

And there is much more...

including a “positive quotation” by the outgoing President of the United States (which we can tentatively endorse):
