***Dr. Peter McCullough** is an internist, cardiologist, and professor of Medicine at Texas A&M University. He is an academic doctor who sees patients but is also very involved in research. He is editor of two major journals and the most published person in the field of heart and kidney research.*

In the video below, Dr. McCullough appeared before the Senate Committee on Health and Human Services talking about the dropping and silencing of any information on COVID-19 treatment while Operation Warp Speed went at full tilt for vaccine development.
