Highlights:

“...The vaccination turned out to be the greatest blessing for the money and world’s elites, for the pharmaceutical industry and politics. They could pursue their own interests, under the common slogan “Everything for public health”, “everything for the well-being of the general public”. To achieve this goal, they created the WHO. This non-democratically elected people, basically a private association that is in the process of gaining power over the healthcare system in the 190 Member States” “

Kevin McKernan discovered that this crucial step of removal of plasmid DNA had not been carried out conscientiously. Huge amounts of plasmid DNA have been found in packaged form. This ensured their successful delivery to the cells. Kevin’s discovery has now been confirmed in several other laboratories, Also in Germany. Large amounts of DNA contamination were found in all 27 batches examined so far. Four weeks ago, the Canadian medical authority even confirmed the discovery of plasmid DNA. However, the authority does not see this as a sufficient reason for to withdraw the approval. By the way, question for the interested public, has the responsible German authority, the Paul Ehrlich Institute of the Federal Ministry of Health carried out reliable scientific measurements? Question, answer, no. Not to this day.”

“Who hasn’t heard about the mysterious sudden cardiac deaths occurring around the world? They are just the tip of an iceberg. Heart disease caused by vaccinations is on the agenda of young and old alike. Fortunately, to save the honor of German science, well-known pathologists stood up and carried out the world’s first research work, who discovered the connection between vaccination and severe organ damage. Professor Arne Burkhardt, who recently tragically died in an accident, and his dear friend Professor Walter Lang, who spoke to you today. Dr. Michael Mörz in Dresden and the world-famous Professor Peter Schiermacher, director of the Institute of Pathology at Heidelberg University. Thanks to their work, it is now scientifically proven. And so it says in this work from Peter Schiermacher’s group, Literally, it has been proven beyond a doubt that vaccination can lead to fatal myocarditis.” “

Anyone who praises RNA vaccines as safe and effective, Anyone who claims that vaccination rarely causes serious side effects is either incredibly ignorant or infinitely evil. And they are committing a crime. Just like everyone who actively or passively pursues and supports this vaccination. Because it is now scientifically proven that vaccination can only have negative effects and this to a life-threatening extent.”

The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow

human beings and our children worldwide. Truth is a powerful instrument.”

Reviews

This is an in-depth resource of great interest if it is the wider perspective you are motivated to understand a little better, the author is very knowledgeable about geopolitics and this comes out in the way Covid is contextualized. —Dr. Mike Yeadon

In this war against humanity in which we find ourselves, in this singular, irregular and massive assault against liberty and the goodness of people, Chossudovsky’s book is a rock upon which to sustain our fight. -Dr. Emanuel Garcia

In fifteen concise science-based chapters, Michel traces the false covid pandemic, explaining how a PCR test, producing up to 97% proven false positives, combined with a relentless 24/7 fear campaign, was able to create a worldwide panic-laden “plandemic”; that this plandemic would never have been possible without the infamous DNA-modifying Polymerase Chain Reaction test - which to this day is being pushed on a majority of innocent people who have no clue. His conclusions are evidenced by renown scientists. —Peter Koenig

Professor Chossudovsky exposes the truth that “there is no causal relationship between the virus and economic variables.” In other words, it was not COVID-19 but, rather, the deliberate implementation of the illogical, scientifically baseless lockdowns that caused the shutdown of the global economy. -David Skripac

A reading of Chossudovsky’s book provides a comprehensive lesson in how there is a global coup d’état under way called “The Great Reset” that if not resisted and defeated by freedom loving people everywhere will result in a dystopian future not yet imagined. Pass on this free gift from Professor Chossudovsky before it’s too late. You will not find so much valuable information and analysis in one place. -Edward Curtin
