At the time of writing (November 3, 2023) Israel's genocidal bombing of Palestinians in Gaza has resulted in 9,227 deaths.

The destruction and devastation are beyond description. The IDF has been instructed to target civilians. Schools, hospitals, churches and mosques are demolished. Victims include 3,826 children and 2,405 women.

In the words of Canadian journalist [Andrew Mitrovica](#),

*"This is not an onslaught. It is not an invasion. It is not even a war. It is a genocide."
...The monstrous plan is as plain as Netanyahu's wretched character: Be done with Gaza by erasing Gaza."*

It's a criminal undertaking based on Israel's 2001 doctrine of Justified Vengeance which is currently confirmed by a Secret Intelligence Memorandum (October 13, 2023) which was leaked and made public. [An official "secret" memorandum authored by Israel's Ministry of Intelligence](#):

"is recommending the forcible and permanent transfer of the Gaza Strip's 2.2 million

Palestinian residents to Egypt's Sinai Peninsula", namely to a refugee camp in Egyptian territory.

Only a fraction of Gaza's 2.2 million will be transferred to the Sinai. The vast majority of Palestinians in Gaza will be the object of the IDF bombing campaign.

"Secret" bilateral negotiations are on record between Israel-Egypt (initiated in 2021-22) as well as routine consultations with the Pentagon. The "Wiping Gaza of the Map" is actively supported by the US-NATO Military and Intelligence Apparatus.

The 10-page secret document referred to above, dated Oct. 13, 2023, of Israel's Intelligence Ministry recommends

“a full population transfer as its preferred course of action”.

5. The three options under examination are:
- a. Option A: The population remaining in Gaza and the import of Palestinian Authority (PA) rule.
 - b. Option B: The population remaining in Gaza along with the emergence of a local Arab authority.
 - c. Option C: The evacuation of the civilian population from Gaza to Sinai.
6. From an in-depth look at the options, the following insights can be derived:
- a. **Option C - The option that will yield positive, long-term strategic outcomes for Israel, and is an executable option. It requires determination from the political echelon in the face of international pressure, with an emphasis on harnessing the support of the United States and additional pro-Israeli countries for the endeavor.**
 - b. **Options A and B suffer from significant deficiencies**, especially in terms of their strategic implications and the lack of long-term feasibility. Neither of them will provide the necessary deterrent effect, will not allow for a mindset
