*This GRTV video produced by **James Corbett** was first published in July 2016 prior to the Democratic Convention. It described the dangers underlying Hillary Clinton’s candidacy for the White House.*

*Leading lights of the so-called “progressive” movement including Chomsky and Bernie Sanders argued in the months prior to the election that it was the Left’s duty to vote for this neocon warmonger, **committed to using nuclear weapons against non-nuclear states.***

“The nuclear option is on the table”, said Hillary.

Flash Forward to June 2024:

Nuclear war is still on the table under **Joe Biden.**

It is firmly endorsed by America’s European allies.

“President Biden has authorized Ukraine to conduct limited attacks inside Russia with American-made weapons, US officials said. Some US allies have already gone further.

“France has tested a new air-launched nuclear missile and has allocated 13% of its military budget to upgrading its nuclear weapons. (Manlio Dinucci, June 2024)

The expansion of NATO to Russia’s borders is “very, very dangerous,” Caldicott said.

“There is no way a war between the United States and Russia could start and not go nuclear. ... The United States and Russia have enormous stockpiles of these weapons. Together they have 94 percent of all the 16,300 nuclear weapons in the world.”

“We are in a very fallible, very dangerous situation operated by mere mortals,” she warned.

“The nuclear weapons, are sitting there, thousands of them. They are ready to be used.” (Helen Caldicott)
