Damned if you do, damned if you don't. If you do get the vaccine and get injured because of it as a result, they will fire you for being too injured to work. If you don't get it, they won't allow you to work anyway.

Whether you're vaccinated or not, the government is planning to make everyone lose their jobs to destroy the economy and kill off the masses for the Great Reset.

The idea for this video came from me making a comment on a bitchute channel known as covid vax injuries, where I saw a video about a woman who is not allowed to work anymore because of her vaccine injury.

However, her job required the vaccine to begin with. Do you see how this makes no sense?

They won't allow you to work for being unvaccinated but then they'd also fire you for being vaccinated when the side effects start to kick in.

The government wants you to be jobless. They want you to have nothing, not even your own life. They will try to forcibly starve you to death, all for the new world order.

This is what the World Economic Forum with Klaus Schwab are trying to do to all of us.

They want a smaller population because a smaller population will always be easier to control than a bigger one.

Also, I heard about the vaccine mandate for the American military being rescinded but who's to say that they won't just reinstate it later?

And the damage has already been done, millions of military members will be crippled or killed by the vaccine if they aren't already.

Even at the beginning of this year, they were still firing service men and women for being unvaccinated.

They will do this again.

The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”

Reviews

This is an in-depth resource of great interest if it is the wider perspective you are motivated to understand a little better, the author is very knowledgeable about geopolitics and this comes out in the way Covid is contextualized. —Dr. Mike Yeadon

In this war against humanity in which we find ourselves, in this singular, irregular and massive assault against liberty and the goodness of people, Chossudovsky's book is a rock upon which to sustain our fight. -Dr. Emanuel Garcia

In fifteen concise science-based chapters, Michel traces the false covid pandemic,

explaining how a PCR test, producing up to 97% proven false positives, combined with a relentless 24/7 fear campaign, was able to create a worldwide panic-laden “plandemic”; that this plandemic would never have been possible without the infamous DNA-modifying Polymerase Chain Reaction test – which to this day is being pushed on a majority of innocent people who have no clue. His conclusions are evidenced by renown scientists.
—Peter Koenig

Professor Chossudovsky exposes the truth that “there is no causal relationship between the virus and economic variables.” In other words, it was not COVID-19 but, rather, the deliberate implementation of the illogical, scientifically baseless lockdowns that caused the shutdown of the global economy. –David Skripac

A reading of Chossudovsky’s book provides a comprehensive lesson in how there is a global coup d’état under way called “The Great Reset” that if not resisted and defeated by freedom loving people everywhere will result in a dystopian future not yet imagined. Pass on this free gift from Professor Chossudovsky before it’s too late. You will not find so much valuable information and analysis in one place. –Edward Curtin
