This is a rather long interview, with detailed analysis of the Covid-19 crisis

*Independent Journalist **Taylor Hudak** interviews **Prof. Michel Chossudovsky**.*

The topic of discussion are the many different ways in which the people are being deceived regarding COVID-19. The interview largely focusses on the process of economic destabilization and how it affects people’s lives Worldwide:

Worldwide, people have been misled both by their governments and the media as to the causes and devastating consequences of the Covid-19 “pandemic”.

The unspoken truth is that the novel coronavirus provides a pretext and a justification to powerful financial interests and corrupt politicians to precipitate the entire World into a spiral of mass unemployment, bankruptcy, extreme poverty and despair.

More than 7 billion people Worldwide are directly or indirectly affected by the corona crisis.”
