Patrick King has been trending on twitter due to a viral video where it is claimed that the province of Alberta rolled back on their lockdown measures as a result of Patrick’s court proceedings and this is not true as Patrick states. *I Wasn’t Successful, No I did Not Win The Court Case”.*

The outcome of this legal procedure was not in favour of Patrick King. *Although successful in the court of public opinion, Patrick did not win the court case, at least NOT YET. .*

The Alberta Government does not have a leg to stand on. The virus has not been isolated. They do not have the evidence.

There are a lot of people in Alberta and around the World who are Fighting against the Big Lie. Patrick King embodies the Truth.

Truth is a powerful peaceful weapon.

The covid narrative is very fragile. What we must achieve is to break the Big Lie.
