“My position on vaccines has always been that I’m not anti-vaccine, I’ve said that for 20 years.

The term “anti-vaxx” applied to me is a pejorative — to discredit me, to silence me, to make people not listen.

I’ve got fully vaccinated, I didn’t take the COVID vaccine but apart from that, I’m fully vaccinated. I take the flu vaccine every year. My seven kids are all fully vaccinated.

My issue has always been that I wanna get the pharmaceutical industry out of the regulatory process. I want to have good science so we have a very good information possible on efficacy issues and safety issues.”
