Robert F. Kennedy, Jr. spoke to hundreds of thousands in the streets of Berlin, Germany, August 29, 2020.

With Großer Stern Square and the Siegesäule Monument as a backdrop, Mr. Kennedy talked about government control by fear and spoke out against totalitarianism. He said the government and those with the greatest wealth and control have done a terrible job on public health and will shift us all to 5G and a cashless society.

He said that 5G is being pushed on us as a good thing but it will be used for surveillance and data harvesting.

*Mr. Kennedy added that the **COVID 19 pandemic is a crisis of convenience that is destroying the middle class, impoverishing us all, and it is making the powerful elite even more powerful.***

He closed with the message that we must protect our fellow-human beings, our vulnerable children and our freedoms and democracy!

Senta Depuydt, Officer of the New CHD-Europe Chapter, Berlin Rally Speech

Dear friends who came from all over Europe. Today we are here to give the world a powerful message.

Humanity can not and will not longer be ruled by a model based on threat and control.

Right here, right now, we can all refuse this.

Right here, right now, we can change the 'narrative'. We can create 'OUR new normal'.

We keep hearing the words 'Solidarity', compassion and equal rights in the mouths of politicians who try to separate and divide us. People who order fines, isolation, experiment

on our health and restrict all our freedoms. Those people are not philanthropists. They ask us to believe in a new religion called 'the scientific consensus', a fabricated dogma used by a corrupt cast called 'experts' who serve no other than their own interest..

Tracking and tracing are the tools of this inquisition. We know where this ultimately lead us to : Isolation, punishment and slavery.

We can choose to see things as they are, with the dangers and the opportunities they bear.

I believe history has given the German people this capacity and this responsibility.

So, I have some very good news to share, because today I am surrounded by brave people.

I am standing next to a man who is literally catching snakes with his bare hands. (Yes, watch it on instagram). Rattlesnakes hiding in the bushes of the californian valleys, and also more poisonous species who produce toxic drugs and pesticides and experiment them on humans and on nature.

This man acts with courage, passion, service and faith. That is true leadership, the capacity to inspire others by one's actions. That is what the Kennedy's have done, that is their legacy.

And today, today this man meets other men and women with the same values. All of you here who have come to show your true courage, your true solidarity, your true humanity. All of you who individually and collectively are peacefully manifesting your sovereignty.

I will call you all Berliners.

And as a European, as a mother, as an individual asking for the respect of my human rights I say that I am proud to 'a Berliner'.

Children's Health Defense Europe wants to become a Berliner alliance.

Thank you so much for joining us.

Grazie a tutti per la vostra presenza.

Hartelijk dank voor jullie aanwezigheid

Merci a tous de votre présence.

Gracias por su presencia.

Vielen Danke fur Ihren Anwesenheit
