*Student at the Lycée Valabre de Luynes-Gardannem, Aix-en-Provence, **Sofia Benharira** passed away on September 21, 7 days after having received the deadly Pfizer vaccine.*

This is happening all over the World: Children and adolescents are dying.

Either the media fails to report vaccine related deaths or it states (with authority) that the deaths are attributable to Covid-19.

#Yes, It's a “Killer Vaccine”

Crimes against humanity, crimes against our children. The media also bears responsibility.

And did you know that Pfizer has a criminal record with the US Department of Justice.

*The “vaccine poison” imposed at the level of the entire planet is produced by a pharmaceutical company which has been indicted by the US Department of Justice (2009) on charges of “**fraudulent marketing**”.*

The vaccine must be halted immediately.

May Sofia Benharira Rest in Peace. Her passing should send the following message to parents Worldwide:

Pfizer is killing our children. And our governments are being bribed by Big Pharma.
