Superpower is a well-executed and comprehensive film that asks tough questions and goes behind the scenes of America's national security apparatus and military actions. Far from a conspiracy film about the dangers of government secrets and regime change, this well-balanced film straddles the philosophical divide and allows viewers to understand the US quest for global dominance through economic and military strategy that is exposed through review of historical events, personal interviews, and analysis of US foreign policy.

"The only thing new in the world is the history you don't know." -Harry S. Truman
