We are at the crossroads of one of the most serious crises in World history. We are living history, yet our understanding of the sequence of events since January 2020 has been blurred.

Worldwide, people have been misled both by their governments and the media as to the causes and devastating consequences of the Covid-19 “pandemic”.

The unspoken truth is that the virus provides a pretext and a justification to powerful financial interests and corrupt politicians to precipitate the entire World into a spiral of mass unemployment, bankruptcy, extreme poverty and despair.

More than 7 billion people Worldwide are directly or indirectly affected by the covid crisis.

The fear campaign prevails. And people are now led to believe that Big Pharma’s mRNA “vaccine” is the “solution”. And that “normality” will be restored once the entire population of the planet has been vaccinated.
